Report Type: Daily Summary

Report Legend:

This report details the sales information of specific menu items based on the selected criteria. The summary option will display a count and dollar amount for all items served categorized by meal service.

Notes:

Partial Debit and Cash Sales are included as Sales, therefore Debit and Cash Totals in this report should not be compared to the Activity or Revenue reports.

Items sold at the same price type but at different prices are due to Grade Group Pricing and are displayed as a separate line item.
