

## VIII. SUPERINTENDENT'S REPORT

# Action

Office of Assistant Superintendent Mrs. Kimberly Britton (TPSD Goal #1)

### Discussion and Consideration for Approval Summer 2013 Camp Possibility

presented by Mrs. Dale Warriner

Permission is requested for consideration and approval to offer a federally funded Camp Possibility to McKinney-Vento (homeless) students who are served by two shelters within the Tupelo Public School District, as well as students who are eligible, though not served by the shelters. Camp Possibility is a summer experiential camp that will serve students grades K-8. The experiential experiences include themed units with support in science and math curricular connections and focused field trips. Remediation and the relationships established will serve to strengthen the success for McKinney-Vento students. Students will arrive at 7:30 for breakfast and return home following lunch at 12:30, with the exception on Fridays when field trips will extend the time to 4:00.
