

...the educational prism through which students realize meaning and purpose in their lives...

TO: Members, Board of Education
Dr. Constance Collins, Superintendent

FROM: Cao Mac, District Technology Administrator
Kevin Anderson, Assistant Superintendent of Teaching and Learning

RE: District Technology Planning - Part 2 (revised): Essential Tools for Empowering
21st Century Learners

DATE: April 13, 2010

This is a follow-up to the last presentation given on March 23rd, 2010. The Board of Education has requested that we look at what cost saving measures could be found in the Technology Plan to lower the overall funding needed. The report highlights cost reduction in the following areas:

1. Professional Development
2. VoIP
3. Student Laptops
