SUBJECT: Policy Update- 8350 Student Electronic Device Policy on a second read

Policy 8350 Digital Media Devices, renamed Student Electronic Device Policy, was last approved by the board on 02/11/2009. The updated Student Electronic Device Policy addresses prohibited uses of privately owned devices during instructional time and school-related activities as well as permitted use of electronic devices during school and school-related activities. There have been updates to the policy since the first reading in sections IV., V., and section VI. Our Legal Department has requested this update. We are seeking Board approval of this policy on a second read.
