

Policy Manual

In governing the district, the School Board has pledged to consider the will and needs of the community. The district's policy manual is developed, distributed and maintained for the purpose of communicating to interested parties the policies, regulations and bylaws within which our schools will operate.

The Board desires that the community and district employees have access to the policy manual. The Board welcomes suggestions from the public regarding its adopted policies and regulations. A public copy of the manual shall be maintained in the district central office and be available online through the District website.
