RE: RETIREMENT

All members in the bargaining units receive retirement benefits under their respective Collective Bargaining Agreement (CBA). Ms. Sanchez, secretary to the Director of Food Service and Ms. Liddell, Director of Food Service has served the district collectively for more than 50 years. The two employees have submitted their retirement letter for June 30, 2018. Neither employee belongs to a bargaining unit.

Therefore, I wholeheartedly support a 6% increase in compensation per year (from the prior year) for Lucy Ms. Sanchez and Ms. Liddell. In addition, they should receive any additional benefits that are applicable and granted to members in the bargaining units.
