

## School Board

### Access to District Public Records

Full access to the District's *public records* is available to any person as provided in the Illinois Freedom of Information Act (FOIA), this policy, and implementing procedures. The Superintendent or designee shall: (1) provide the Board with sufficient information and data to permit the Board to monitor the District's compliance with FOIA and this policy, and (2) report any FOIA requests during the Board's regular meetings along with the status of the District's response.

### Freedom of Information Officer

The Superintendent shall serve as the District's Freedom of Information Officer and assumes all the duties and powers of that office as provided in FOIA and this policy. The Superintendent may delegate these duties and powers to one or more designees, but the delegation shall not relieve the Superintendent of the responsibility for the action that was delegated.

### Definition

The District's *public records* are defined as records, reports, forms, writings, letters, memoranda, books, papers, maps, photographs, microfilms, cards, tapes, recordings, electronic data processing records, electronic communications, recorded information and all other documentary material pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of the School District.

### Requesting Records

A request for inspection and/or copies of public records must be made in writing and may be submitted by personal delivery, mail, telefax, or email directed to the District's Freedom of Information Officer. Individuals making a request are not required to state a reason for the request other than to identify when the request is for a commercial purpose or when requesting a fee waiver. The Superintendent or designee shall instruct District employees to immediately forward any request for inspection and copying of a public record to the District's Freedom of Information Officer or designee.

### Responding to Requests

The Freedom of Information Officer shall approve all requests for public records unless:

1. The requested material does not exist;
2. The requested material is exempt from inspection and copying by the Freedom of Information Act; or
3. Complying with the request would be unduly burdensome.

Within five business days after receipt of a request for access to a public record, the Freedom of Information Officer shall comply with or deny the request, unless the time for response is extended as specified in Section 3 of FOIA. The Freedom of Information Officer may extend the time for a response for up to five business days from the original due date. If an extension is needed, the Freedom of Information Officer shall: (1) notify the person making the request of the reason for the extension, and (2) either inform the person of the date on which a response will be made, or agree

with the person in writing on a compliance period. The time periods are extended for responding to requests for records made for a *commercial purpose*, requests by a *recurrent requester*, or *voluminous requests*, as those terms are defined in Section 2 of FOIA. The time periods for responding to those requests are governed by Sections 3.1, 3.2, and 3.6 of FOIA.

When responding to a request for a record containing both exempt and non-exempt material, the Freedom of Information Officer shall redact exempt material from the record before complying with the request.

### Fees

Persons making a request for copies of public records must pay any and all applicable fees. The Freedom of Information Officer shall establish a fee schedule that complies with FOIA and this policy and is subject to the Board's review. The fee schedule shall include copying fees and all other fees to the maximum extent they are permitted by FOIA, including without limitation, search and review fees for responding to a request for a *commercial purpose* and fees, costs, and personnel hours in connection with responding to a *voluminous request*.

Copying fees, except when fixed by statute, shall be reasonably calculated to reimburse the District's actual cost for reproducing and certifying public records and for the use, by any person, of its equipment to copy records. In no case shall the copying fees exceed the maximum fees permitted by FOIA. If the District's actual copying costs are equal to or greater than the maximum fees permitted by FOIA, the Freedom of Information Officer is authorized to use FOIA's maximum fees as the District's fees. No copying fees shall be charged for: (1) the first 50 pages of black and white, letter or legal sized copies, or (2) electronic copies other than the actual cost of the recording medium, except if the response is to a *voluminous request*, as defined in FOIA.

A fee reduction is available if the request qualifies under Section 6 of FOIA. The Freedom of Information Officer shall set the amount of the reduction taking into consideration the amount of material requested and the cost of copying it.

### Provision of Copies and Access to Records

A public record that is the subject of an approved access request will be available for inspection or copying at the District's administrative office during regular business hours, unless other arrangements are made by the Freedom of Information Officer. Many public records are immediately available from the District's website including, but not limited to, the process for requesting a public record. The Freedom of Information Officer shall direct a requester to the District's website if a requested record is available there. If the requester is unable to reasonably access the record online, he or she may resubmit the request for the record, stating his or her inability to reasonably access the record online, and the District shall make the requested record available for inspection and copying as otherwise provided in this policy.

### Preserving Public Records

Public records, including email messages, shall be preserved and cataloged if: (1) they are evidence of the District's organization, function, policies, procedures, or activities, (2) they contain informational data appropriate for preservation, (3) their retention is required by State or federal law, or (4) they are subject to a retention request by the Board Attorney (e.g., a litigation hold), District auditor, or other

individual authorized by the School Board or State or federal law to make such a request.<sup>1</sup> Unless its retention is required as described in items numbered 3 or 4 above, a public record, as defined by the Illinois Local Records Act, may be destroyed when authorized by the Local Records Commission.<sup>2</sup>

<sup>1</sup> The Local Records Act, 50 ILCS 205/3, requires the preservation of records described in items #1-3. The preservation of records described in item #3 is also required by the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g, and the Ill. School Student Records Act, 105 ILCS 10/, among other laws. An example of a record described in item #4 is a record subject to a *litigation hold* or a document preservation requirement pursuant to Federal Rules of Civil Procedure, Rules 16 and 26.

Categorizing email messages is complicated because two laws apply and the rules differ when a board member is a party. See sample policy 2:140, *Communications To and From the Board*, for a discussion of email between or among board members. When employees or agents are using email for school purposes, the email messages may be *public records*, but will not necessarily be subject to disclosure depending on the topic discussed. FOIA's list of exemptions from disclosure determines whether these emails are subject to disclosure. For exemptions, see 5 ILCS 140/7 and 140/7.5.

Not all email messages between or among employees must be preserved, even if they are *public records* for purposes of FOIA. The definition of *public record* in the Local Records Act, 50 ILCS 205/3, is narrower than its definition in FOIA. Thus, staff email, like all district records, must be retained only when it contains material described in #1-4. While this is a slippery slope without definitive parameters, employee email that is conversational or personal, or contains brainstorming may generally be deleted.

The Prevailing Wage Act (820 ILCS 130/5) requires contractors, while participating in public works, to keep certified payroll records of all laborers, mechanics, and other workers employed by them on the project and to submit this record no later than the 15<sup>th</sup> of the month to the public body. The public body in charge of the project must keep the records submitted before 1-1-14 for a period of not less than three years. Records submitted on or after 1-1-14 must be kept for a period of five years. Records may be retained in paper or electronic format. These records must be made available in accordance with FOIA except that contractors' employees' addresses, telephone numbers, and social security numbers must be redacted before disclosure (5 ILCS 140/2.10).
