

Action Sheet
Prepared for the Board of Trustees Meeting
December 12, 2023
Request for approval of Attendance Boundary Modifications

SUMMARY:

-This item requests approval of proposed boundary modifications to Bell Elementary, Cross Oaks Elementary, Paloma Creek Elementary, Providence Elementary, Sandbrock Elementary, Savannah Elementary and Union Park Elementary School. This will establish the boundary modifications for Fred Hill Elementary and Dorothy Martinez Elementary. Current students will have the opportunity to remain on campus through the district process.

PREVIOUS BOARD ACTION:

- None

BACKGROUND INFORMATION:

Dorothy Martinez Elementary

During recent attendance boundary discussions, the District explored the impact of future developments on the enrollment at Dorothy Martinez Elementary. With current attendance boundaries, these future developments would have significant impact to enrollment capacity at Bell Elementary, Paloma Creek Elementary, Sandbrock Elementary, Savannah Elementary and Union Park Elementary. After review of demographic impact research provided by Zonda Demographics, we propose adjusting the attendance boundaries of Bell, Paloma Creek, Sandbrock, Savannah, and Union Park Elementary Schools to allow this future development of the Dorothy Martinez Elementary School boundary.

Fred Hill Elementary

During recent attendance boundary discussions, the District explored the impact of future developments on the enrollment at Fred Hill Elementary. With current attendance boundaries, these future developments would have significant impact to enrollment capacity at Cross Oaks Elementary and Providence Elementary. After review of demographic impact research provided by Zonda Demographics, we propose adjusting the attendance boundaries of Cross Oaks and Providence Elementary Schools to allow this future development of the Fred Hill Elementary School boundary.

SIGNIFICANT ISSUES:

- None

FISCAL IMPLICATIONS:

- None

BENEFIT OF ACTION:

Dorothy Martinez Elementary

Modifications to the boundaries of all schools would provide the greatest campus size efficiency for a longer period of time. This boundary modification also prevents the interruption of the education process for much of this area.

Fred Hill Elementary

Modifications to the boundaries of both schools would provide the greatest campus size efficiency for a longer period of time. This boundary modification also prevents the interruption of the education process for much of this area.

PROCEDURAL AND REPORTING IMPLICATIONS:

PUBLIC COMMENT RECEIVED:

Comment cards provided to the Board of Trustees.

ALTERNATIVES:

- No alternative actions are proposed .

OTHER COMMENTS:

SUPERINTENDENT’S RECOMMENDATION:

The Superintendent recommends the proposed boundary modifications.

STAFF PERSONS RESPONSIBLE:

- Dr. Jeff Russell – Area Superintendent
- Dr. Jamie Wilson - Superintendent
