

This Memorandum of Understanding reflects a working relationship between Girls Empowerment Network (GIRLS) and South San Antonio ISD.

Our mission is to ignite the power in girls by teaching them the skills to thrive and believe in their ability to be unstoppable. Girl experts facilitate our self-efficacy building curriculum to girls in grades 3rd – 12th at their schools, at camps, and conferences. When girls experience our self-efficacy building curriculum, they increase knowledge of 21st century skills, coping skills, and their internal belief in their power. They learn to cope with stress, improve peer-to-peer relationships, and are surrounded by positive female role-models.

According to this agreement GIRLS and South San Antonio ISD agree to the following roles and responsibilities of each party.

GIRLS agrees to:

- Provide a total of 300 Spark Kits (100 girls receiving 3 Spark Kits each)

- Communicate with parent/guardians and/or school personnel if girls disclose any sensitive information in GIRLS programs
- Provide school personnel with any program information requested for their review
- Administer a pre- and post- surveys to girls for each Spark Kit to evaluate program effectiveness.

- A school contact person to assist with recruitment and logistics regarding Spark Kit distribution distributing
