Principal's General Narrative:

Teachers are beginning to bring summer to a close and get into the mindset of school starting up for the 2011- 2012 school year. Some are/have been

undergoing training on topics applicable to their assignments for the coming year.

Coaches have started up with the high school athletes and will begin with the junior high athletes once the students return to school.

The custodial and maintenance staff have worked very industriously to get the junior high building in tip-top shape for the new school year and the building is looking great.

I am looking forward to starting the 2011-2012 school year and working with the teachers, parents, and students to prepare the young people for the challenges ahead. The junior high teachers are a very dedicated group and the students are as good a group of young people as you can find anywhere in the state.

I would like to thank BISD school board members and the administration for their efforts in making our district the best possible in these trying times of financial uncertainties and difficult decisions that have to be made locally.

Respectfully,

George T. "Stoney" Burks
BJH Principal
