To: R-P School Board Members

Re: New Business Agenda Item A.

Each school district is required to certify its proposed 2018 Payable 2019 property tax levy to its home county auditor by September 30, 2018.

We certify the levy at the maximum. The levy report is available from the state, but is not yet final. Revisions and changes can be made to the levy and the final levy will be certified by December 30. The specific levy information and approval of the final levy will be presented at the December 17 board meeting.
