Item Title: Report on Board Led Community Meetings

Description:

The Lone Star Governance (LSG) framework provides an Implementation Integrity Instrument for Board self evaluation. The Advocacy component requires the promotion of the vision by the Board. The metric that the Board would use in this self evaluation requires that the board has a two-way communication system in place where Board members, at least once per year, listen for and discuss the vision of their families, staff, and community members.

Recommendation:

The Board President will report on the Board's progress as it pertains to this Advocacy component.

District Goal/Strategy:
