

## **Superintendent and Staff Report**

### **Engage 161 Newsletter Update**

Excitedly, as an informational item for the BOE and for our audience, SHSD161 has developed a community newsletter called Engage161. The newsletter will be mailed home twice a year, once in the Fall, around October, and also in the Spring, around May/June. Our inaugural issue is with the printer now, with final edits being made, printing about to take place, and mailing to our homes and businesses within the next few weeks. We hope the Engage161 newsletter is informative, and something that will help communicate the 161 story, a story about how well our students are doing, the health of our school system, and much more.
