

Specifications - Auto Shop and Autos Classroom

Minooka Community High School is building an addition to house our industrial tech department. In addition to our current programming we will be expanding our available course lines to include new programming. We will be adding two new wood shops, two welding labs, a new engineering lab, electricity/ robotics lab and two new culinary centers.

The auto shop will house both small engine classes and traditional auto courses. Equipment should include tool organization when possible. Fixtures should be color matched where possible. Otherwise black may be substituted. The goal is not to fill all available storage containers, rather to allow space for expansion as the program grows.

- Bids should include lead time for ordering
- Appointments and additional drawings etc. available upon request.

Equipment list for Autoshop: Approximate cost: \$282,630

Qty	Description	Approximate cost
2	BAB Build a Bay custom storage. To include: (1) Stainless Steel Top, No Back Splash, 32" D x 71.68" L (2) WSBEPIC Epic Outlet Adders To Tops (2) BABE3U Electric Outlet, (3) Outlets, (1) USB Port, Rocker Switch (1) BABL7215 72" Cabinet, Divided Quad Doors, (4) Adj Shelves, Levelers & Front Skirt (2) KRS756 Tool Box, Single Bank, (7) Drawers, Levelers & Front Skirt (2) BABL3678 36" Tall Locking Cabinet, (5) Adj. Shelves, Levelers & Front Skirt (6) BABL36RT 36" Roll Out Trays (2) BABL28KPS Side Skirts (1) KSSKRT24SET Side Skirt Set	\$116,800
