

School Improvement Plan

Penny Antell
Elementary Principal - TES

SLO Goal

- 70% of the students in grades 2 - 5 will reach fluent proficiency by completing the set number of math facts for their grade level in addition, subtraction (2 - 5) and multiplication (4/5).
 - 93% of the students met the goal of timed assessments in Addition, Subtraction, and Multiplication. With a goal of 70% reaching proficiency, this goal has been exceeded well.

Annual Goal:

- 70% of students in TES grades 2-5 will meet or exceed the national average on the MAPS Math Assessment by Spring 2015.
 - 61.5% of the students were within the National Average
 - Fall 50.5% were below grade level. Now only 38.5% are
 - **Two grade levels scored beyond the National Average**

Annual Goal:

- Begin implementation of the RtI process.
 - Mitch, Jim Jaeger, and I met monthly much of the school year. We developed a process to be followed for RtI for upcoming years.
 - **A process has been developed and children with special needs have been identified.**

Why and How

- Exit Interviews
- Pacing Guides
- Student Learning Objectives
- Site Visits
- Book Study
- Intentional focus on Math instruction throughout the year
- Goal Setting based on assessment results
- Goal setting action plan and reflection in place
- Data analysis throughout the school year

Thank you!

It's been an incredible year of growth for staff and students.
