

Questions Submitted by Trustee Elda Flores

March 20, 2018

Regular Called Board Meeting

Consent Agenda Item #5

1. Question: If this item is approved by the school board at the March 21, 2018 meeting, how soon will the parents and public be notified of the new transportation plan for the 2018-2019 school year and what method of communication will be used to notify all parents in the district?

Information will be sent out in May 2018, utilizing school messenger, district website, and social media.

2. Question: Do we have a copy of the comprehensive transportation plan?

The comprehensive transportation plan is described in the agenda item. It reads as follow:

“...only students who meet one of the following criteria will be provided district bus transportation: 1. A student who resides 2 or more miles from their designated campus. 2. Has to cross one of the designated hazardous areas to reach their designated campus. 3. Attends one of the middle school academies other than their designated home campus.”
