Board Report

July 2025

- Behavior Change Team
 - Coordinators and designated members of the newly established Behavior Change Team have met with Perandoe staff multiple times over the past month to plan the structure and operations of our behavior support team. This team will provide systematic, district-wide support to general education teachers, special education teachers, and administrators by using goal-oriented and data-driven strategies to address challenging behaviors.
- ESY
 - All extended school year programming has concluded. A huge thank you to teachers, paraprofessionals, administrators, office staff, and maintenance staff for working these summer school programs. Everyone had a terrific time extending their learning.
- SY2026
 - Resources, staffing, and materials are being evaluated to best fit the needs of all students in all buildings with individualized education plans. While staffing availability and needs shift each summer, ensuring adequate support is provided in all educational settings continues to be the priority.
