October 22, 2025

Dear Burlington Northern Santa Fe,

My name is Cody Lucke, and I am the Welding Instructor at Browning High School, located on the Blackfeet Indian Reservation in Montana, home of the Amskapi Pikuni. Our welding program provides students with valuable hands-on experience in metal fabrication, design, and welding safety — skills that are critical to success in today's trades and technical industries.

We are seeking donations of equipment and materials to help expand and sustain our program. Items such as a bend tester, steel stock, consumables, and safety gear directly support student learning by ensuring they have access to the tools and materials necessary to practice proper welding techniques.

Our intent for these donations is simple and impactful:

To give our students every opportunity to develop strong technical skills, gain confidence, and see a clear pathway to meaningful careers in welding, manufacturing, and other skilled trades after high school. For many of our students, these experiences open doors to apprenticeships, certifications, and long-term employment that can support both themselves and our local community.

As members of the Amskapi Pikuni, our students take pride in combining traditional values of craftsmanship, discipline, and hard work with modern skills that create opportunity. Your support helps us continue building that bridge — connecting education to future success.

If you would like to support our program, please contact me at [your email address] or [phone number]. We would be happy to recognize your business as a community partner and arrange pickup or delivery of any donations.

Thank you for considering a contribution to our Welding Program. Together, we can continue to create opportunities and strengthen the future for our students and our community.

Sincerely,

Cody Lucke

Welding Instructor
