Student Highlights:

Girls basketball ended on December 19th, 2013. It was a great season for these girls there was so much improvement. It was exciting to see the growth these girls made. Boys basketball started off on January 6, 2014. They have not had any games yet, but they look extremely promising!

The SHS AVID class came and did an ANTI-bullying assembly for the FCS middle school students. They did a nice job on their presentation and video that they showed.

On Friday, December 20th there was an awesome assembly for the whole middle school. The FCS Leadership students put it on. We honored students that had made HONOR Roll, perfect attendance, student athletes. There was a dance that several students performed as well as many competitions. This was super fun activity.

What's New:

We will be having our second math in-service in the month of January. All math teachers in the district will be spending a full day with Sarah Schulh to continue their hard work on Common Core State Standards, Common Formative Assessments, and increasing their student's depth of knowledge. This will help all of our students when we begin to take the Smarter Balanced assessment next year.
