# Traffic Engineering Investigation – Summary

- There is sufficient intersection sight distance for the Lowell Elementary entrance.
- Vehicles turning into Lowell Elementary have dedicated turn lanes on Rice Lake Rd.
- Most vehicles on Rice Lake Rd are driving at or under the posted speed limit. There is generally good compliance with the posted speed limit. Vehicle speeds on Rice Lake Rd have been consistent over time.
- The outbound left-turn movement from the parking lot has insufficient gaps to turn onto Rice Lake Rd during the AM and PM peak 15 min. The outbound right-turn movement from the parking lot has sufficient gaps to turn onto Rice Lake Rd during the AM and PM peak 15 min.
- The parking lot does not have sufficient standing space for arriving vehicles.

# Traffic Engineering Alternatives

- Alternative 1: Staggered Drop-Off and Pick-Up Times
  - Assign students by grade to a specific time slot.
  - Would spread out arriving vehicles over a longer time period.
  - May only have to stagger the AM drop-off.
  - May require additional staff time and schedule changes.

# Traffic Engineering Alternatives

- Alternative 2: Drop and Ride Busing
  - Have students being transported by private vehicles be dropped off and picked up at a designated parking lot and ride a bus to/from school.
  - Would require additional school transportation resources.
  - Logistical challenges (e.g. parent did not come pick up child at the designated parking lot).

# Traffic Engineering Alternatives

- Alternative 3: Dedicated Turn Lanes in Entrance
  - Widen the school entrance to accommodate a single inbound lane, a left-turn outbound lane and a right-turn outbound lane.
  - Would allow outbound right-turning vehicles to turn onto Rice Lake Rd without waiting for a left-turning vehicle to find an appropriate gap to turn onto Rice Lake Rd.
  - Would improve flow within the parking lot.

# Traffic Engineering Alternatives

- Alternative 4:  $\frac{3}{4}$  Access Entrance
  - Construct a channelized island in the throat of the entrance to prohibit outbound left-turn movements.
  - Would allow inbound left-turn movements, inbound right-turn movements and outbound right-turn movements only.
  - Would improve flow within the parking lot.

# Traffic Engineering Alternatives

- Alternative 5: Rerouted Access to Parking Lot
  - Connect the upper parking lot (main) to Barnes Rd.
  - Restrict outbound movements to Barnes Rd.

# Traffic Engineering Alternatives

- Alternative 6: Enlarge Parking Lot
  - Enlarge parking lot to increase parking and standing capacity.

## Duluth Area Family YMCA Proposal for ISD 709 ESSER Funds

*Drafted June 30, 2022*

### Overview

The Duluth Area Family YMCA (the Y) is one of the oldest and largest nonprofits in the Northland. The Y is committed to strengthening community by connecting all people to their potential, purpose, and each other. As an association, the Y's programs reach over 180 miles, from Moose Lake to Grand Portage. Locally, programs operate within all Duluth Public Elementary Schools, the Harbor Highlands Community Center, the Gary-New Duluth Recreation Center, the Woodland Community Center, and several non-profit youth serving agencies.

In partnership with ISD 709, the Y is proposing to provide the following services to increase youth development and healthy living opportunities for Duluth-area youth, specifically those from low-income households and BIPOC communities over the 2022-2023 and 2023-2024 school years.

The Y acts as a leader, collaborator, and catalyst for change. Services described in this proposal will have a widespread impact on youth and families, as they will be done in collaboration with the following entities: AICHO, Boys and Girls Clubs of the Northland, CHUM's Steve O'Neil Apartments, the Damiano Center, the Duluth Community School Collaborative, Family Freedom Center, Gary New Duluth Recreation Center, Harbor Highlands Community Center, Laura MacArthur KEY Zone, Lincoln Park Children and Families Collaborative, Myers-Wilkins KEY Zone, Stowe KEY Zone, and Valley Youth Center. These partnerships were carefully identified for this project as they all serve a high percentage of youth from low-income households (40-95% qualifying for free or reduced-price lunch) and families that identify as part of the BIPOC community (20-95%).

### Proposed Services

- **Camp Miller:** New opportunities for recreation and positive youth development through camping services will be established in partnerships with Steve O'Neil Apartments, Harbor Highlands Community Center, Duluth Community School Collaborative Myers Wilkins, Valley Youth Centers, Family Freedom Center and others with a focus on students from low-income households. Camp will focus on providing students with a wide range of recreation and personal development activities.
  - Scholarships for 10 students to attend a week of camp summer 2022
    - \$750 per student x 10 students = \$7,500
    - \$3,750 ESSER Funds, 50% match from the Y
  - Scholarships for 40 students to attend a week of camp summer 2023
    - \$790 per student x 40 students = \$31,600
    - \$15,800 ESSER Funds, 50% match from the Y
    - Transportation \$2,000
  - Create a new opportunity for youth engagement through a two-day MEA weekend camp for 50 students during 2022-2023 school year
    - \$110 per student x 50 students = \$5,500
    - Transportation \$1,000

- MEA break camp for 50 students during 2023-2024 school year

CATCH provides interactive lessons to K-5th grade students on nutrition and healthy eating, the importance of lifelong physical activity, and strategies to reduce screen-time. Each weekly lesson is taught by a trained instructor with age-appropriate activities designed to make learning preventative health fun.
  - 36 lessons x 6 sites (30 youth/site) = 180 youth/year
    - 180 youth/year x 2 years = 360 youth served total
  - \$30,170 total for 2 years of CATCH programming
    - \$7,084 in staffing costs/year x 2 years = \$14,168
    - \$8,001 in supply costs/year x 2 years = \$16,002

# Denfeld and the Conflict Resolution Center

Presented to the Duluth School Board Committee of the Whole  
Thursday, August 4

## History

- Denfeld identified for disproportionate out of school suspensions
- Denfeld selected as one of six MN Model schools to help address this
- Partnership with Conflict Resolution Center (CRC) created through MN Model

## What is the MN Model?

- Sponsored by the Minnesota Department of Human Services
- Goal is to reduce exclusionary discipline, like out of school suspensions, especially for students of color and preventing incidents that occur in school from resulting in arrests and intake into the criminal justice system
- OSS is the number one predictor of a student dropping out of school\*
- Students arrested at school are three times more likely to drop out than their peers who are not arrested\*
- Very few students are arrested at school.

\*The Minnesota Model of School-Based Diversion for Students with Co-Occurring Disorders, Together Towards Tomorrow: Making space for courageous conversations, Bill Wyss, Minnesota Department of Human Services

# What is CRC?

- Denfeld has partnered with the Conflict Resolution Center since 2016
- CRC provides:
  - Individual conflict coaching (Tier III-Individualized Intervention)
  - Mediations (Tier III-Individualized Intervention)
  - Classes: “Words Can Work” provides a group setting that models SEL (Social Emotional Learning) skills and positive conflict resolution behaviors. Have been held during WIN or after school (Tier II-Small Group Intervention)
- Administrators (Principals and Deans) refer students to CRC using a Google Form, this provides initial communication with the mediators from CRC and provides a basis to track participants, demographic data and outcomes.
- Denfeld teaches school wide expectations, uses a student recognition system and provides SEL lessons through our PBIS framework. (Tier I-Whole Group Intervention)

## How is CRC used?

- **Resolution:** Primarily, students have been referred to CRC after a conflict has resulted in a confrontation that is either verbal and or physical with the intention of resolving the conflict so further confrontations are avoided.
- **Prevention:** Students are also referred when conflicts become known to staff as a means of preventing confrontations.
- **Process:** Staff from CRC meet with the Denfeld Administrative Team bi-weekly to discuss recent suspensions and the process involved at arriving at that consequence based on the circumstance, investigation and district policy. Assessment of suspensions also explores possible alternatives or changes to process that could be used instead.

## Referrals to CRC since 2019:

2019-20: 57 Referrals

2020-21: Distance Learning

2021-22: 97 Referrals

## What are the desired outcomes for our work with CRC this year?

1. Make more preventative referrals before conflicts result in verbal and or physical confrontations that result in out of school suspensions in an effort to increase our graduation rate.
2. Use our mediation resources to capacity and look to expand that capacity once reached
2. Host regularly scheduled and ongoing “Words Can Work” classes during WIN and after school
3. Further integrate and clarify the role of CRC within our greater Restorative Practice philosophy and framework

2021 RESOLUTION OF CONCURRENCE AND NON-CONCURRENCE

AIMS	GOALS	REASONS FOR NONCONCURRENCE	PROGRESS	RECOMMENDATIONS	RESPONSE to be developed by the school board (information provided from departments that own the work)
KINDERGARTEN READINESS	Increase the number of American Indian students/families in Early Childhood programs to be prepared and ready for Kindergarten. Increase knowledge of cultural differences/similarities of staff to have a safe beginning place for American Indian Students within DPS.	Lack of American Indian teachers/staff in the Early childhood level to provide ongoing culturally relevant support to families and students. (Approximately 2 known teachers of color.) Lack of culturally relevant curriculum.	Oshki-Inwewin was implemented this Fall. We currently have 17 American Indian students participating in this program. We have 2 staff who identify as American Indians working within Oshki-Inwewin.	Continue to train all staff on culturally inclusive strategies to ensure Early Childhood programs are providing culturally relevant programming. Look at hiring practices and recruitment with Headstart and Human Resources. Integrate culture and language throughout Headstart programs beyond Oshki-Inwewin.	We partnered with Every Child Ready Duluth (Duluth Public Library) to provide training by Anton Treuer, Navigating Positive Identity Development and Cultural Diversity with Young Learners to not only ISD 709 staff, but private childcare and preschools as well. We have reached out personally to Fond du Lac Head Start when we have had openings, to help us spread the word. We will be sharing simple phrases for all classrooms to use in the 2022-2023 school year. The Preschool equity team has merged with the education equity advisory committee to de-silo preschool equity conversations and initiatives in our community. American Indian students were one of the highest achieving students. The Office of Education Equity and the Diverse Recruitment Retention team will serve on Elementary School spring 2022 applicant pool interviews.
READ WELL BY GRADE THREE	Increase the number of American Indian students to reading at grade level by third grade. Increase culturally appropriate resources/references in the curriculum so our students see themselves in school/curriculum.	American Indian students still continue to score low on reading assessments. Average reading proficiency from 2015/16-2018/19 is 40.49% reading proficiency. Less than 50% of our American Indian Students are proficient in reading.	Curriculum Department purchased books for the Misaabekong Ojibwe Immersion program. ELA content specialist selected indigenous-focused books that were tied to Wonders curriculum and distributed them to K-5 teachers. (Note: Some of those books were purchased by the AIE program)	Address cultural inadequacies in the intervention model and or develop a tiered system of support that reflects the cultural needs of American Indian students. Train content specialists on culturally specific curriculum resources and provide those resources to teachers/students.	This fall, books were distributed to the elementary schools that were published by grassroots Indigenous publishers for school libraries. Additional books were distributed to classroom teachers K-5 during the 2020-21 school year. Dale is working with the Wonders Committee through our ELA content specialists. They were working in 2020-21 on identifying a list of American Indian texts for the wonders units and examining resources to address cultural objections and misconceptions. Integration Specialists, who work with protected class students, are working to connect diverse students and families to academic support interventions such as tutoring and after-school programs. Duluth media specialist teachers will be sorting school library collections in summer 2022 and summer 2023. They will be assessing the collection and removing any materials that are not culturally appropriate or outdated. The next step would be intentionally adding new culturally specific selections.  We have an Achievement & Integration strategy to provide culturally relevant intervention and curricular materials to students at Myers Wilkins. At our Immersion school through the A&I plan, we have cultural immersion paraprofessionals working within those classrooms to support the academic needs of our immersion program students.
CLOSING THE ACHIEVEMENT GAP	Increase American Indian Student Achievement	American Indian students continue to score low on Math assessments. Average for AI students 2015/16-2020-21 is 27.1% Math Proficiency. This does include the SY 2019/20 where testing was waived by the state.	AIE program coordinator has been working with Elementary and Secondary Content Specialist and the PD coordinator on planning a Professional Development opportunity for Math teachers and interventionists focused on Best Practices for American Indian students as well as an Indigenous focus. Antibias training was done district wide	Address cultural inadequacies in the intervention model and or develop a tiered system of support that reflects the cultural needs of American Indian students. Train content specialists on culturally specific curriculum resources and provide those resources to teachers/students.	Work has been conducted to re-establish the MTSS framework and examine systemic constructs that may be barriers for American Indian Students. A district MTSS leadership committee was formed and has reviewed the forms and systems already in place. Planning for staff development is ongoing. The staff development coordinator position was created to focus more attention to the training needs of our staff. The coordinator has been working with all members of TLE, the mentorship program, and the DFT Teacher Development program to create opportunities for staff.

	Increase American Indian Student Achievement	American Indian students continue to score low on Reading assessments. The average for AI students 2015/16- 2020-21 is 33.1% Reading Proficiency. This does include the SY 2019/20 where testing was waived by the state.	ELA specialist worked with the Coordinator of AIE and OEE to identify culturally appropriate books for teachers to utilize. Antibias training was done district-wide.	Address cultural inadequacies in the intervention model and or develop a tiered system of support that reflects the cultural needs of American Indian students. Train content specialists on culturally specific curriculum resources and provide those resources to teachers/students.	Work has been conducted to re-establish the MTSS <sup>46</sup> framework and examine systemic constructs that may be barriers for American Indian Students. The staff development coordinator position was created to focus more attention on the training needs of our staff. The coordinator has been working with all members of TLE, the mentorship program, and the DFT Teacher Development program to create opportunities for staff. The Office of Education Equity, through an Achievement & Integration strategy, provides culturally relevant intervention and curricular material to students at Myers Wilkins to ensure students, teachers and classrooms have access to culturally relevant learning materials
	Make sure all teachers are aware of, knowledgeable, and teach the American Indian State Standards	Non-inclusive or inappropriate curriculum on American Indians. Not all teachers are teaching (and/or may not be aware of) American Indian State Standards	American Indian-focused State Standards have been shared with Content Specialists.	Continue the work of American Indian-focused State Standards implementation that began in 2018. Bring awareness to teachers through content area meetings on the American Indian-focused state standards and tie resources and training to teachers. Work with the AIHSL in this process, they are a great resource.	The curriculum specialists meet regularly with the content specialists to address the implementation of the MN state standards. Embedded within the standards are identified American Indian specific standards. This has been shared at monthly content specialist meetings. Teams working on the curriculum review cycle examine the standards and our resources. Curriculum specialists work to ensure that diverse groups are included in the review process as materials and resources are selected. The Office of Education Equity, in collaboration with the Indian Education Department, contracted with local Anishinaabe expert, Blair Powless to build lessons around Historiography and issues in the conceptualization of Native Peoples and to work with our highschools to incorporate these lessons into our social studies curriculum. The curriculuml being taught in these lessons are built to align with the MN Social Studies Standards around American Indian Education (9.1.5.10.1-9.4.4.22.8) and MN English Language Arts State Standards around American Indian Education (9.9.1.1-11.12.6.6). This project kicked on during the 2021-2022 school year and will expand going into the 2022-2023 school year.
GRADUATION	Raise Graduation rates for American Indian students	All students reach 85% graduation rate by 2020	American Indian students garaduation rate is currently at ___ which they did not meet the District gaol.	Identify and begin implementation of specific culturally responsive strategies and instruction focusing on meeting the unique educational or culturally needs of American Indian Students. Utilize the four components of CARE, Culture, Achievement, Resilience, Engagement. Focus on the culture of the school. Provide a survey to AI families on what they think the district should do for their students to help them meet the requirements for graduation and keep them engaged in school.	For students to be successful in school, they must attend and engage in school. The most state accountability data for the Duluth Public Schools indicates that 39% of American Indian students meet the federal definition of chronically absent. In the summer of 2021, the district applied for external grant funds to support expanding an evidence-based intervention that specifically addresses student engagement - Check & Connect. Check & Connect was built on components and core elements which transcend cultural, racial, language, economic, and ability variables. Both internal and external data show that Check & Connect leads to increased credit accrual, persistence rates, and graduation rates; and reduced absences, drop out rates, and behavior referrals. For information on the research behind Check & Connect, visit <a href="#">Selected Findings from Check &amp; Connect Research Studies</a> . The Office of Education Equity has 11 Integration Specialists working with protected class students with a goal to develop college and career readiness plans through a Personal Learning Plan for all rostered students.

OTHER ITEMS	Increase staff and student knowledge of American Indians original to the area.	Lack of cultural awareness and history of local tribes such as Ojibwe and Dakota. Also lack of understanding of why there is an American Indian Education Department.	No progress	Provide an American Indian Curriculum Specialist or Instructional Coach.	The Office of Education Equity has been working with the Minnesota Humanities Center to provide the Misaabekong Learning From Place project. This roll-out had been delayed due to the pandemic and is scheduled to take place with staff in June 2022. Additional training and opportunities would be welcomed. The staff development coordinator has been working with all departments and the district committee to provide opportunities. The Office of Education Equity, in collaboration with the Indian Education Department, contracted with local Anishinaabe expert, Blair Powless to build lessons around Historiography and issues in the conceptualization of Native Peoples and to work with our high schools to incorporate these lessons into our social studies curriculum. The curriculum taught in these lessons is built to align with the MN Social Studies Standards around American Indian Education (9.1.5.10, 1-9.4.4.22.8) and MN English Language Arts State Standards around American Indian Education (9.9.1.1-11.12.6.6). This project kicked on during the 2021-2022 school year and will expand going into the 2022-2023 school year.
	Prioritize General Fund Spending to Instruction and Support of Students in regards to American Indian education	Lack of support for American Indian programming. Lack of Tribal consultation with the AIPAC on the ARP funding or any other Covid dollars that require Tribal Consultation with the AIPAC.	General Fund supports 3 Misaabekong teachers and .5 Ojibwe language paraprofessionals to help at the Middle and High school Ojibwe language classes.	Have a meaningful Tribal Consultation with the AIPAC. Be transparent on where the ARP dollars have been spent. Make sure the CFO and Finance department understand the funding sources of the AI Education department and HOW the dollars can and should be spent.	We continue to examine our budgeting processes to ensure that resources are aligned with strategic priorities. This is an area in which the district had previously shifted \$40,000 to be used out of programmatic budgets rather than the general budget. We will reexamine this in the coming budget cycle.

## **208 DEVELOPMENT, ADOPTION, AND IMPLEMENTATION OF POLICIES**

### **I. PURPOSE**

The purpose of this policy is to emphasize the importance of the policy-making role of the school board and provide the means for it to be an ongoing effort.

### **II. GENERAL STATEMENT OF POLICY**

Formal guidelines are necessary to ensure the school community that the school system responds to its mission and operates in an effective, efficient, and consistent manner. A set of written policies shall be maintained and modified as needed. Policies should define the desire and intent of the school board and should be in a form that is sufficiently explicit to guide administrative action.

### **III. DEVELOPMENT OF POLICY**

- A. The school board has jurisdiction to legislate policy with the force and effect of law for the school district. School district policy provides the school board's general direction for the school district while delegating policy implementation to the administration.
- B. The school district's policies provide guidelines and goals to the school community. The policies are the basis for guidelines and directives created by the administration. The school board shall determine the effectiveness of policies by evaluating periodic reports from the administration.
- C. Policies may be proposed by a school board member, employee, student, or resident of the school district. Proposed policies or ideas shall be submitted to the superintendent for review prior to possible placement on the school board agenda.

### **IV. ADOPTION AND REVIEW OF POLICY**

- A. The school board shall give notice of proposed policy changes or adoption of new policies by placing the item on the agenda of two school board meetings. The proposals shall be distributed and public comment will be allowed at both meetings.
- B. The final action taken to adopt the proposed policy shall be approved by a simple majority vote of the school board at a meeting after the two meetings at which public input was received. The policy will be effective on the latter of the date of passage or the date stated in the motion.
- C. In an emergency, a new or modified policy may be adopted by a majority vote of a quorum of the school board in a single meeting. A statement regarding the emergency and the need for immediate adoption of the policy shall be included in the minutes. The policy adopted in an emergency shall expire within one year following the emergency action unless the policy adoption procedure stated above is followed and the policy is reaffirmed. The school board shall have discretion to determine what constitutes an emergency.
- D. If a policy is modified with minor changes that do not affect the substance of the policy or because of a legal change over which the school board has no control, the modified policy may be approved at one meeting at the discretion of the school board.

## V. IMPLEMENTATION OF AND ACCESS TO POLICY

- A. The superintendent shall be responsible for implementing school board policies, other than the policies that cover how the school board will operate. The superintendent shall develop administrative guidelines and directives to provide greater specificity and consistency in the process of implementation. These guidelines and directives, including employee and student handbooks, shall be subject to annual review and approval by the school board.
- B. Each school board member shall have access to school district policies. A copy of the school district policies shall be placed in the office of each school attendance center and in the central school district office and shall be available for reference purposes to other interested persons.
- C. The superintendent, employees designated by the superintendent, and individual school board members shall be responsible for keeping the policy current.
- D. The school board shall review policies at least once every three years. The superintendent shall be responsible for developing a system of periodic review, addressing approximately one third of the policies annually. In addition, the school board shall review the following policies annually: 506 Student Discipline; 722 Public Data Requests; and 806 Crisis Management Policy.
- E. When no school board policy exists to provide guidance on a matter, the superintendent is authorized to act appropriately under the circumstances keeping in mind the mission, educational philosophy, and financial condition of the school district. Under such circumstances, the superintendent shall advise the school board of the need for a policy and present a recommended policy to the school board for approval.

## **210 CONFLICT OF INTEREST – SCHOOL BOARD MEMBERS**

### **I. PURPOSE**

The purpose of this policy is to observe state statutes regarding conflicts of interest and to engage in school district business activities in a fashion designed to avoid any conflict of interest or the appearance of impropriety.

### **II. GENERAL STATEMENT OF POLICY**

It is the policy of the school board to contract for goods and services in conformance with statutory conflict of interest laws and in a manner that will avoid any conflict of interest or the appearance thereof. Accordingly, the school board will contract under the statutory exception provisions only when it is clearly in the best interest of the school district because of limitations that may exist on goods or services otherwise available to the school district.

### **III. GENERAL PROHIBITIONS AND RECOGNIZED STATUTORY EXCEPTIONS**

- A. A school board member who is authorized to take part in any manner in making any sale, lease, or contract in his or her official capacity shall not voluntarily have a personal financial interest in that sale, lease, or contract or personally benefit financially therefrom.
- B. In the following circumstances, however, the school board may as an exception, by unanimous vote, contract for goods or services with a school board member of the school district:
  - 1. In the designation of a bank or savings association, in which a school board member is interested, as an authorized depository for school district funds and as a source of borrowing, provided such deposited funds are protected in accordance with Minnesota Statutes chapter 118A. Any school board member having said interest shall disclose that interest and the interest shall be entered upon the school board minutes. Disclosure shall be made when such bank or savings association is first designated as a depository or source of borrowing, or when such school board member is elected, whichever is later. Disclosure serves as notice of the interest and need only be made once;
  - 2. The designation of an official newspaper, or publication of official matters therein, in which the school board member is interested when it is the only newspaper complying with statutory requirements relating to the designation or publication;
  - 3. A contract with a cooperative association of which the school board member is a shareholder or stockholder but not an officer or manager;
  - 4. A contract for which competitive bids are not required by law. A contract made under this exception will be void unless the following procedures are observed:
    - a. The school board shall authorize the contract in advance of its performance by adopting a resolution setting out the essential facts and determining that the contract price is as low as or lower than the price at which the goods or services could be obtained elsewhere.
    - b. In the case of an emergency when the contract cannot be authorized in

advance, payment of the claims must be authorized by a like resolution wherein the facts of the emergency are also stated.

- c. Before a claim is paid, the interested school board member shall file with the clerk of the school board an affidavit stating:
  - (1) The name of the school board member and the office held;
  - (2) An itemization of the goods or services furnished;
  - (3) The contract price;
  - (4) The reasonable value;
  - (5) The interest of the school board member in the contract; and
  - (6) That to the best of the school board member's knowledge and belief, the contract price is as low as, or lower than, the price at which the goods or services could be obtained from other sources.
  
- 5. A school board member may contract with the school district to provide construction materials or services, or both, when the sealed bid process is used. When the contract comes before the school board for consideration, the interested school board member may not vote on the contract. (**Note:** *This section applies only when the school district has a population of 1,000 or less according to the last federal census.*)
  
- 6. A school board member may rent space in a public facility at a rate commensurate with that paid by other members of the public.
  
- C. In the following circumstances, the school board may as an exception, by majority vote at a meeting at which all school board members are present, contract for services with a school board member of the school district: A school board member may be newly employed or may continue to be employed by the school district as an employee only if there is a reasonable expectation on July 1, or at the time the contract is entered into or extended, that the amount to be earned by that school board member under that contract or employment relationship, will not exceed \$20,000 in that fiscal year. If the school board member does not receive majority approval to be initially employed or to continue in employment at a meeting at which all school board members are present, that employment is immediately terminated and that school board member has no further rights to employment while serving as a school board member in the school district.
  
- D. The school board may contract with a class of school district employees, such as teachers or custodians, when the spouse of a school board member is a member of the class of employees contracting with the school board and the employee spouse receives no special monetary or other benefit that is substantially different from the benefits that other members of the class receive under the employment contract. For the school board to invoke this exception, it must have a majority of disinterested school board members vote to approve the contract, direct the school board member spouse to abstain from voting to approve the contract, and publicly set out the essential facts of the contract at the meeting in which the contract is approved.

#### **IV. LIMITATIONS ON RELATED EMPLOYEES**

- A. The school board must hire or dismiss teachers only at duly called meetings. When a husband and wife, brother and sister, or two brothers or sisters, constitute a quorum, no contract employing a teacher may be made or authorized except upon the unanimous vote of the full school board.
- B. The school board may not employ any teacher related by blood or marriage to a school board member, within the fourth degree as computed by the civil law, except by a unanimous vote of the full school board.

#### **V. CONFLICTS PRIOR TO TAKING OFFICE**

A school board member with personal financial interest in a sale, lease, or contract with the school district which was entered before the school board member took office and presents an actual or potential conflict of interest, shall immediately notify the school board of such interest. It shall thereafter be the responsibility of the school board member to refrain from participating in any action relating to the sale, lease, or contract. At the time of renewal of any such sale, lease, or contract, the school board may enter into or renew such sale, lease, or contract only if it falls within one of the enumerated exceptions for contracts relating to goods or services provided above and if the procedures provided in this policy are followed.

#### **VI. DETERMINATION AS TO WHETHER A CONFLICT OF INTEREST EXISTS**

The determination as to whether a conflict of interest exists is to be made by the school board. Any school board member who has an actual or potential conflict shall notify the school board of such conflict immediately. The school board member shall thereafter cooperate with the school board as necessary for the school board to make its determination.

## ~~8045 — CONFLICT OF INTEREST~~

~~A School Board member shall not have any direct pecuniary interest in a contract with the School District, nor shall he/she furnish directly any labor, equipment, services, or supplies to the School District except those services for which the member is paid a uniform stipend or for services provided to the School District directly related to specifically assigned School Board duties for which a specific rate of reimbursement has been determined.~~

~~In the event a School Board member is employed by a corporation or business or has a secondary interest in a corporation or business which furnishes goods or services to the School District, the School Board member shall declare his/her interest and refrain from debating or voting upon the question of contract with the company.~~

~~It is not the intent of this policy to prevent the School District from contracting with corporations or businesses because a School Board member is an employee of the firm. The policy is designed to prevent placing a School Board member in a position where his/her interest in the School District and his/her interest in his/her place of employment (or other indirect interest) might conflict and to avoid appearances of conflict of interest even though such conflict may not exist.~~

~~Should a School Board member hold a proprietary interest in a company which is the sole official supplier of selected equipment or material that is geographically located within the School District, the administrative staff shall report to the School Board prior to making individual or cumulative purchases from that company in excess of \$5,000.00 in any fiscal year.~~

The school board further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. The school board believes that a work environment free of drug and alcohol use will be not only safer, healthier, and more productive but also more conducive to effective learning. To provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants to submit to drug and alcohol testing in accordance with the provisions of this policy and as provided in federal law and Minnesota Statutes, sections 181.950-181.957.

### **II. GENERAL STATEMENT OF POLICY**

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug and alcohol testing in accordance with federal law and the applicable provisions of this policy. The school district also may request or require that drivers submit to drug and alcohol testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- B. The school district may request or require that any school district employee or job applicant, other than an employee or applicant whose position requires a commercial driver's license, submit to drug and alcohol testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- C. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs that are not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs that are not medically prescribed are prohibited from entering or remaining on school district property.
- D. The use, possession, sale, purchase, transfer, or dispensing of alcohol is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of alcohol are prohibited from entering or remaining on school district property.
- E. Any employee who violates this section shall be subject to discipline that includes, but is not limited to, immediate suspension without pay and immediate discharge.

### **III. FEDERALLY MANDATED DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS**

A. General Statement of Policy

All persons subject to commercial driver's license requirements shall be tested for alcohol, marijuana (including medical cannabis), cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. Drivers who test positive for alcohol or drugs shall be subject to disciplinary action, which may include termination of employment.

B. Definitions

1. "Actual Knowledge" means actual knowledge by the school district that a driver has used alcohol or controlled substances based on: (a) direct observation of the employee's use (not observation of behavior sufficient to warrant reasonable suspicion testing); (b) information provided by a previous employer; (c) a traffic citation; or (d) an employee's admission, except when made in connection with a qualified employee self-admission program.
2. "Alcohol Screening Device" (ASD) means a breath or saliva device, other than an Evidential Breath Testing Device (EBT), that is approved by the National Highway Traffic Safety Administration and placed on its Conforming Products List for such devices.
3. "Breath Alcohol Technician" (BAT) means an individual who instructs and assists individuals in the alcohol testing process and who operates the EBT.
4. "Commercial Motor Vehicle" (CMV) includes a vehicle that is designed to transport 16 or more passengers, including the driver.
5. "Designated Employer Representative" (DER) means an employee authorized by the school district to take immediate action to remove employees from safety-sensitive duties, or cause employees to be removed from these covered duties, and to make required decisions in the testing and evaluation process. The DER receives test results and other communications for the school district.
6. "Department of Transportation" (DOT) means United States Department of Transportation.
7. "Direct Observation" means observation of alcohol or controlled substances use and does not include observation of employee behavior or physical characteristics sufficient to warrant reasonable suspicion testing.
8. "Driver" is any person who operates a CMV, including full-time, regularly employed drivers, casual, intermittent, or occasional drivers, leased drivers, and independent owner-operator contractors.
9. "Evidential Breath Testing Device" (EBT) means a device approved by the National Highway Traffic Safety Administration for the evidentiary testing of breath for alcohol concentration and placed on its Conforming Products List for such devices.
10. "Licensed Medical Practitioner" means a person who is licensed, certified, and/or registered, in accordance with applicable Federal, State, local, or foreign laws

and regulations, to prescribe controlled substances and other drugs.

11. "Medical Review Officer" (MRO) means a licensed physician responsible for receiving and reviewing laboratory results generated by the school district's drug testing program and for evaluating medical explanations for certain drug tests.
12. "Refusal to Submit" (to an alcohol or controlled substances test) means that a driver: (a) fails to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so; (b) fails to remain at the testing site until the testing process is complete; (c) fails to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test; (d) fails to permit the observation or monitoring of the driver's provision of a specimen in the case of a directly observed or monitored collection in a drug test; (e) fails to provide a sufficient breath specimen or sufficient amount of urine when directed and a determination has been made that no adequate medical explanation for the failure exists; (f) fails or declines to take an additional test as directed by the school district or the collector; (g) fails to undergo a medical examination or evaluation, as directed by the MRO or the DER; (h) fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector, fails to sign the certification on the forms); (i) fails to follow the observer's instructions, in an observed collection, to raise the driver's clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process; (j) possesses or wears a prosthetic or other device that could be used to interfere with the collection process; (k) admits to the collector or MRO that the driver adulterated or substituted the specimen; or (l) is reported by the MRO as having a verified adulterated or substituted test result. An applicant who fails to appear for a pre-employment test, who leaves the testing site before the pre-employment testing process commences, or who does not provide a urine specimen because he or she has left before it commences is not deemed to have refused to submit to testing.

2. The school district shall provide to each driver information required under Title 49 of the Code of Federal Regulations, including information concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life; signs and symptoms of an alcohol or controlled substance problem (the driver's or a coworker's); and available methods of intervening when an alcohol or controlled substance problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.
3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that the driver received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

D. Alcohol and Controlled Substances Testing Program Manager

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.
2. Alcohol Possession. No driver shall be on duty or operate a CMV while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.

4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.
6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.
8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.
9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district that prohibit possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and the policies of the school district.

G. Prescription Drugs/Cannabinoid Products

A driver shall inform the driver's supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for marijuana. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or

edible cannabinoid product.

#### H. Testing Requirements

##### 1. Pre-Employment Testing

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.
- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.
- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.
- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query. The school district shall retain the consent for three (3) years from the date of the query.

##### 3. Post-Accident Testing

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a

motor vehicle.

- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.
- g. The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.

4. Random Testing

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.
- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

5. Reasonable Suspicion Testing
  - a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty, within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
  - b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
  - c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
  - d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.
6. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.
7. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.
8. Refusal to Submit and Attendant Consequences
  - a. A driver or driver applicant may refuse to submit to drug and alcohol testing.

- b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 United States Code section 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.
- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment C to this policy.

## I. Testing Procedures

### 1. Drug Testing

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated,

substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.

- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
  - (1) The donor expressly declines the opportunity to discuss the test results;
  - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
  - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

## 2. Alcohol Testing

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.

- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

- 1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver’s or driver applicant’s expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.
- 2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
  - a. The school district has first given the employee an opportunity to participate in, at the employee’s own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
  - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
  - c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be [***name, address, telephone number***], which is a laboratory certified by the Department of Health and Human

Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statutes, Chapter 13. Any information concerning the individual’s test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

“Basic records” includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Alcohol and controlled substance collection procedures	2 years
Negative and cancelled controlled substance tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse (“Clearinghouse”) as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;
- d. Any refusal to submit to any test required hereunder;

- e. Any report by a supervisor of actual knowledge of use as follows
  - i. Any on-duty alcohol use;
  - ii. Any pre-duty alcohol use;
  - iii. Any alcohol use following an accident; and
  - iv. Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;
- g. Any negative return-to-duty test; and
- h. Any employer's report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment
  - a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.
  - b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.

***[Note: School districts are not required to comply with state law governing drug and alcohol testing when the individuals are subject to the federal laws and regulations (i.e., bus drivers). If a school district, after consultation with legal counsel, chooses to comply voluntarily with these requirements, Subparagraph b., above, can be modified as follows:***

***b. The school district will offer a driver an opportunity to***

***return to a DOT safety-sensitive duty following an employee's first positive test result on a confirmatory test if no reasons independent of the first test result for discharge exist. Otherwise, the school district may choose, but is not required, to provide an SAP evaluation or any subsequent recommended education or treatment.]***

- c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of "other employees" covered by Section IV. of this policy.

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulations, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver's consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver's Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulations. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations 382.701.
2. The school district may not access an individual's Clearinghouse record unless the school district (1) obtains the individual's prior written or electronic consent for access to the record; and (2) submits proof of the individual's consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain for three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.
3. The school district shall protect the individual's privacy and confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.
4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the individual to operate a CMV for the school district.

#### **IV. DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES**

The school district may request or require drug and alcohol testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

##### **A. Circumstances Under Which Drug or Alcohol Testing May Be Requested or Required:**

1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing, unless the testing is done pursuant to this drug and alcohol testing policy; and is conducted by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1.
- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing on an arbitrary and capricious basis.

2. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer that is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

3. Random Testing

The school district may request or require employees to undergo drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

4. Reasonable Suspicion Testing

The school district may request or require any employee to undergo drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of drugs or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minnesota Statutes, section 176.011, subdivision 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

5. Treatment Program Testing

The school district may request or require any employee to undergo drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo drug and alcohol testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

6. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

B. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

C. Definitions

1. "Drug" means a controlled substance as defined in Minnesota Statutes, including medical cannabis, regardless of enrollment in the state registry program.
2. "Drug and Alcohol Testing," "Drug or Alcohol Testing," and "Drug or Alcohol Test" mean analysis of a body component sample by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested.
3. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the school district for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver's license are primarily governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver's license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of "other employees."
4. "Job Applicant" means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the school district in a position that does not require a commercial driver's license, and includes a person who has received a job offer made contingent on the person's passing drug or alcohol testing. Job applicants for positions requiring a

commercial driver's license are governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.).

5. "Positive Test Result" means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
6. "Random Selection Basis" means a mechanism for selection of employees that:
  - a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
  - b. does not give the school district discretion to waive the selection of any employee selected under the mechanism.
7. "Reasonable Suspicion" means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
8. "Safety-Sensitive Position" means a job, including any supervisory or management position, in which an impairment caused by drug or alcohol usage would threaten the health or safety of any person.

D. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing and Consequences of Such Refusal

1. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing

Any employee or job applicant whose position does not require a commercial driver's license has the right to refuse drug and alcohol testing subject to the provisions contained in Paragraphs 2. and 3. of Section IV.D.

2. Consequences of an Employee's Refusal to Undergo Drug and Alcohol Testing

Any employee in a position that does not require a commercial driver's license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant's Refusal to Undergo Drug and Alcohol Testing

Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

E. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing, the school

district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug or alcohol testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug or alcohol test.

4. Notice of and Right to Explain Positive Test Result

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information.
- b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.
- c. The employee may present verification of enrollment in the medical cannabis patient registry as part of the employee's explanation.
- d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for marijuana. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.
- e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her

expense.

- b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minnesota Statutes, section 181.953, subdivision 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug or alcohol threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.
6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments E and F to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test requested by the school district, unless the following conditions have been met:
  - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and

- b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
  - 4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
  - 5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.
  - 6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.
  - 7. An employee must be given access to information in the individual's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process and conclusions drawn from and actions taken based on the reports or other acquired information.
- G. Withdrawal of Job Offer for an Applicant for a Position That Does Not Require a Commercial Driver's License

If a job applicant has received a job offer made contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

- 1. Possession of a sample must be traceable to the employee from whom the

sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;

2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug or alcohol testing process are private data on individuals as that phrase is defined in Minnesota Statutes Chapter 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes, Chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug and alcohol testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position under the policy, and to a job applicant

upon hire and before any testing of the applicant if the job offer is made contingent on the applicant's passing drug and alcohol testing. Affected employees and applicants will acknowledge receipt of this written notice in the form of Attachment G to this policy.

## V. POSTING

The school district shall post notice in an appropriate and conspicuous location on its premises that it has adopted a drug and alcohol testing policy and that copies of the policy are available for inspection during regular business hours by its employees or job applicants in its personnel office or other suitable locations.

**416 DRUG AND ALCOHOL TESTING**

***[Note: Drug and alcohol testing of school bus drivers and applicants is mandatory under federal law. The mandatory testing is described under Part III. of the policy. Testing of other employees or testing of school bus drivers beyond that mandated by federal law is optional and can be done under state law only if a policy containing provisions. such as the provisions of Part IV. of this policy, are adopted. To preserve the right to request or require school district employees who are not bus drivers and applicants to undergo drug and/or alcohol testing or to require bus drivers to submit to testing that is not federally mandated, a school district should adopt Part IV. as part of its drug and alcohol testing policy.]***

**I. PURPOSE**

- A. The school board recognizes the significant problems created by drug and alcohol use in society in general, and the public schools in particular. The school board further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. The school board believes that a work environment free of drug and alcohol use will be not only safer, healthier, and more productive but also more conducive to effective learning. To provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants to submit to drug and alcohol testing in accordance with the provisions of this policy and as provided in federal law and Minnesota Statutes, sections 181.950-181.957.

**II. GENERAL STATEMENT OF POLICY**

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug and alcohol testing in accordance with federal law and the applicable provisions of this policy. The school district also may request or require that drivers submit to drug and alcohol testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- B. The school district may request or require that any school district employee or job applicant, other than an employee or applicant whose position requires a commercial driver's license, submit to drug and alcohol testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- C. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs that are not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs that are not medically prescribed are prohibited from entering or remaining on school district property.

- D. The use, possession, sale, purchase, transfer, or dispensing of alcohol is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of alcohol are prohibited from entering or remaining on school district property.
- E. Any employee who violates this section shall be subject to discipline that includes, but is not limited to, immediate suspension without pay and immediate discharge.

### **III. FEDERALLY MANDATED DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS**

#### **A. General Statement of Policy**

All persons subject to commercial driver's license requirements shall be tested for alcohol, marijuana (including medical cannabis), cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. Drivers who test positive for alcohol or drugs shall be subject to disciplinary action, which may include termination of employment.

#### **B. Definitions**

1. "Actual Knowledge" means actual knowledge by the school district that a driver has used alcohol or controlled substances based on: (a) direct observation of the employee's use (not observation of behavior sufficient to warrant reasonable suspicion testing); (b) information provided by a previous employer; (c) a traffic citation; or (d) an employee's admission, except when made in connection with a qualified employee self-admission program.
2. "Alcohol Screening Device" (ASD) means a breath or saliva device, other than an Evidential Breath Testing Device (EBT), that is approved by the National Highway Traffic Safety Administration and placed on its Conforming Products List for such devices.
3. "Breath Alcohol Technician" (BAT) means an individual who instructs and assists individuals in the alcohol testing process and who operates the EBT.
4. "Commercial Motor Vehicle" (CMV) includes a vehicle that is designed to transport 16 or more passengers, including the driver.
5. "Designated Employer Representative" (DER) means an employee authorized by the school district to take immediate action to remove employees from safety-sensitive duties, or cause employees to be removed from these covered duties, and to make required decisions in the testing and evaluation process. The DER receives test results and other communications for the school district.
6. "Department of Transportation" (DOT) means United States Department of Transportation.
7. "Direct Observation" means observation of alcohol or controlled substances use and does not include observation of employee behavior or physical characteristics sufficient to warrant reasonable suspicion testing.

8. "Driver" is any person who operates a CMV, including full-time, regularly employed drivers, casual, intermittent, or occasional drivers, leased drivers, and independent owner-operator contractors.
9. "Evidential Breath Testing Device" (EBT) means a device approved by the National Highway Traffic Safety Administration for the evidentiary testing of breath for alcohol concentration and placed on its Conforming Products List for such devices.
10. "Licensed Medical Practitioner" means a person who is licensed, certified, and/or registered, in accordance with applicable Federal, State, local, or foreign laws and regulations, to prescribe controlled substances and other drugs.
11. "Medical Review Officer" (MRO) means a licensed physician responsible for receiving and reviewing laboratory results generated by the school district's drug testing program and for evaluating medical explanations for certain drug tests.
12. "Refusal to Submit" (to an alcohol or controlled substances test) means that a driver: (a) fails to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so; (b) fails to remain at the testing site until the testing process is complete; (c) fails to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test; (d) fails to permit the observation or monitoring of the driver's provision of a specimen in the case of a directly observed or monitored collection in a drug test; (e) fails to provide a sufficient breath specimen or sufficient amount of urine when directed and a determination has been made that no adequate medical explanation for the failure exists; (f) fails or declines to take an additional test as directed by the school district or the collector; (g) fails to undergo a medical examination or evaluation, as directed by the MRO or the DER; (h) fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector, fails to sign the certification on the forms); (i) fails to follow the observer's instructions, in an observed collection, to raise the driver's clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process; (j) possesses or wears a prosthetic or other device that could be used to interfere with the collection process; (k) admits to the collector or MRO that the driver adulterated or substituted the specimen; or (l) is reported by the MRO as having a verified adulterated or substituted test result. An applicant who fails to appear for a pre-employment test, who leaves the testing site before the pre-employment testing process commences, or who does not provide a urine specimen because he or she has left before it commences is not deemed to have refused to submit to testing.
13. "Safety-Sensitive Functions" are on-duty functions from the time the driver begins work or is required to be in readiness to work until relieved from work and all responsibility for performing work, and include such functions as driving, loading and unloading vehicles, or supervising or assisting in the loading or unloading of vehicles, servicing, repairing, obtaining assistance to repair, or remaining in attendance during the repair of a disabled vehicle.
14. "Screening Test Technician" (STT) means anyone who instructs and assists

individuals in the alcohol testing process and operates an ASD.

15. "Stand Down" means the practice of temporarily removing an employee from performing safety-sensitive functions based only upon a laboratory report to the MRO of a confirmed positive test for a drug or drug metabolite, an adulterated test, or a substituted test before the MRO completes the verification process.
16. "Substance Abuse Professional" (SAP) means a qualified person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

C. Policy and Educational Materials

***[Note: Federal regulations require that school districts provide materials to bus drivers explaining the school district's policies and procedures and the federal requirements with respect to the mandatory drug and alcohol testing of bus drivers. 49 Code of Federal Regulations section 382.601. Most of the required information is contained within this model policy. Additional materials to be provided to employees are described in Paragraph 2. of Section C.]***

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a CMV.
2. The school district shall provide to each driver information required under Title 49 of the Code of Federal Regulations, including information concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life; signs and symptoms of an alcohol or controlled substance problem (the driver's or a coworker's); and available methods of intervening when an alcohol or controlled substance problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.
3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that the driver received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

***[Note: The federal regulations require a school district to obtain a signed statement from each driver certifying that he or she received a copy of these materials. 49 Code of Federal Regulations section 382.601(d). The original signed certificate must be maintained by the school district and a copy may be provided to the driver.]***

D. Alcohol and Controlled Substances Testing Program Manager

***[Note: School districts are required by federal regulations to designate a person to answer driver questions about the policy and the education materials***

***described in Section C. above and to notify the drivers of the designation. 49 Code of Federal Regulations section 382.601(b)(1).]***

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

***[Note: The specific prohibitions for drivers are contained, in large part, in 49 Code of Federal Regulations sections 382.201-382.215.]***

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.
2. Alcohol Possession. No driver shall be on duty or operate a CMV while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.
4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.
6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.
8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.

9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district that prohibit possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

***[Note: Consequences for drivers engaging in alcohol-related conduct are described in the federal regulations. 49 Code of Federal Regulations section 382.505.]***

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and the policies of the school district.

G. Prescription Drugs/Cannabinoid Products

A driver shall inform the driver's supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for marijuana. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

H. Testing Requirements

***[Note: School districts must utilize the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") to conduct pre-employment queries, annual queries, and reports regarding CDL holders who operate CMVs on public roads (including school bus drivers) and who are covered by the Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Testing Program. In addition to utilizing the Clearinghouse, school districts must continue to comply with the alcohol and controlled substance testing required under Title 49 of the Federal Regulations.]***

1. Pre-Employment Testing

***[Note: 49 Code of Federal Regulations section 382.301 details the requirements for pre-employment testing.]***

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.

***[Note: A school district is permitted, but not required, to conduct pre-employment testing for the use of alcohol. If a school district elects to***

***require pre-employment testing for alcohol, it should include the bracketed text in Subparagraph a., above, and test all applicants uniformly.]***

- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.

***[Note: Federal regulations require school districts to inquire about, obtain, and review alcohol and controlled substances information from prior employers pursuant to a driver's written authorization, prior to the time a driver performs safety-sensitive functions, if feasible. 49 Code of Federal Regulations section 382.413 and 49 Code of Federal Regulations section 40.25. If not feasible, school districts must not permit the employee to perform safety-sensitive functions for more than thirty (30) days from the date a safety-sensitive function was performed unless the school districts make good faith efforts to obtain the information and to make a record of those efforts to be retained in the driver's qualification file.]***

- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.
- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query. The school district shall retain the consent for three (3) years from the date of the query.

3. Post-Accident Testing

***[Note: 49 Code of Federal Regulations section 382.303 governs post-***

***accident testing of drivers.]***

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.
- g. The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.

4. Random Testing***[Note: 49 Code of Federal Regulations section 382.305 governs random testing of drivers.]***

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.

***[Note: The Federal Highway Administration (FHWA) set the random alcohol selection and testing rate at 10% of the average number of driver positions and evaluates this minimum percentage each year. School districts can elect to stay at the 1998 level of 25% (or a higher percentage) if they do not want to monitor the minimum annual percentage rate set by the FHWA. The random controlled substances selection and testing rate has remained at 50% each year and has not been lowered to 25% as is possible under the regulations.]***

- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.

- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

5. Reasonable Suspicion Testing

***[Note: 49 Code of Federal Regulations section 382.307 governs reasonable suspicion testing of drivers.]***

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty, within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
- c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
- d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

***[Note: 49 Code of Federal Regulations sections 382.309, 40.23(d) and 40.305 govern return-to-duty testing.]***

6. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.

***[Note: 49 Code of Federal Regulations sections 382.311, 40.307 and 40.309 govern follow-up testing.]***

7. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.

8. Refusal to Submit and Attendant Consequences

***[Note: Consequences for refusals to submit to required drug and alcohol tests are addressed generally in 49 Code of Federal Regulations sections 40.191, 40.261 and 382.211. They are more specifically addressed in 49 Code of Federal Regulations sections 382.501-382.507 and in 49 United States Code section 521(b).]***

- a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
- b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 United States Code section 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.
- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment C to this policy.

I. Testing Procedures

1. Drug Testing

***[Note: The Federal Drug Testing Custody and Control Form (CCF) must be used to document every urine collection required by the DOT drug testing program. 49 Code of Federal Regulations section 40.45.]***

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.
- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee

when no legitimate medical reason for a positive test result as received from the testing laboratory exists.

- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
  - (1) The donor expressly declines the opportunity to discuss the test results;
  - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
  - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

## 2. Alcohol Testing

***[Note: The DOT Alcohol Testing Form (ATF) must be used for every DOT alcohol test. 49 Code of Federal Regulations section 40.225.]***

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a "negative" test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor's inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver's or driver applicant's expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.

***[Note: The limitation on discharge in Paragraph 2., below, is contained solely in Minnesota law. State law is preempted by federal laws and regulations as it relates to drivers of commercial motor vehicles (such as bus drivers). See Minnesota Statutes section 221.031, Subd. 10. Nevertheless, school districts may decide to comply with the state law requirements for various reasons (such as to treat all school district employees equally since employees subject to testing only under state law are accorded these additional rights). Consultation with the school district's legal counsel is recommended.]***

2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
  - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
  - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
  - c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be [***name, address, telephone number***], which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statutes, Chapter 13. Any information concerning the individual's test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

1. The school district shall keep and maintain records in accordance with the

federal regulations in a secure location with controlled access.

**[Note: The federal recordkeeping requirements for school districts are detailed in the federal regulations, 49 Code of Federal Regulations sections 382.401 et seq. and 40.331. The DOT publishes a guide to the recordkeeping requirements of mandatory drug and alcohol testing for persons with a commercial driver's license as part of its Alcohol & Drugs: DOT Compliance Manual.]**

2. The required records shall be retained for the following minimum periods:

Basic records 5 years

"Basic records" includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Alcohol and controlled substance collection procedures	2 years
Negative and cancelled controlled substance tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

"Education and training records" must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;
- d. Any refusal to submit to any test required hereunder;
- e. Any report by a supervisor of actual knowledge of use as follows
  - i. Any on-duty alcohol use;
  - ii. Any pre-duty alcohol use;
  - iii. Any alcohol use following an accident; and
  - iv. Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;

- g. Any negative return-to-duty test; and
- h. Any employer's report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment
  - a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.

***[Note: Subparagraphs b. and c., below, are based on the provisions of 49 Code of Federal Regulations section 40.289.]***

- b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.

***[Note: School districts are not required to comply with state law governing drug and alcohol testing when the individuals are subject to the federal laws and regulations (i.e., bus drivers). If a school district, after consultation with legal counsel, chooses to comply voluntarily with these requirements, Subparagraph b., above, can be modified as follows:***

- b. ***The school district will offer a driver an opportunity to return to a DOT safety-sensitive duty following an employee's first positive test result on a confirmatory test if no reasons independent of the first test result for discharge exist. Otherwise, the school district may choose, but is not required, to provide an SAP evaluation or any subsequent recommended education or treatment.]***
    - c. Drivers are responsible for payment for SAP evaluations and services

unless a collective bargaining agreement or employee benefit plan provides otherwise.

- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of "other employees" covered by Section IV. of this policy.

***[Note: When the testing of drivers complies with federal testing requirements and procedures, school districts clearly are exempt from the state drug and alcohol testing requirements in Minnesota Statutes, sections 181.950-181.957. See Minnesota Statutes section 221.031, subdivision 10. When testing beyond the federally mandated requirements, however, school districts still must comply with state law.]***

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulations, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

- 1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information

exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver's consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver's Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulations. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations 382.701.

2. The school district may not access an individual's Clearinghouse record unless the school district (1) obtains the individual's prior written or electronic consent for access to the record; and (2) submits proof of the individual's consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain for three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.
3. The school district shall protect the individual's privacy and confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.
4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the individual to operate a CMV for the school district.

#### **IV. DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES**

The school district may request or require drug and alcohol testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

##### A. Circumstances Under Which Drug or Alcohol Testing May Be Requested or Required:

##### 1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing, unless the testing is done pursuant to this drug and alcohol testing policy; and is conducted by a testing

laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1.

- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing on an arbitrary and capricious basis.

2. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer that is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

3. Random Testing

The school district may request or require employees to undergo drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

4. Reasonable Suspicion Testing

The school district may request or require any employee to undergo drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of drugs or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minnesota Statutes, section 176.011, subdivision 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

5. Treatment Program Testing

The school district may request or require any employee to undergo drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo drug and alcohol testing without prior notice during the evaluation or treatment period and for a period

of up to two (2) years following completion of any prescribed chemical dependency treatment program.

6. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

B. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

C. Definitions

1. "Drug" means a controlled substance as defined in Minnesota Statutes, including medical cannabis, regardless of enrollment in the state registry program.
2. "Drug and Alcohol Testing," "Drug or Alcohol Testing," and "Drug or Alcohol Test" mean analysis of a body component sample by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested.
3. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the school district for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver's license are primarily governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver's license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of "other employees."
4. "Job Applicant" means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the school district in a position that does not require a commercial driver's license, and includes a person who has received a job offer made contingent on the person's passing drug or alcohol testing. Job applicants for positions requiring a commercial driver's license are governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.).
5. "Positive Test Result" means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
6. "Random Selection Basis" means a mechanism for selection of employees that:

- a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
    - b. does not give the school district discretion to waive the selection of any employee selected under the mechanism.
  - 7. "Reasonable Suspicion" means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
  - 8. "Safety-Sensitive Position" means a job, including any supervisory or management position, in which an impairment caused by drug or alcohol usage would threaten the health or safety of any person.
- D. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing and Consequences of Such Refusal
- 1. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing  
Any employee or job applicant whose position does not require a commercial driver's license has the right to refuse drug and alcohol testing subject to the provisions contained in Paragraphs 2. and 3. of Section IV.D.
  - 2. Consequences of an Employee's Refusal to Undergo Drug and Alcohol Testing  
Any employee in a position that does not require a commercial driver's license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.
  - 3. Consequences of a Job Applicant's Refusal to Undergo Drug and Alcohol Testing  
Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.
- E. Reliability and Fairness Safeguards
- 1. Pretest Notice  
Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing policy.
  - 2. Notice of Test Results  
Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug or alcohol testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug or alcohol test.

4. Notice of and Right to Explain Positive Test Result

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information.
- b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.
- c. The employee may present verification of enrollment in the medical cannabis patient registry as part of the employee's explanation.
- d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for marijuana. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.
- e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.
- b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minnesota Statutes, section 181.953, subdivision 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed

during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug or alcohol threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments E and F to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test requested by the school district, unless the following conditions have been met:
  - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
  - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.

5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.
6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.
7. An employee must be given access to information in the individual's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

G. Withdrawal of Job Offer for an Applicant for a Position That Does Not Require a Commercial Driver's License

If a job applicant has received a job offer made contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;
2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample

tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug or alcohol testing process are private data on individuals as that phrase is defined in Minnesota Statutes Chapter 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes, Chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

Employees under the influence of drugs which are not medically prescribed are prohibited from entering or remaining on school district property.~~

~~Any employee who violates this section shall be subject to discipline which includes but is not limited to, immediate suspension without pay and immediate discharge.~~

Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

### **III. LIMITED EDUCATIONAL PURPOSE**

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

### **IV. USE OF SYSTEM IS A PRIVILEGE**

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

### **V. UNACCEPTABLE USES**

- A. While not an exhaustive list, the following uses of the school district system and Internet resources or accounts are considered unacceptable:
  - 1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
    - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
    - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory,

- threatening, disrespectful, or sexually explicit language;
- c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
  - d. information or materials that could cause damage or danger of disruption to the educational process;
  - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
  3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
  4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
  5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
  6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
    - a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
    - b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
      - (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory

information in accordance with Policy 515; or

- (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," "TikTok," "Reddit," and similar websites or applications.
7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
  8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
  9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
  10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district

may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.

- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

## **VI. FILTER**

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
1. Obscene;
  2. Child pornography; or
  3. Harmful to minors.
- B. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
  2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
  3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

## **VII. CONSISTENCY WITH OTHER SCHOOL POLICIES**

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

## **VIII. LIMITED EXPECTATION OF PRIVACY**

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure, or discovery under Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

## **IX. INTERNET USE AGREEMENT**

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

## **X. LIMITATION ON SCHOOL DISTRICT LIABILITY**

Use of the school district system is at the user's own risk. The system is provided on an "as is, as represented" basis. The school district does not warrant the accuracy, reliability, or availability of the system or any data stored on the system. The school district shall not be liable for any damages, including consequential damages, arising from the use of the system or any data stored on the system.

as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

## **XI. USER NOTIFICATION**

- A. All users shall be notified of the school district policies relating to Internet use.
- B. This notification shall include the following:
  - 1. Notification that Internet use is subject to compliance with school district policies.
  - 2. Disclaimers limiting the school district's liability relative to:
    - a. Information stored on school district diskettes, hard drives, or servers.
    - b. Information retrieved through school district computers, networks, or online resources.
    - c. Personal property used to access school district computers, networks, or online resources.
    - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
  - 3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
  - 4. Notification that, even though the school district may use technical means to limit student Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
  - 5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.
  - 6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
  - 7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
  - 8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

## **XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE**

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.
- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
  - 1. A copy of the user notification form provided to the student user.
  - 2. A description of parent/guardian responsibilities.
  - 3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
  - 4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
  - 5. A statement that the school district's acceptable use policy is available for parental review.

## **XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS**

- A. "Technology provider" means a person who:
  - 1. contracts with the school district, as part of a one-to-one program or otherwise, to provide a school-issued device for student use; and
  - 2. creates, receives, or maintains educational data pursuant or incidental to a contract with the school district.
- B. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:
  - 1. identify each curriculum, testing, or assessment technology provider with access to educational data;
  - 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
  - 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a

curriculum, testing, or assessment technology provider to access a student's educational data.

- D. The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.
- E. A contract between a technology provider and the school district must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
  - 1. the technology provider's employees or contractors have access to educational data only if authorized; and
  - 2. the technology provider's employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider's property.

#### **XIV. SCHOOL-ISSUED DEVICES**

- A. "School-issued device" means hardware or software that the school district, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A school-issued device includes a device issued through a one-to-one program.
- B. Except as provided in paragraph C, the school district or a technology provider must not electronically access or monitor:
  - 1. any location-tracking feature of a school-issued device;
  - 2. any audio or visual receiving, transmitting, or recording feature of a school-issued device; or
  - 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.
- C. The school district or a technology provider may only engage in activities prohibited by paragraph B if:
  - 1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by school district employees, student teachers, staff contracted by the school district, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
  - 2. the activity is permitted under a judicial warrant;
  - 3. the school district is notified or becomes aware that the device is missing or stolen;
  - 4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;

5. the activity is necessary to comply with federal or state law, including but not limited to Minnesota Statutes section 121A.031; or
  6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.
- D. If the school district or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

#### **XV. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN**

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

#### **XVI. IMPLEMENTATION; POLICY REVIEW**

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of the Internet, the school board shall conduct an annual review of this policy.

**524 INTERNET ACCEPTABLE USE AND SAFETY POLICY**

***[Note: School districts are required by statute to have a policy addressing these issues.]***

**I. PURPOSE**

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

**II. GENERAL STATEMENT OF POLICY**

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

**III. LIMITED EDUCATIONAL PURPOSE**

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

**IV. USE OF SYSTEM IS A PRIVILEGE**

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

**V. UNACCEPTABLE USES**

- A. While not an exhaustive list, the following uses of the school district system and Internet resources or accounts are considered unacceptable:

1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
  - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
  - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
  - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
  - d. information or materials that could cause damage or danger of disruption to the educational process;
  - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.

***[Note: School districts should consider the impact of this paragraph on present practices and procedures, including, but not limited to, practices pertaining to employee communications, school or classroom websites, and student/employee use of social networking websites. Depending upon school district policies and practices, school districts may wish to add one or more of the following clarifying paragraphs.]***

- a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between

employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).

- b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
  - (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
  - (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," "TikTok," "Reddit," and similar websites or applications.
7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
  8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
  9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
  10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.

- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

## VI. FILTER

***[Note: Pursuant to state law, school districts are required to restrict access to inappropriate materials on school computers with Internet access. School districts seeking technology revenue pursuant to Minnesota Statutes section 125B.26 or certain federal funding, such as e-rate discounts, for purposes of Internet access and connection services and/or receive funds to purchase Internet accessible computers are subject to the federal Children's Internet Protection Act, effective in 2001. Those districts are required to comply with additional standards in restricting possible access to inappropriate materials. Therefore, school districts should select one of the following alternative sections depending upon whether the school district is seeking such funding and the type of funding sought.]***

### **ALTERNATIVE NO. 1**

***[Note: For a school district that does not seek either state or federal funding in connection with its computer system, the following language should be adopted. It reflects a mandatory requirement under Minnesota Statutes section 125B.15.]***

All computers equipped with Internet access and available for student use at each school site will be equipped to restrict, by use of available software filtering technology or other effective methods, all student access to materials that are reasonably believed to be obscene, child pornography or harmful to minors under state or federal law. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.

***[Note: The purchase of filtering technology is not required by state law if the school site would incur more than incidental expense in making the purchase. In the absence of filtering technology, school sites still are required to use "other effective methods" to restrict student access to such materials.]***

**ALTERNATIVE NO. 2**

***[Note: Technology revenue is available to school districts that meet the additional condition of also restricting adult access to inappropriate materials. School districts that seek such state technology revenue may adopt or retain the following language. However, the school district is not required to do so.]***

- A. All school district computers with Internet access and available for student use will be equipped to restrict, by use of available software filtering technology or other effective methods, all student access to materials that are reasonably believed to be obscene, child pornography or harmful to minors under state or federal law.
- B. All school district computers with Internet access, not just those accessible and available to students, will be equipped to restrict, by use of available software filtering technology or other effective methods, adult access to materials that are reasonably believed to be obscene or child pornography under state or federal law.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.

**ALTERNATIVE NO. 3**

***[Note: School districts that receive certain federal funding, such as e-rate discounts, for purposes of Internet access and connection services and/or receive funds to purchase Internet accessible computers are subject to the federal Children's Internet Protection Act, effective in 2001. This law requires school districts to adopt an Internet safety policy that contains the provisions set forth below. Also, the Act requires such school districts to provide reasonable notice and hold at least one public hearing or meeting to address the proposed Internet safety policy prior to its implementation. School districts that do not seek such federal financial assistance need not adopt the alternative language set forth below nor meet the requirements with respect to a public meeting to review the policy. The following alternative language for school districts that seek such federal financial assistance satisfies both state and federal law requirements.]***

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
  - 1. Obscene;
  - 2. Child pornography; or
  - 3. Harmful to minors.
- B. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
  - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
  - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the

genitals; and

3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
  - D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
  - E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

***[Note: Although school districts are not required to adopt the more restrictive provisions contained in either Alternative No. 2 or No. 3 if they do not seek state or federal funding, they may choose to adopt the more restrictive provisions as a matter of school policy.]***

#### **VII. CONSISTENCY WITH OTHER SCHOOL POLICIES**

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

#### **VIII. LIMITED EXPECTATION OF PRIVACY**

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure, or discovery under Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

## **IX. INTERNET USE AGREEMENT**

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

## **X. LIMITATION ON SCHOOL DISTRICT LIABILITY**

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

## **XI. USER NOTIFICATION**

- A. All users shall be notified of the school district policies relating to Internet use.
- B. This notification shall include the following:
  - 1. Notification that Internet use is subject to compliance with school district policies.
  - 2. Disclaimers limiting the school district's liability relative to:
    - a. Information stored on school district diskettes, hard drives, or servers.
    - b. Information retrieved through school district computers, networks, or online resources.
    - c. Personal property used to access school district computers, networks, or online resources.
    - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
  - 3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
  - 4. Notification that, even though the school district may use technical means to limit student Internet access, these limits do not provide a foolproof means for

enforcing the provisions of this acceptable use policy.

5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.
6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

## **XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE**

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.
- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
  1. A copy of the user notification form provided to the student user.
  2. A description of parent/guardian responsibilities.
  3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
  4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
  5. A statement that the school district's acceptable use policy is available for parental review.

## **XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS**

- A. "Technology provider" means a person who:
  1. contracts with the school district, as part of a one-to-one program or otherwise, to provide a school-issued device for student use; and
  2. creates, receives, or maintains educational data pursuant or incidental to a contract with the school district.

- B. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:
  - 1. identify each curriculum, testing, or assessment technology provider with access to educational data;
  - 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
  - 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.
- D. The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.
- E. A contract between a technology provider and the school district must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
  - 1. the technology provider's employees or contractors have access to educational data only if authorized; and
  - 2. the technology provider's employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider's property.

#### **XIV. SCHOOL-ISSUED DEVICES**

- A. "School-issued device" means hardware or software that the school district, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A school-issued device includes a device issued through a one-to-one program.
- B. Except as provided in paragraph C, the school district or a technology provider must not electronically access or monitor:
  - 1. any location-tracking feature of a school-issued device;
  - 2. any audio or visual receiving, transmitting, or recording feature of a school-issued device; or
  - 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.

- C. The school district or a technology provider may only engage in activities prohibited by paragraph B if:
1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by school district employees, student teachers, staff contracted by the school district, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
  2. the activity is permitted under a judicial warrant;
  3. the school district is notified or becomes aware that the device is missing or stolen;
  4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;
  5. the activity is necessary to comply with federal or state law, including but not limited to Minnesota Statutes section 121A.031; or
  6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.
- D. If the school district or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

#### **XV. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN**

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

#### **XVI. IMPLEMENTATION; POLICY REVIEW**

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of the Internet, the school board shall conduct an annual review of this policy.

## ~~3187 — USE POLICY FOR INTERNET ACCESS —~~

-

### ~~A. — Purpose~~

~~The purpose of this policy is to set forth policies and guidelines for access to the Duluth Public Schools' computer system and responsible and safe use of the Internet, including electronic communications.~~

### ~~B. — General Statement of Policy~~

~~In making decisions regarding student and employee access to the Duluth Public Schools' computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, blogs, and other resources while exchanging messages with people around the world. The school district expects that faculty will promote responsible use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.~~

### ~~C. — Limited Forum for District's Educational Use~~

~~The Duluth Public Schools is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited purpose network.~~

### ~~D. — Use of System is a Privilege~~

~~The use of the Duluth Public Schools' system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion or termination of employment; or civil or criminal liability under other applicable laws.~~

-

~~Guidelines for Internet Access use are contained in Regulation 3187R.~~

-

### ~~Internet Safety~~

#### ~~A. — Introduction~~

~~It is the policy of the Duluth Public Schools to:~~

- ~~(1) — prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications;~~

- ~~(2) — prevent unauthorized access and other unlawful online activity;~~
- ~~(3) — prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors;~~
- ~~(4) — educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response; and~~
- ~~(5) — comply with the Children’s Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)] and Protecting the children in the 21<sup>st</sup> Century Act.~~

#### ~~B. — Definitions~~

~~Key terms are as defined in the Children’s Internet Protection Act.~~

#### ~~C. — Access to Inappropriate Material~~

~~To the extent practical, technology protection measures (or “Internet filters”) shall be used to block or filter Internet. Specifically, as required by the Children’s Internet Protection Act, blocking shall be applied to visual depictions that are deemed obscene, child pornography, or harmful to minors.~~

~~Specifically, as required by the Children’s Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.~~

~~Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.~~

#### ~~D. — Inappropriate Network Usage~~

~~To the extent practical, steps shall be taken to promote the safety and security of users of the Duluth Public Schools online computer network when using electronic mail, blogs, instant messaging, and other forms of direct electronic communications.~~

~~Specifically, as required by the Children’s Internet Protection Act, prevention of inappropriate network usage includes:~~

- ~~(1) — unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and~~
- ~~(2) — unauthorized disclosure, use, and dissemination of personal identification information regarding minors.~~

#### ~~E. — Supervision and Monitoring~~

~~It shall be the responsibility of all members of the Duluth Public Schools staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and the Children’s Internet protection Act.~~

~~Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Technology Department or designated representatives.~~

#### ~~F. — CIPA definitions of terms:~~

~~TECHNOLOGY PROTECTION MEASURE. The term “technology protection measure” means a specific technology that blocks or filters Internet access to visual depictions that are:~~

## **404 EMPLOYMENT BACKGROUND CHECKS**

### **I. PURPOSE**

The purpose of this policy is to maintain a safe and healthful environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, the school district will seek a criminal history background check for applicants who receive an offer of employment with the school district and on all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, or such other background checks as provided by this policy. The school district may also elect to do background checks of other volunteers, independent contractors, and student employees in the school district.

### **II. GENERAL STATEMENT OF POLICY**

- A. The school district shall require that applicants for school district positions who receive an offer of employment and all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, submit to a criminal history background check. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district.
- B. The school district specifically reserves any and all rights it may have to conduct background checks regarding current employees, applicants, or service providers without the consent of such individuals.
- C. Adherence to this policy by the school district shall in no way limit the school district's right to require additional information, or to use procedures currently in place or other procedures to gain additional background information concerning employees, applicants, volunteers, service providers, independent contractors, and student employees.

### **III. PROCEDURES**

- A. Normally an individual will not commence employment or provide services until the school district receives the results of the criminal history background check. The school district may conditionally hire an applicant or allow an individual to provide services pending completion of the background check, but shall notify the individual that the individual's employment or opportunity to provide services may be terminated based on the result of the background check. Background checks will be performed by the Minnesota Bureau of Criminal Apprehension (BCA). The BCA shall conduct the background check by retrieving criminal history data as defined in Minn. Stat. § 13.87. The school district reserves the right to also have criminal history background checks conducted by other organizations or agencies including conducting a search history from the Minnesota Public Criminal History web site, the

National Sex Offender Registry and the Minnesota Meth Offender Registry. These searches will be conducted prior to an employee's start date. Other states public record web sites will be used when appropriate.

- B. In order for an individual to be eligible for employment or to provide athletic coaching services or other extracurricular academic coaching services to the school district, except for an enrolled student volunteer, the individual must sign a criminal history consent form, which provides permission for the school district to conduct a criminal history background check, and provide a money order or check payable to either the BCA or to the school district, at the election of the school district, in an amount equal to the actual cost to the BCA and the school district of conducting the criminal history background check. The cost of the criminal history background check is the responsibility of the individual, unless the school district decides to pay the costs for a volunteer, an independent contractor, or a student employee. If the individual fails to provide the school district with a signed Informed Consent Form and fee at the time the individual receives a job offer, or permission to provide services, the individual will be considered to have voluntarily withdrawn the application for employment or request to provide services.
- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the state board of teaching or the commissioner of education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
  1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
  2. the other school hiring authority conducted a criminal background check within the previous 12 months;
  3. the individual executes a written consent form giving the school district access to the results of the check; and
  4. there is no reason to believe that the individual has committed an act subsequent to the check that would disqualify the individual for employment or provision of services.
- E. For all nonstate residents who are offered employment with or the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, the school district shall request a criminal history background check on such individuals from the superintendent of the BCA and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district. Such individuals must provide an executed criminal history consent form.

- F. When required, individuals must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the individual are unusable, the individual will be required to submit another set of prints.
- G. Copies of this policy shall be available in the school district's employment office and will be distributed to applicants for employment and individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment or provision of services in the position posting and position advertisements.
- H. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- I. If the criminal history background check precludes employment with, or provision of services to, the school district, the individual will be so advised.
- J. The school district may apply these procedures to other volunteers, independent contractors, or student employees.
- K. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication.

#### **IV. CRIMINAL HISTORY CONSENT FORM**

A form to obtain consent for a criminal history background check is included with this policy.

These regulations pertain to the use of District and personal technology resources while on school property, in school vehicles and at school-sponsored activities, as well as the use of District technology resources via off-campus access.

## **A. Appropriate Use of Technology Resources for Students**

### **(1) Introduction**

The Duluth Public Schools is pleased to offer students access to District computers, communications systems<sup>1</sup>, the Internet and an array of technology resources to promote educational excellence. Each student is responsible for his/her use of technology, whether personal or District-provided. While using District and personal technology resources on school property, in school vehicles and at school-sponsored activities, as well as using District technology resources via off-campus access, each student must act in an appropriate manner consistent with school, District, and legal guidelines in this limited forum. It is the joint responsibility of school personnel and the parent or guardian of each student to educate the student about his/her responsibilities and to establish expectations when using technology.

### **(2) Using the Internet and Communications Systems<sup>1</sup>**

District technology resources are provided to students to conduct research, complete assignments, and communicate with others in furtherance of their education.

- (a) Access is a privilege not a right; as such, general rules of school behavior apply.
- (b) Access to these services is given to students who agree to act in a considerate and responsible manner. Just as students are responsible for good behavior in a classroom or a school hallway, they must also be responsible when using school computer networks or personal technologies.
- (c) Students must comply with District standards and honor this agreement to be permitted the use of technology.
- (d) All digital storage that is provided by the District is District property, and as such, authorized district employees may review files and communications to maintain system integrity and ensure that students are using technology responsibly.
- (e) Students should not expect District provided file storage will be private.
- (f) The educational value of technology integration in curriculum is substantial. Access to the Internet will enable students to use extensive online informational resources.
- (g) Families should be warned that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, profane, sexually oriented or potentially offensive to some people. While the intent is to make Internet access available to further educational goals and objectives, students may find ways to access these other materials as well. The Duluth Public Schools does not condone or permit the use of this material and uses content filtering software to protect students to the extent reasonable.
- (h) Parents and guardians must be aware that content filtering software is not completely fail-safe and while at school, direct supervision by school personnel of each student using a computer is desired but not always possible.
- (i) Students are expected to use technology resources in a manner consistent with the rules below and will be held responsible for their intentional misuse.
- (j) The Duluth Public Schools believes that the benefits of student access to the Internet in the form of information resources and opportunities for collaboration exceed any disadvantages.
- (k) Ultimately, parents and/or guardians are responsible for setting and conveying

the standards that their children should follow when using technology. If a student accidentally accesses inappropriate material they should back out of that information at once and notify the supervising district employee.

- (l) When on district property or at a district sponsored event personal technologies must use district provided internet.

### **(3) Proper and Acceptable Use of All Technology Resources**

All District technology resources, including but not limited to District computers, communications systems<sup>1</sup> and the Internet, must be used in support of education and academic research and must be used in a manner consistent with the educational mission and objectives of the Duluth Public Schools.

Students are expected to report harassment, threats, hate-speech and inappropriate content to a teacher or administrator. If a student has any questions about whether a specific activity is permitted, he or she should ask a districted employee.

#### **(4) Online Assessments**

Student assessments may be conducted using technologies such as the Internet or audience response systems. Normally, students will use these technologies as a part of their instructional day. Privacy and security, as defined above, along with confidentiality of assessment responses, are expected.

#### **(5) Vandalism**

Any intentional act by a student that damages District technology hardware, software, operating systems, data, or services will be considered vandalism and will be subject to school rules and disciplinary procedures. Any intentional act that requires a person's time to repair, replace, or perform corrective work on District technologies or data is also considered vandalism.

#### **(6) Consequences of Misuse**

- (a) Misuse of personal<sup>2</sup> or District technology resources while on school property, in school vehicles and at school-sponsored activities, as well as the use of District technology resources via off-campus access may result in disciplinary action up to and including expulsion.
- (b) This regulation shall be used in conjunction with Duluth Public Schools' student policies. In addition, the student's use of District technologies may be suspended or restricted.
- (c) A school may temporarily hold (pending parental and/or same-day pick up) personal technology resources that are used inappropriately.
- (d) Individual schools may choose to have additional rules and regulations pertaining to the use of personal, resources in their respective buildings.
- (e) Intentional unauthorized access and/or damage to hardware, software, operating systems, data; or services may be punishable under local, state, or federal law.

### **(7) Student Access**

Parents or guardians who do not wish their children to access the Internet must return the "**Student Internet Permission Form**" to their children's schools by the date indicated on the form. These forms will be distributed to all households with the Back-to-School information in August prior to the start of the school year.

These forms will be distributed to all households with the Back-to-School information in August prior to the start of the school year.

## **B. Appropriate Use of Technology Resources for Staff**

Employees of Duluth Public Schools are granted the privilege of using technology only in an authorized and acceptable manner. Generally, a use is unacceptable if it conflicts with Duluth Public Schools or the individual department's purpose, goal, or mission, or interferes with an employee's authorized job duties or responsibilities as determined by his/her immediate supervisor. For purposes of this policy, the term "staff" includes permanent and temporary personnel, substitutes, contract personnel, hourly non-contract personnel, student teachers, volunteers, and outside agency personnel allowed use of District technology access.

Administration reserves the right to archive, monitor, review, and audit an employee's use of technology at any time. By using technology, the user consents to this monitoring.

### **(1) Proper and Acceptable Use of All Technology Resources**

Examples of acceptable uses include, but are not limited to, the following types of communication:

- (a) for educational purposes;
- (b) with students, staff, parents, and other customers of the District;
- (c) with federal, state, and local government personnel or agencies, and private businesses with which the School District conducts business;
- (d) for professional development;
- (e) for administrative purposes;
- (f) limited and judicious use of technology for personal use so long as the use is not unacceptable use or violation of School Board policy or the law, and work productivity is not impacted. Employees are to use technology for personal use during designated break time or before/after scheduled work hours;
- (g) limited and judicious use of technology for union business. Prior authorization is required from the Department of Human Resources or Superintendent.

Activities that are not permitted when using District or personal technologies include but are not limited to:

- (a) excessive personal use of technology. Personal use will be deemed excessive if, in

- the opinion of an employee's immediate supervisor, the use detracts from the individual employee's or the department's productivity;
- (b) communicating to promote personal business ventures (e.g., advertise, promote, or attempt to sell any product, investment, insurance, or other financial proposition) or solicit funds for personal business, political, religious, or other personal causes;
  - (c) communicating for illegal purposes including, but not limited to: political lobbying, violating copyright laws, downloading, copying, or using unauthorized software (including screensavers), creating or knowingly spreading viruses, impersonating another user, or accessing restricted systems;

  - (e) accessing or distributing any communication which may constitute or contain intimidating, hostile, pornographic, offensive or discriminatory material on the basis or sex, race, color, religion, nation origin, sexual orientation or disability;

## **(2) Social Media Networks**

The District recognizes the importance of online social media networks as a communication and e-learning tool. Toward that end, the District provides access to password-protected social media tools and District-approved technologies for e-learning and encourages use of District tools for collaboration by employees. However, public social media networks, outside of those sponsored by the District, may not be used for classroom instruction or school-sponsored activities without the prior authorization of the Superintendent, or designee, and parental consent for student participation on social networks. The District may use these tools and other communication technologies in fulfilling its responsibility for effectively communicating with the general public.

The District recommends Google Apps as its password protected social medial tool for educational use. The District has greater authority and responsibility to protect minors from inappropriate content and can limit public access within this limited public forum.

All social networking must be conducted using district-approved and/or provided and password-protected social media tools and technologies for e-learning. The District prohibits social networking relationships on non-district approved networks between employees in their roles as employees and students as well as between employees and alumni under the age of 18. The District does not discourage staff from having social networking relationships with students who are family members. "Family members" include the immediate family of a staff member, spouse, or registered domestic partner and shall include father, mother, brother, sister, husband, wife, child, grandparent, aunt, uncle, niece, nephew, brother-in-law, sister-in-law, daughter-in-law, sister-in-law, and grandchild. Teachers are reminded of their responsibility to abide by the professional code of ethics at all times, including during the use of social networking sites. Employees have responsibility for maintaining appropriate employee-student relationships at all times and have responsibility for addressing inappropriate behavior or activity.

## **(3) Consequences of Misuse**

- (a) Misuse of personal or District technology resources while on school property, in school vehicles and at school-sponsored activities, as well as the use of District technology

resources via off-campus remote access may result in disciplinary action up to and including termination.

- (b) Intentional unauthorized access and/or damage to networks, servers, user accounts, passwords, or other District resources may be punishable under local, state, or federal law.

**C. Privacy and Security**

Students and staff must use District technologies responsibly and in a secure manner. They must not share their logins, passwords, or access with others. By using technology, staff is agreeing to, and understands, it is their responsibility to protect employee and/or student information accessed through the Financial/Human Resources information system and/or student information system, and will not release the data to any unauthorized employees or outside agencies.

**D. Reliability and Limitation of Liability**

- (a) The Duluth Public Schools makes no warranties of any kind, expressed or implied, for the technology resources it provides to students and staff.
- (b) The Duluth Public Schools will not be responsible for any damages suffered by the student, including those arising from non-deliveries, mis-deliveries, service interruptions, unauthorized use, loss of data, and exposure to potentially harmful or inappropriate material or people. This applies to personal use of technology by students and staff.
- (c) Use of any information obtained via the Internet or communications technologies is at the student’s or staff’s own risk.
- (d) The Duluth Public Schools specifically denies any responsibility for the accuracy or quality of information obtained through the Internet.
- (e) The student and his/her parent/guardian will indemnify and hold the Duluth Public Schools harmless from any losses sustained as the result of misuse of the District’s technology resources by the student.

<sup>1</sup>(Communication systems include e-mail, web social media, phones, pagers, text messaging, instant messaging, blogging, podcasting, listservs, and/or other emerging technologies).

**2) HR Department Updates:**

The Human Resources Team is working through the implementation for Teachers on Call and are hoping to have their services live by the start of the 2022-2023 school year. Email notices have been sent to District teacher and paraprofessional substitutes and will also send out letters via USPS regarding the transition and providing FAQs about the process they should follow. Teachers on Call will be doing training with principals and site clerical staff in late August.

The Human Resources Department started using an electronic background checking service, Trusted Employees, in late July. We have already experienced excellent service and a quick turn-around for processing. With this new service, we will no longer be charging volunteers to process their background checks.

The Human Resources team interviewed for the Benefits Coordinator position on August 4, 2022. We hope to extend an offer of employment to a candidate by August 10, 2022. Interviews for an additional Payroll and HRIS Specialist on August 10, 2022. We received a good pool of very qualified candidates for the position.

**3) Benefits Updates:**

Our Benefits Assistant, Kinsey Klasnich, continues to process benefit changes, COBRA paperwork and 22-23 leaves of absences among other duties while we work to hire the Benefits Coordinator. She is gearing up for new hire orientation and enrollments as the new school year approaches.

**4) Hiring Updates:**

The last contract to be settled is the National Conference of Fireman and Oilers. Mediation with this group was held on July 20, 2022, with more than ½ of their negotiating team not present. The main issues still open included the addition of a Field Engineer position, vacation and sick leave accrual process, minimum work hours for bus drivers, and wages. The session ended at 11:30 p.m. with the District requesting a vote from the bargaining unit on our final proposal. We are hopeful that the unit will set a date for voting in August.

## CHLD NUTRITION MEMORANDUM

To: Catherine Erickson, CFO/Executive Director of Business Services

From: Sheila Oak, DTR, Supervisor of Child Nutrition

Date: June 16, 2022

Re: Student Lunch Meal Price Increase

A handwritten signature in blue ink that reads "Sheila Oak, DTR". The signature is written in a cursive style and is positioned to the right of the "From:" field.

Due to the Healthy Hunger-Free Kids Act of 2010, signed into law December 2010, requiring schools to charge students of paid meals at a price that is on average, equal to the difference between the federal free meal reimbursements and any state reimbursements, and paid meal reimbursements. Schools that currently charge less are required to gradually increase their prices over time until they meet the requirement. Because our current lunch price does not meet the paid lunch equity price (\$3.31), we are required to increase our lunch price by ten cents for the 2022-2023 School Year.

**Current Paid Lunch Prices**

Elementary \$2.60

Secondary \$2.85

**Proposed Paid Lunch Prices**

Elementary \$2.70

Secondary \$2.95

## Transportation Report July 2022 Activities

The ISD #709 Transportation department manages both a district owned fleet of vehicles and district employees, including bus drivers, monitors, and mechanics, along with the coordination of contracted transportation services through Voyageur Bus Company.

The clock is ticking! The rollover to the new school year is currently underway as we continue to plan for 2022-2023 bussing.

The Transportation department uses Versatrans as its student transportation software. The department is busy building and/or updating about 434 routes and coordinating with Voyageur. We are building and implementing summer routing in coordination with program leaders (ESY, Excel, Day Treatments etc.) We are still waiting on some programs to get us information so we can build those routes. There are *many* updates daily.

- 14 trips in July, 2022
- 30 scheduled so far for August, 2022

During the planning process, it was discovered that we will start the school year with at least three drivers down. There have been no recently hired drivers. COVID continues to be a concern, due to quarantine time.

In terms of COVID response, drivers have access to a Hudson sprayer with Virex to be used between routes for disinfection. Additionally, they have alcohol wipes for their own disinfection purposes. All drivers have access to two electrostatic sprayers as well.

ELDT is still and will likely continue to be troublesome for some time.

A recent OSHA inspection found problem with stairs and we have had them removed.

The Transportation Department is still waiting on one engine replacement. We anticipate the upcoming approval of two buses as the order has been received by the vendor. We also plan to implement Transversa for routing in November – December.

Maintenance on non-transportation vehicles “under 5” has begun. The department recently completed maintenance on four non-transportation vehicles. Routine general bus maintenance is ongoing (wiring/electrical, brakes, stop arms, belts, etc.). A&B scheduled maintenance inspection continues as well. Preps are underway for a State inspection coming early August (9<sup>th</sup> and 10<sup>th</sup>).

The average fleet age is 7.2 years. Current average mileage is 71,032 (goal is 50,000 – 60,000).

## Duluth Area Family YMCA Proposal for ISD 709 ESSER Funds

*Drafted June 30, 2022*

### Overview

The Duluth Area Family YMCA (the Y) is one of the oldest and largest nonprofits in the Northland. The Y is committed to strengthening community by connecting all people to their potential, purpose, and each other. As an association, the Y's programs reach over 180 miles, from Moose Lake to Grand Portage. Locally, programs operate within all Duluth Public Elementary Schools, the Harbor Highlands Community Center, the Gary-New Duluth Recreation Center, the Woodland Community Center, and several non-profit youth serving agencies.

In partnership with ISD 709, the Y is proposing to provide the following services to increase youth development and healthy living opportunities for Duluth-area youth, specifically those from low-income households and BIPOC communities over the 2022-2023 and 2023-2024 school years.

The Y acts as a leader, collaborator, and catalyst for change. Services described in this proposal will have a widespread impact on youth and families, as they will be done in collaboration with the following entities: AICHO, Boys and Girls Clubs of the Northland, CHUM's Steve O'Neil Apartments, the Damiano Center, the Duluth Community School Collaborative, Family Freedom Center, Gary New Duluth Recreation Center, Harbor Highlands Community Center, Laura MacArthur KEY Zone, Lincoln Park Children and Families Collaborative, Myers-Wilkins KEY Zone, Stowe KEY Zone, and Valley Youth Center. These partnerships were carefully identified for this project as they all serve a high percentage of youth from low-income households (40-95% qualifying for free or reduced-price lunch) and families that identify as part of the BIPOC community (20-95%).

10. Fire and Casualty. It is agreed between the Lessor and the Lessee that if during the term of this lease the demised premises or the improvements thereon shall be injured or destroyed by fire or the elements, or through any other cause, so as to render the demised premises unfit for occupancy, or make it impossible to conduct the business of the Lessee thereon, or to such an extent that they cannot be repaired with reasonable diligence within thirty (30) days from the happening of such injury, then the Lessor or the Lessee may terminate this lease and the term herein demised from the date of such damage or destruction, and the Lessee shall immediately surrender the demised premises and all interest therein to the Lessor, and the Lessee shall pay rent only to the time of such surrender; and in case of any such destruction or injury the Lessor may re-enter and repossess the demised premises discharged of this lease, and may dispossess all parties then in possession thereof. But if the demised premises can be restored within sixty (60) days from the happening of the injury thereto, and the Lessor within fifteen (15) days from the occurrence of such injury elects in writing to so repair or restore said premises within sixty (60) days from the happenings of the injury thereto, then this lease shall not end or terminate on account of such injury by fire or otherwise, but the rent shall not run or accrue after the injury and during the process of repairs, and up to the time when the repairs shall be completed, except only that the Lessee shall during such time pay a pro rata portion of such rent apportioned to the portion of the demised premises which are in condition for occupancy or which may be actually occupied during such repairing period. In any event, the Lessee may, in the alternative, require that the Lessor, during the period of said repairs, provided other facilities which the Lessor owns and which are reasonably available or extend the period of the lease to complete the school year to enable the Lessee to conduct its school program. If, however, the demised premises shall be so slightly injured by any cause aforesaid, as not to be rendered unfit for occupancy, then the Lessor shall repair the same with reasonable promptness, and in that case the rent shall not cease or be abated during such repairing period. All improvements or betterment's placed by the Lessee on the demised premises shall, however, in any event, be repaired and replaced by the Lessee at his own expense and not at the expense of the Lessor.

11. Cancellation. This lease may be canceled and terminated as follow:

- a. Upon 60 days written notice by Lessee to Lessor and subsequent payment by Lessee to the Lessor of any amounts owed up to the effective date of the cancellation.
- b. In accordance with other provisions herein.

12. Insurance. Lessor agrees to provide and secure at Lessor's expense such insurance as in the Lessor's judgment may be proper and necessary to protect against any loss, damage or destruction to the building or any other insurable portion of the demised premises. The Lessee may be responsible for any deductible amount not covered by Lessor's insurance, up to \$25,000 per occurrence, for any loss, damage or destruction of the building attributable to the acts of its employees or others under its supervision. Lessee shall maintain sufficient commercial general

Section 12. Insurance – continued.

liability insurance, in the amount of or greater than One Million Dollars (\$1,000,000) to protect both Lessor, as named additional insured, and the Lessee from all claims for property damage, and or personal injury, including death, whether the claims are under a workmen's compensation act or otherwise, which may arise from the Lessee's operations, practices or by visits from the public under this lease. Lessee shall also maintain personal property insurance sufficient to cover any damage or injury to Lessee's equipment or other personal property on the premises owned by the Lessee, and covered by the terms of this lease. Lessee shall file certificates of this insurance with Lessor, if Lessor so requires, on 30 days' written notice to Lessee. The Lessor and the Lessee hereby mutually waive as against each other any claim, action or cause of action for any loss, cost, damage or expense which may arise during the term hereof as a result of occurrence of perils covered by the Minnesota Standard Fire Insurance Policy and extended coverage endorsements.

13. Default. If default shall be made by Lessee or Lessee's successors or assigns in the payment of the rent herein reserved, and that default shall continue for sixty (60) days after notice thereof in writing to Lessee or Lessee's successors or assigns; or if a breach other than in the payment of rent shall be made in the terms and conditions herein to be performed by Lessee or Lessee's successors and assigns, and the breach shall continue for 60 days after notice thereof in writing to Lessee: then and in either event the right of Lessee to the possession of the demised premises shall terminate upon the expiration of an additional 30 days at option of Lessor, and the mere retention or possession thereafter by Lessee shall constitute a forcible detainer, and if Lessor so elects, but not otherwise, this lease shall thereupon terminate.

Upon termination pursuant to this Section, the Lessor may lease or re-let the premises in whole or in part, or the buildings and improvements thereon, to any tenant or tenants that may be satisfactory to Lessor for any duration and for the best rent, terms, and conditions as Lessor may obtain. The acceptance of any tenant or the making of any lease by Lessor shall be conclusive of the exercise of proper discretion by Lessor. In the event of a re-entry, Lessor shall credit the rent actually collected by the Lessor from such re-letting on the rentals stipulated to be paid under this lease by the Lessee from time to time, and may collect from the Lessee any balance remaining due from time to time on the rent reserved under this lease, charging to the Lessee such reasonable expenses as the Lessor may expend in putting the premises in tenantable condition.

Lessor shall not be under any obligation to repossess the demised premises during any period wherein Lessee is in default, and the foregoing provisions regarding the repossession and management of the building and improvements and the disposition of rents thereof by Lessor are made to operate only in the event Lessor shall elect to repossess the premises.

14. Waiver of Consent. The failure of the Lessor or Lessee to insist upon a strict performance of any of the terms, conditions and covenants herein shall not be deemed a waiver of any rights or remedies that the Lessor or Lessee may have and shall not be deemed a waiver of any subsequent breach or default in the terms, conditions and covenants herein contained.

15. Ownership and Possession. Lessor covenants that it is lawfully seized of the demised premises and has full right and power to enter into this lease for the full term and upon all the conditions herein contained, and will deliver full and complete possession of the demised premises upon the commencement date of the lease, and that Lessee, on paying the said rent and performing the covenants agreed to be performed, shall and may peaceably and quietly have, hold and enjoy the demised premises for the said term and for the use and purpose leased hereunder. Lessor covenants that the Lessee at all times shall have unobstructed and adequate means of ingress and egress between each of the entrances to the demised premises and a public street or public highway.

16. Notices. Whenever notice, demand or communication shall be required to be given to the Lessee, it shall be deemed sufficient for that purposes to deliver by means of overnight delivery by established company, or mail such notice by certified mail, return receipt requested, to Lessee addressed to: Independent School District #709, 215 North First Avenue East, Duluth, Minnesota 55802 or as Lessee may from time to time designate in writing, and notice given as aforesaid shall be sufficient service thereof.

Whenever notice, demand or communication is to be given to or made on the Lessor, it shall be deemed sufficient for the purpose to mail by certified mail, return receipt requested, such notice to the Lessor addressed to: Northwood Children's Services, 714 West College Street, Duluth, Minnesota 55811, or as Lessor may from time to time designate in writing and notice given as aforesaid shall be sufficient service thereof.

17. Other Matters. The schedule attached hereto is a part of the lease and shall supersede any inconsistent provisions set forth hereinabove.

IN WITNESS WHEREOF, the parties hereto have executed this lease and affixed their seals thereto, the day and year first above written.

During these meetings, the Seller and Customer will discuss action items, tasks completed, tasks outstanding, risks, issues, key decisions and conduct a budget review.

**Change Management.** When a change to a project occurs, the Seller's project change control process will be utilized.

**Project Closure.** Once verbal scope completion is confirmed, a written Project Closure Acceptance will be provided for Customer to formally acknowledge. If desired, the project team will meet to recap, answering any questions address project transition activities and next steps.

## CONTACT PERSONS

Each Party will appoint a person to act as that Party's point of contact ("**Contact Person**") as the time for performance nears and will communicate that person's name and information to the other Party's Contact Person.

Customer Contact Person is authorized to approve materials and Services provided by Seller, and Seller may rely on the decisions and approvals made by the Customer Contact Person (except that Seller understands that Customer may require a different person to sign any Change Orders amending this SOW). The Customer Contact Person will manage all communications with Seller, and when Services are performed at a Customer-Designated Location, the Customer Contact Person will be present or available. The Parties' Contact Persons shall be authorized to approve changes in personnel and associated rates for Services under this SOW.

## CHANGE MANAGEMENT

This SOW may be modified or amended only in a writing signed by both Customer and Seller, generally in the form provided by Seller ("**Change Order**"). Services not specified in this SOW are considered out of scope and will be addressed with a separate SOW or Change Order.

In the event of a conflict between the terms and conditions set forth in a fully executed Change Order and those set forth in this SOW or a prior fully executed Change Order, the terms and conditions of the most recent fully executed Change Order shall prevail.

## PROJECT SCHEDULING

Customer and Seller, who will jointly manage this project, will together develop timelines for an anticipated schedule ("**Anticipated Schedule**") based on Seller's project management methodology. Any dates, deadlines, timelines or schedules contained in the Anticipated Schedule, in this SOW or otherwise, are estimates only, and the Parties will not rely on them for purposes other than initial planning.

The following scheduling scenarios that trigger delays and durations to extend beyond what's been planned may require a Change Order:

- Site preparation, such as power, cabling, physical access, system access, hardware/software issues, etc. must be completed in a timely manner.
- Project tasks delegated to Customer PMs/Engineers/Techs/Management/Resources must be completed in a timely manner. For example, in the event a project's prioritization is demoted, and Customer resources are reallocated causing the project's schedule to extend on account of experiencing interruptions to its momentum requiring complete stop(s) and start(s).
- External projects/dependencies that may have significant impact on the timeline, schedule and deliverables. It is Seller's assumption that every reasonable attempt will be made to mitigate such situations.

## TOTAL FEES

The total fees due and payable under this SOW ("**Total Fees**") include both fees for Seller's performance of work ("**Services Fees**") and any other related costs and fees specified in the Expenses section ("**Expenses**").

Seller will invoice for Total Fees. Customer will pay invoices containing amounts authorized by this SOW in accordance with the terms of the Agreement. Unless otherwise specified, taxes will be invoiced but are not included in any numbers or

calculations provided herein. The pricing included in this SOW expires and will be of no force or effect unless it is signed by 68 Customer and Seller within thirty (30) days from the Date list on the SOW, except as otherwise agreed by Seller. Any objections to an invoice must be communicated to the Seller Contact Person within fifteen (15) days after receipt of the invoice.

## SERVICES FEES

Services Fees hereunder are **FIXED FEES**, meaning that the amount invoiced for the Services will be \$75,000.00.

The invoiced amount of Services Fees will equal the amount of fees applicable to each completed project milestone (see Table below).

Table – Services Fees

<b>Milestone</b>	<b>Percentage</b>	<b>Fee</b>
Project Kick Off Call	30%	\$22,500.00
Completion of Work	70%	\$52,500.00
<b>Totals</b>	<b>100%</b>	<b>\$75,000.00</b>

## EXPENSES

Neither travel time nor direct expenses will be billed for this project.

## TRAVEL NOTICE

This SOW and any Change Order may be signed in separate counterparts, each of which shall be deemed an original and all of which together will be deemed to be one original. Customer acknowledges that information provided by Arctic Wolf regarding future functionality should not be relied upon to make a purchase decision. Should Arctic Wolf offer additional optional functionality in the future that complement the Solutions, Customer may elect to subscribe to and obtain a license to the optional functionality for an additional fee.

**1.4** Except as otherwise provided herein, Customer understands and agrees that the Authorized Partner may not modify this Agreement or make any commitments related to the delivery or performance of the Solutions on Arctic Wolf's behalf.

## **1.5 Beta Solutions.**

**1.5.1** From time-to-time Arctic Wolf may invite Customer to try, at no charge, Arctic Wolf products, features, or functionality that are not generally available to Arctic Wolf's customers ("Beta Solutions"). Customer may accept or decline any such trial in its sole discretion. Any Beta Solutions will be clearly designated as beta, pilot, limited release, developer preview, non-production or by a description of similar import.

**1.5.2 Restrictions and Disclaimers.** Beta Solutions are provided for evaluation purposes and not for production use, are not supported, may contain bugs or errors, and may be subject to additional terms. The Equipment is a part of the Solutions and included with the subscription to the Solutions for use by Customer during the Subscription Term. If Customer attempts to install or use the Equipment at a location other than the location determined by Customer and communicated to Arctic Wolf during onboarding or at any time thereafter, the Solutions may fail to function or may function improperly. Customer agrees to abide by the terms of the Acceptable Use Policy at <https://arcticwolf.com/terms/acceptable-user-policy/>, as may be updated from time-to-time in accordance with Section 13 below. If Arctic Wolf, in its reasonable discretion, determines that Customer's use of or access to the Solutions imposes an actual or imminent threat to the security or stability of Arctic Wolf's infrastructure or that Customer is abusing its use of the Solutions in contravention with the terms of this Agreement, Arctic Wolf may, in addition to any other right herein, temporarily suspend Customer's access to the Solutions until such activity is rectified. If commercially practicable, Arctic Wolf shall provide Customer with notice prior to any such suspension and shall work with Customer in good faith to reinstate the Solutions promptly.

Customer acknowledges and agrees that Administrators will be able to view all Solutions Data and other traffic and activities that occur on Customer's network and that Customer is responsible for all activities that occur under Administrator accounts. Administrator IDs are granted to individual, named persons and cannot be shared or used by more than one Administrator but may be reassigned from time-to-time to new Administrators. Notwithstanding anything contrary herein, Customer understands and agrees that transmission of Solutions Data to Arctic Wolf may be impacted by in-country technical issues and requirements. Arctic Wolf will provide reasonable assistance to Customer in such instances but is not liable if the Solutions Data cannot be transmitted outside of such country. Customer understands and agrees that it will need to implement security controls to protect the Equipment and the data included therein. Customer, depending on the scope of the deployment, may be required to implement software and services to enable features of the Solutions. Customer acknowledges that any changes Customer makes to its infrastructure or the configuration of the Solutions after initial deployment may cause the Solutions to cease working or function improperly and that Arctic Wolf will have no responsibility for the impact of any such Customer changes. Customer understands that depending on the Solution deployed, a Solution may consume additional CPU and memory in Customer's environment while running in production.

**5.4 Anti-corruption.** In no event shall Arctic Wolf be obligated to take any action (including the shipping of any product or the provision of any service) or omit to take any action that Arctic Wolf believes in good faith would cause it to be in violation of any U.S. or foreign laws or regulations, including, without limitation, the U.S. Foreign Corrupt Practices Act (the "**FCPA**"). Neither party will (i) attempt to, directly or indirectly, improperly influence the sale or purchase of products by payments or other actions contrary to law or regulation, or (ii) take any action or permit or authorize any action that would violate or cause a party to violate the FCPA, the UK Bribery Act, or other applicable anti-corruption laws or regulations. Neither party will, for the purpose of influencing any act or decision to obtain or retain business or direct business to any person, pay, offer or promise to pay, or authorize the payment of, directly or indirectly, any money or anything of value to or for the use or benefit of any of the following: (a) any government official (including any person holding an executive, legislative, judicial or administrative office, whether elected or appointed, or any representative of any public international organization, or any person acting in any official capacity for or on behalf of any

government, state-owned business or public organization); (b) any political party, official thereof, or candidate for political office; or (c) any other person if a party or any respective partner, officer, director, employee, agent, representative or shareholder of such party knows or has reason to suspect or know that any part of such money or thing of value will be offered, given or promised, directly or indirectly, to any of the above-identified persons or organizations. Each party acknowledges and agrees that none of its officers, directors, employees, agents or representatives is a government official or employee or an official or employee of any department or instrumentality of any government, nor is any of them an officer of a political party or candidate for political office, who will share directly or indirectly any part of the sums that may be paid pursuant to performance of this Agreement; and each party agrees to immediately notify the other party should the foregoing change during the term of this Agreement. Each party represents and warrants that neither this Agreement nor the performance of or exercise of rights under this Agreement is restricted by, in conflict with, requires registration or approval or tax withholding under, or will require any termination or expiration, compensation, or any compulsory licensing under, any applicable law or regulation of any country or other governmental entity, and each party will not make any claim to the contrary (each party is relying on this representation and warranty, among other provisions of this Agreement, in entering this Agreement and would not enter this Agreement in its absence).

**5.5 Trade Controls.** Customer understands that the Solutions may be subject to the export control, economic sanctions, customs, import, export and anti-boycott laws, regulations, and orders promulgated or enforced by Canada, the United States, Customer's country of residence, and any other country or governmental body having jurisdiction over the parties to this Agreement ("Trade Controls"). Customer agrees not to export, re-export, provide, or transfer the Solutions outside of Customer's country of residence. Within Customer's country of residence, Customer shall ensure that the Solutions are not re-exported, provided or transferred to any person or entity listed on any restricted persons list issued by Canada or identified on the Bureau of Industry and Security's Denied Persons, Entity, or Unverified List or the Office of Foreign Assets Control's Specially Designated Nationals List or List of Consolidated Sanctions (collectively, the "Restricted Persons Lists"). Customer represents and warrants that it and its shareholders, members, partners, or other owners are not listed on, or owned 50% or more, collectively or individually, by anyone on a Restricted Persons List. Customer shall not use the Solutions (a) for a military application, wherever located; or (b) with knowledge or reason to know that the Solutions will be used for nuclear, chemical, or biological weapons proliferation or (c) for any other end use or by any end user otherwise prohibited by applicable Trade Controls. Upon request by Arctic Wolf, Customer will complete and provide an end use certificate in the form requested by Arctic Wolf. Arctic Wolf may suspend and/or cancel the export, delivery, and or servicing of the Solutions, if: (i) Arctic Wolf has not received requested end-user certifications; (ii) Arctic Wolf has not received any government approvals required to comply with Trade Controls, or (iii) Arctic Wolf believes that such activity may violate any Trade Controls. If the Solutions are resold or transferred in violation of any Trade Controls or the provision of this Agreement, Arctic Wolf shall not be obligated to provide any warranty service or technical support for such Items.

## 6. Fees, Payment, Taxes, and Audit.

The Order Form containing terms related to fees, payment, taxes, audit, and any other related terms shall be between Customer and the Authorized Partner. Customer will pay any owed amounts to the Authorized Partner, as agreed between Customer and Authorized Partner. Customer agrees that Arctic Wolf may suspend or terminate Customer's use of the Solutions upon ten (10) days' written notice to Customer if Arctic Wolf does not receive payment of Fees from the Authorized Partner. The amounts paid by Authorized Partner to Arctic Wolf for Customer's use of the Solutions under this Agreement will be deemed the amount actually paid or payable under this Agreement for purposes of calculating Arctic Wolf's liability under Section 11. Customer's renewal pricing will be communicated to Customer by the Authorized Partner in accordance with the terms Customer has with the Authorized Partner or by Arctic Wolf prior to the renewal Subscription Term.

**6.2 Audit.** During the term of this Agreement and for one year thereafter, Customer shall provide Arctic Wolf, or its designated representative, promptly upon request with appropriate records requested by Arctic Wolf to verify Customer's compliance with the Agreement, including specifically its license counts as set forth on an Order Form. Arctic Wolf, at its option, may require that an executive officer of Customer certify in writing to Customer's compliance with this Agreement and disclose the scope of use of the Solutions by Customer. If, because of such audit, Arctic Wolf determines that Customer has exceeded the number of licenses subscribed to by Customer on an Order Form, Arctic Wolf will notify Customer of the number of additional licenses, along with the associated Subscription Fees prorated through the end of the then-current Subscription Term, and Customer will remit payment for such Subscription Fees in accordance with this Section 6.

**7. Confidentiality.** Either party (as a "**Discloser**") may disclose confidential and proprietary information, orally or in writing ("**Confidential Information**") to the other party (as a "**Recipient**"). The location of the storage of raw Solutions Data within Arctic Wolf's third party service providers' data centers will be as set forth in the Solutions Terms. Customer understands Arctic Wolf will aggregate Solutions Data with Arctic Wolf's other data so that results are non-personally identifiable (individual identities have been removed and are not linked or reasonably linked to any individual, including via a device, or could be reasonably linked, directly or indirectly, with a particular consumer or household) and collect anonymous technical logs and data regarding Customer's use of the Solutions ("**Aggregate/Anonymous Data**"). The rights and remedies under this Agreement are cumulative and are in addition to and not in substitution for any other rights and remedies available at law or in equity or otherwise.

**15.8** If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement will remain in full force and effect. ## CONTACT PERSONS

Each Party will appoint a person to act as that Party's point of contact ("**Contact Person**") as the time for performance nears and will communicate that person's name and information to the other Party's Contact Person.

Customer Contact Person is authorized to approve materials and Services provided by Seller, and Seller may rely on the decisions and approvals made by the Customer Contact Person (except that Seller understands that Customer may require a different person to sign any Change Orders amending this SOW). The Customer Contact Person will manage all communications with Seller, and when Services are performed at a Customer-Designated Location, the Customer Contact Person will be present or available. The Parties' Contact Persons shall be authorized to approve changes in personnel and associated rates for Services under this SOW.

## CHANGE MANAGEMENT

This SOW may be modified or amended only in a writing signed by both Customer and Seller, generally in the form provided by Seller ("**Change Order**"). Services not specified in this SOW are considered out of scope and will be addressed with a separate SOW or Change Order.

In the event of a conflict between the terms and conditions set forth in a fully executed Change Order and those set forth in this SOW or a prior fully executed Change Order, the terms and conditions of the most recent fully executed Change Order shall prevail.

## PROJECT SCHEDULING

Customer and Seller, who will jointly manage this project, will together develop timelines for an anticipated schedule (“**Anticipated Schedule**”) based on Seller’s project management methodology. Any dates, deadlines, timelines or schedules contained in the Anticipated Schedule, in this SOW or otherwise, are estimates only, and the Parties will not rely on them for purposes other than initial planning.

The following scheduling scenarios that trigger delays and durations to extend beyond what's been planned may require a Change Order:

- Site preparation, such as power, cabling, physical access, system access, hardware/software issues, etc. must be completed in a timely manner.
- Project tasks delegated to Customer PMs/Engineers/Techs/Management/Resources must be completed in a timely manner. For example, in the event a project's prioritization is demoted, and Customer resources are reallocated causing the project's schedule to extend on account of experiencing interruptions to its momentum requiring complete stop(s) and start(s).
- External projects/dependencies that may have significant impact on the timeline, schedule and deliverables. It is Seller's assumption that every reasonable attempt will be made to mitigate such situations.

## TOTAL FEES

The total fees due and payable under this SOW (“**Total Fees**”) include both fees for Seller’s performance of work (“**Services Fees**”) and any other related costs and fees specified in the Expenses section (“**Expenses**”).

Seller will invoice for Total Fees. Customer will pay invoices containing amounts authorized by this SOW in accordance with the terms of the Agreement. Unless otherwise specified, taxes will be invoiced but are not included in any numbers or calculations provided herein. The pricing included in this SOW expires and will be of no force or effect unless it is signed by Customer and Seller within thirty (30) days from the Date list on the SOW, except as otherwise agreed by Seller. Any objections to an invoice must be communicated to the Seller Contact Person within fifteen (15) days after receipt of the invoice.

## SERVICES FEES

Services Fees will be calculated on a TIME AND MATERIALS basis.

The invoiced amount of Services Fees will equal the rate applicable for a unit of a service or resource (“**Unit Rate**”) multiplied by the number of units being provided (“**Billable Units**”) for each unit type provided by Seller (see Table below).

Services Fees of \$14,873.00 is merely an estimate and does not represent a fixed fee. Neither the Billable Units of 59 nor the Services Fees are intended to limit the bounds of what may be requested or required for performance of the Services.

The rates presented in the table below apply to scheduled Services that are performed during Standard Business Hours (meaning 8:00 a.m. to 5:00 p.m. local time, Monday through Friday, excluding holidays). When Seller invoices for scheduled Services that are not performed during Standard Business Hours, Services Fees will be calculated at 150% of the Unit Rates. For any unscheduled (i.e., emergency) Services performed at any time of the day, Services Fees will be calculated at 200% of the Unit Rates.

Any non-Hourly Units will be measured in one (1) unit increments when Services are performed remotely or at any Customer-Designated Location(s) (as defined below).

Any Hourly Units will be measured in one (1) hour increments with a minimum of one (1) hour billed each day Services are performed remotely and four (4) hours billed each day Services are performed at any Customer-Designated Location(s). When Hourly Seller personnel must travel more than two (2) hours a day to work at any Customer-Designated Location(s), there will be a minimum of eight (8) hours billed for each day (less travel time that is invoiced pursuant to the "Expenses" section below).

Upon notice, Seller may adjust the rates below, provided that the rates will remain fixed for at least six (6) months after the SOW Effective Date and then again for at least six (6) months after any subsequent adjustment.

The rates below only apply to Services specified in this SOW as it may be amended by one or more Change Order(s).

Table – Services Fees

Unit Type	Unit Rate	Billable Units	Subtotal
Senior Engineer – Per Hour	\$255.00	48	\$12,240.00
Senior Engineer – OT Per Hour	\$383.00	1	\$383.00
Project Manager – Per Hour	\$225.00	10	\$2,250.00
<b>Subtotal</b>		<b>59</b>	<b>\$14,873.00</b>
<i>Less Services Acceleration funding</i>			<i>(\$10,000.00)</i>
<b>Estimated Totals</b>			<b>\$4,873.00</b>

## EXPENSES

Seller will invoice Customer for Seller's reasonable, direct costs incurred in performance of the Services. Direct expenses include, but may not be limited to: airfare, lodging, mileage, meals, shipping, lift rentals, photo copies, tolls and parking. Seller will charge actual costs for these expenses. Any projected expenses set forth in this SOW are estimates only.

Travel time will not be billed for this project.

## Travel Notice

The parties agree that there will be no travel required for this project.

## CUSTOMER-DESIGNATED LOCATIONS

Seller will provide Services benefiting the locations specified on the attached Exhibit ("Customer-Designated Locations").

# SIGNATURES

In acknowledgement that the parties below have read and understood this Statement of Work and agree to be bound by it, each party has caused this Statement of Work to be signed and transferred by its respective authorized representative.

This SOW and any Change Order may be signed in separate counterparts, each of which shall be deemed an original and all of which together will be deemed to be one original. Electronic signatures on this SOW or on any Change Order (or copies of signatures sent via electronic means) are the equivalent of handwritten signatures.

**WHEREAS**, The International TeachAlliance Program (the "Program") by IAG offers international teachers the opportunity to participate in a cultural exchange program in the United States, while learning valuable professional skills, improving English language capability, and learning about the culture and history of the U.S.;

**WHEREAS**, the Host agrees that hosting exchange teachers ("Exchange Teachers") and participating in the Program will result in their students' gaining a better understanding of the world outside the United States of America as they interact with Exchange Teachers from another part of the world;

**WHEREAS**, IAG utilizes designated United States Department of State ("State Department") J-1 Teacher cultural exchange program sponsors.

**WHEREAS**, the Host agrees to host a number of Exchange Teachers (as set forth below); and

**WHEREAS**, the Parties have read the State Department regulations governing the Program<sup>1</sup> (the "Regulations") and agree that they will comply with the Regulations from the time of signing this Agreement, as such Regulations may be amended from time to time.

### AGREEMENT

**NOW, THEREFORE**, in consideration of the foregoing and of the mutual promises and agreements set forth herein, the Parties, intending to be legally bound, hereby agree as follows:

#### 1. OBLIGATIONS

**a. Host Obligations.** During the term of this Agreement, the Host shall use commercially reasonable efforts to comply with the Host obligations set forth in Exhibit A ("Host Obligations"). The Host shall comply with, and require its employees, agents, and

<sup>1</sup> Regulations can be found at: <https://www.ecfr.gov/cgi-bin/retrieveECFR?gp=&SID=9adf677eb80094061be39ec4fd4fe4e0&mc=true&n=pt22.1.62&r=PART&iv=HTML>

subcontractors (including personnel of subcontractors) to observe and comply with any and all legal requirements applicable to the Host Obligations.

b. **IAG Obligations**. During the term of this Agreement, IAG shall use commercially reasonable efforts to recruit Exchange Teachers (the "IAG Obligations", and together with the Host Obligations, the "Services"), for the Exchange Teacher positions set forth in Exhibit B ("Positions").

c. **Cooperation**. Each Party shall cause its employees to reasonably cooperate with employees of the other and provide reasonable assistance to the extent required for effective delivery of the Services. The Host shall provide IAG with such information and documentation as is reasonably requested by IAG and the Host shall perform actions and tasks requested by IAG to enable IAG to perform the IAG Obligations in accordance with this Agreement.

d. **Third Party Services**. IAG shall have the right to engage the services of independent contractors to deliver or assist IAG in carrying out the IAG Obligations contemplated under this Agreement. IAG will supervise the performance of such third parties to ensure that the IAG Obligations meet, in all material respects, the requirements of this Agreement.

e. **Consideration for IAG Obligations**. The IAG Obligations shall be provided by IAG in consideration of the Host's payment of the amounts specified for the IAG Obligations set forth on Exhibit C hereto.

## 2. REPRESENTATIONS AND WARRANTIES

IAG represents and warrants to the Host, and the Host represents to IAG, that such Party has all necessary rights and authority to enter into this Agreement and to perform its obligations hereunder.

## 3. CONFIDENTIALITY

a. **Confidential Information**. Each Party acknowledges that in connection with the provision of the Services and the Parties' other obligations contemplated by this Agreement, the Parties will exchange certain confidential information, including the personal information of the Exchange Teachers ("Confidential Information"). The Confidential Information will be and remain the sole property of the Party (and its assigns) providing such Confidential Information, provided however, that the personal information of the Exchange Teachers (including health information) will remain the property of the respective Exchange Teacher. Each Party shall use the same degree of care which it normally uses to protect its own Confidential Information to prevent the disclosure to third parties of the Confidential Information belonging to the other Party and the Exchange Teachers. Neither Party shall make any use of the Confidential Information of the other, except as contemplated or required by the terms of this Agreement or any other written agreement between the Parties. Notwithstanding the foregoing, this Section 3 shall not apply to any information that (a) was publicly known at the time of disclosure or has become publicly known through no fault of the receiving Party, (b) was received by the receiving Party from a third party without

a duty of confidentiality, or (c) was independently developed by the receiving Party without any reliance on the proprietary information.

b. **Permitted Disclosures.** Nothing herein shall be construed to prevent disclosure of Confidential Information as may be required by applicable law or regulation, or pursuant to the valid order of a court of competent jurisdiction or an authorized government agency, provided that the disclosure does not exceed the extent of disclosure required by such law, regulation, or order, and provided further that any Party disclosing Confidential Information pursuant to this Section 3(b) shall promptly provide written notice of any such order to the other Party.

#### 4. LIMITATION OF LIABILITY

Except in the event of the gross negligence or intentional misconduct of a Party, in no event shall either Party have any liability under any provision of this Agreement for any punitive, incidental, consequential, special or indirect damages, including loss of future revenue or income, loss of business reputation or opportunity relating to the breach or alleged breach of this Agreement, or diminution of value or any damages based on any type of multiple, whether based on statute, contract, tort or otherwise, and whether or not arising from the other Party's sole, joint, or concurrent negligence, strict liability, criminal liability or other fault. In addition, notwithstanding any damages the Host may incur for any reason whatsoever, except in the event of the gross negligence or intentional misconduct of IAG, the entire liability of IAG under this Agreement shall be limited to the fees actually received by IAG pursuant to this Agreement. The provisions of this Section 4 shall apply to the maximum extent permitted by applicable law, even if any remedy fails its essential purpose.

#### 5. INDEMNIFICATION.

a. **Indemnification Obligations.** Each Party ("Indemnifying Party") shall indemnify, hold harmless, and defend the other Party and its managers, officers, directors, employees, agents, affiliates, successors, and permitted assigns (collectively, "Indemnified Party") against any and all losses, damages, liabilities, deficiencies, claims, actions, judgments, settlements, interest, awards, penalties, fines, costs, or expenses of whatever kind, including professional fees and reasonable attorneys' fees, that are incurred by Indemnified Party/awarded against Indemnified Party in a final judgment ("Losses"), arising out of any third-party claim alleging: (i) any grossly negligent or more culpable act or omission of Indemnifying Party or its personnel (including any reckless or willful misconduct) in connection with the performance of its obligations under this Agreement; (ii) any bodily injury, death of any person, or damage to real or tangible personal property caused by the grossly negligent or more culpable acts or omissions of Indemnifying Party or its personnel (including any reckless or willful misconduct); or (iii) any failure by Indemnifying Party to comply with any applicable federal, state, or local laws, regulations, or codes in the performance of its obligations under this Agreement.

b. **Limitations on Indemnification.** Notwithstanding anything to the contrary in this Agreement, Indemnifying Party is not obligated to indemnify, hold harmless, or defend Indemnified Party against any claim (whether direct or indirect) if such claim or

corresponding Losses arise out of or result from, in whole or in part, Indemnified Party's: (i) gross negligence or more culpable act or omission (including recklessness or willful misconduct); or (ii) bad faith failure to comply with any of its obligations set forth in this Agreement.

c. **Outside Factors.** The Host acknowledges that some factors, including recruitment of Exchange Teachers with specified qualifications, Exchange Teacher acceptance of position and J-1 visa approval, are outside of IAG's control. The Host agrees that, notwithstanding anything else in this Agreement to the contrary, IAG will have no liability to the Host if IAG cannot timely fill the Positions or is otherwise unable to fulfill the IAG Obligations to the satisfaction of the Host.

## 6. TERM AND TERMINATION

a. **Term.** This Agreement begins on the Effective Date and shall continue in effect until June 30<sup>th</sup>, 2025. Notwithstanding the foregoing, Section 3, Section 4 and Section 5 shall survive any expiration or termination of this Agreement. The Parties may extend this Agreement for similar terms in writing and signed by both Parties at any time before the expiration of any applicable term.

b. **Termination.** Either Party may terminate this Agreement at any time if the other Party materially breaches this Agreement relating to the Services, the non-breaching Party has notified the breaching Party in writing of such failure, and such failure continues for a period of fifteen (15) business days after the delivery to the breaching party of written notice of such material breach. This Agreement may be terminated in whole or in part, at any time, by mutual written consent of IAG and the Host.

c. **Effect of Termination.** The Parties acknowledge and agrees that, notwithstanding anything to the contrary contained in this Agreement or otherwise, all obligations of the Parties to provide Services hereunder shall immediately cease upon the expiration of the term for, or the date of termination of, such Service, provided however, that if, at the time of the termination or expiration of this Agreement, any Exchange Teacher is filling a Position at the Host's school or school district, the Parties will continue to cooperate in good faith to ensure that such Exchange Teacher can successfully complete their Program participation.

## 7. GENERAL

d. **Relationship of the Parties:** IAG and the Host shall for all purposes be considered independent contractors with respect to each other, and neither shall be considered an employee, employer, agent, principal, fiduciary, partner, or joint venturer of the other.

e. **No Third-Party Beneficiaries:** This Agreement is for the sole benefit of the Parties hereto and their affiliates and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other person any legal or equitable right, benefit, or remedy of any nature whatsoever, under or by reason of this Agreement.

f. **Assignment:** The Host may not assign any of its rights or obligations hereunder without the prior written consent of IAG. This Agreement shall inure to the benefit of and be binding upon any successors or permitted assigns of the Parties.

g. **Entire Agreement; Amendment:** This Agreement constitutes the entire agreement between IAG and the Host with respect to the subject matter hereof. This Agreement shall not be amended, altered, or changed except by a written agreement signed by the Parties hereto.

h. **No Waiver:** No delay or omission on the part of either Party to this Agreement in requiring performance by the other Party or in exercising any right hereunder shall operate as a waiver of any provision hereof or of any right or rights hereunder; and the waiver, omission, or delay in requiring performance or exercising any right hereunder on any one occasion shall not be construed as a bar to or waiver of such performance or right, or of any right or remedy under this Agreement, on any future occasion.

Dear Valued Client,

Thank you for choosing our company for your employee wellness and testing needs.

Our primary goal is to provide you with dependable and timely laboratory information. We know you rely on our company to offer the latest in employee wellness and testing while continually enhancing its services and information delivery. Achieving these goals requires a considerable investment in technology, facilities, equipment and people. Due to recent inflation, we are raising workplace drug test fees to offset rising supply, operational and labor costs.

The existing agreement for drug testing products and services between Laboratory Corporation of America Holdings and/or its wholly-owned subsidiary, MedTox Laboratories, Inc. and your company is hereby amended and you agree to the following:

Effective 8/1/2022 your current fees will increase 7%.

*If you disagree with any of the above terms you must contact us in writing no later than thirty (30) days from the date of this letter. If you do not contact us in writing within this period, and if you continue using the services, you will be deemed to have agreed to these terms.*

If you have any questions regarding your fees, please contact your Client Success Manager or Labcorp Service Team (LESClientPricing@labcorp.com). We appreciate your continued business and look forward to serving you and your company.

Sincerely,
