

MEETING DATE: August 17, 2020

AGENDA ITEM: 2020-2021 Budget Update

PRESENTER: Earl Husfeld, Chief Financial Officer

BACKGROUND INFORMATION:

 Per Section 44.002 of the Texas Education Code, "the Superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of the District for the following fiscal year."

- The budget must be prepared according to generally accepted accounting principles, rules adopted by the State Board of Education, and adopted policies of the Board of Trustees.
- Budgets for the General Fund, the Child Nutrition Fund, and the Debt Service Fund must be included in the official district budget and must be adopted by August 31.
- As noted in the July 2020 monthly financial reports for the 2019-2020 fiscal year, revenues to date are generally meeting budget projections. Expenditures to date are generally below budget projections.
- As we discussed during the August 10 Budget Workshop, the COVID-19 pandemic has led to considerable uncertainty in the development of the 2020-2021 proposed budget.
- This uncertainty is primarily related to the projected cost of COVID-19 expenditures, the possibility of less students leading to less state revenues, and the possibility of a lower collection rate of current year property taxes.
- The District intends to pursue any additional relief funding that may become available for necessary COVID-19 expenditures.
- The public meeting to discuss the budget and tax rate is scheduled for August 24, 2020 at 6:00 PM. Also at that meeting, the Administration will recommend the 2020-2021 budget for Board approval.

Under state law, the dollar amount of school taxes imposed on the residence homestead of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.

Notice of Voter-Approval Rate: The highest tax rate the district can adopt before requiring voter approval at an election is ______(school voter-approval rate) _____. This election will be automatically held if the district adopts a rate in excess of the voter-approval rate of ______(school voter-approval rate) _____.

Fund Balances

The following estimated balances will remain at the end of the current fiscal year and are not encumbered with or by a corresponding debt obligation, less estimated funds necessary for operating the district before receipt of the first state aid payment:

Maintenance and Operations Fund Balance(s) \$
Interest & Sinking Fund Balance(s) \$

A school district may not increase the district's maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.
