CLARIFICATIONS

1. Clarification: The net posts should be in sleeves set in concrete under the asphalt. If this is the case, the posts can be removed and the sleeves protected and re-used. This has been noted this on the demo and site plan sheets.
2. Clarification: Virgin asphalt shall be used. Refer to the clouded on sheet C201.
3. Clarification: PP refers to the existing power pole and guy wire.
4. Clarification: Base bid storm work is limited to the replacement of the two underdrain runs. If the video survey indicates additional damage, the owner, architect and engineer shall be notified. At that time additional work may be required – this would be outside of base bid.
5. Clarification: Regarding permitting, registration and inspections, contractors will need to be registered in both Brecksville and Broadview Heights. Broadview Heights shall be contacted to inspect any pipe repairs. Permits are not required for either city.
6. Clarification: The Bidders Conference attendees list is attached for reference.

REVISIONS

1. Revision: The 4" pvc storm note on sheet C301 was removed. This storm and underdrain is existing. The linetypes were changed to reflect this.
