## Needs Summary and Turnaround Plan

**Systemic Root Cause:** *Describe the systemic root cause that has led to low student performance.*

During our leadership team meetings, we determined that our low student performance was due to low student engagement and teacher quality/capacity. In grades K - 5 reading/math, all student groups displayed low student engagement and low student transfer of knowledge. We also determined that low rigor of instruction, low teacher quality/capacity and low parent understanding of education/communication have all led to low student performance.

<b>Outcome:</b> <i>Describe how the turnaround initiative will resolve the identified systemic root cause.</i>			
<p>The turnaround initiative will address Noel's low academic performance by improving STAAR scores, parent communication, student engagement, rigor of lessons/learning, leadership effectiveness, school climate and increase teacher capacity/quality.</p>			
<b>Processes/Procedures:</b> <i>What processes, procedures, and policies are needed to ensure that the turnaround initiative will be implemented effectively?</i>			
<p>Fidelity to curriculum and strategies, as well as collaboration, will be expected by all stakeholders and monitored through lesson plans, Team Time minutes through One-Note, participation in the Learning the Lab and walkthroughs. Ongoing discussion and implementation of initiative will be done throughout the campus. Change: Administrators will monitor the implementation and success of all initiatives closely and be more involved with the daily operations of the classrooms. We will create a learning lab to support teachers and will be organized and ran by the CCF and campus administrators. Professional development resources and materials will be utilized through the learning lab: to gather resources, attend staff development, participate in data discussions and implement the initiatives fully. Teachers will be held accountable and will demonstrate through lesson plans, instruction and walk-throughs.</p>

**Communications:** *How will you communicate a shared and clear vision for the turnaround initiative that results in a collaborative effort toward student success?*

The initiative will be shared with all stakeholders (staff, community & parents) by offering initiative meetings for open discussion, newsletters, website and parentlink. Stakeholders will communicate with us by being involved in meetings, openly communicating with staff through email and conferences and responding to surveys. Every decision on campus will support the initiative: "How will this help us improve student performance?" All communication will help to show the campus direction of increased student performance. Gathering more input from stakeholders will be the change on our campus, we will provide more opportunities for stakeholders to participate. With the focus and fidelity to the plan, the leadership team feels we will be successfully out of IR in two years. Parent surveys were utilized to help build this plan, as well as, community meetings.

**Organizational Structure:** *How will you eliminate barriers to improvement, redefine staff roles and responsibilities as necessary, and empower staff to be responsive in support of the turnaround initiative?*

Noel will work on addressing campus climate to eliminate barriers to improvement by fostering an atmosphere of high expectations for students, parents and staff. To improve academic performance for ALL students at Noel Elementary grades K-5, our campus will increase student engagement through the rigor of instruction in order for students to transfer knowledge successfully and we will improve teacher quality by building teacher capacity. This will be done with a focus on collaboration, knowledge of curriculum/standards, increased family and community engagement, effective leadership, positive school climate and rigorous, data driven instruction. District and Region support will be in the form of staff development, plan collaboration and monitoring. A parent liaison, funded through priority grant if approved, will assist in building relationships with parents and community members to help communicate the high level of learning that is expected at Noel and to help educate them on the learning process/student needs. Teacher leaders will be relied upon to bring the expectation of teaching and learning to higher level of rigor and relevance within their grade levels. We will include district and region staff members to help make it possible. We will not be redefining any staff

**Capacity and Resources:** *Describe the staff that are required to implement the plan. (Specify any new full time employees as a result of the initiative. Describe how personnel resources are different from the previous school year.)*

Principal, Assistance Principal, CCF, campus staff, district staff, region staff, staff development presenters, parent liaison & innovation specialist. Staff development will be utilized to target student engagement, rigor, lesson planning, collaboration, transfer of knowledge and curriculum and standard understanding and implementation. Innovation specialist will assist in teacher development & training to keep staff updated on technology and other research based practices. The innovation specialist will be given a stipend and the parent liaison will be a full time funded position. Both positions will be funded when our priority funds are granted. Both positions will build teacher capacity through professional development and support. All funds below for this initiative will be funded through approved grants.
