PREVIOUS BOARD ACTION:

The Board discussed TASB Update 89 policies as a workshop topic at the March 8, 2011 board meeting and had a first reading approval on April 26, 2011.

BACKGROUND INFORMATION:

Update 89's key focus was on reorganizing section "E" addressing Instructional policies. The section of "E" policies was reorganized due to new options available to students to earn credit through distance learning and the Texas Virtual School Network. New policies have been developed to address alternative methods for earning credit.

Additional policy changes in Update 89 include student admissions, academic assessments administered to students in DAEP, permissible physical education substitutions, adult education programs, board member vacancies and the board's rights and responsibilities regarding appraisal districts.

SIGNIFICANT ISSUES:

The district must have school policies that are consistent with current laws and appropriately communicate local policy issues. Policies are classified as either "Legal" or "Local" in design. A "Legal" policy is a statement of existing law or of binding legal decisions and as such do not require Board approval. Local policies are decisions made at the local level that reflect district decisions and practices and do require approval. Legal policies are always included in updates so local policy development occurs within the context of binding law.

BENEFIT OF ACTION:

To allow the Board to evaluate and ensure that these policies reflect the practices of the District.

PROCEDURAL AND REPORTING IMPLICATIONS:

The Board will review the proposed change in workshop setting and then formally conduct two readings with the second requesting final approval.

ALTERNATIVES:

The following options are available to the Board:

- continue to study the policy
- modify the existing language

- approve policies as written and submitted by TASB

SUPERINTENDENT'S RECOMMENDATION:

The Board approve on second reading the adoption of TASB Policy Update 89.
