Page 52 - Cell Phones and Other Personal Electronic Devices (PEDs)

Handheld devices such as iPads, cell phones, tablets, and personal computers may be appropriately used before school until 8:50 AM. By 8:50 AM, when the school day begins, all devices must be turned off, properly stowed away (out-of-sight), and students need to be in their first period class ready to begin. Personal devices may be used during passing times as well as after 3:25 PM. Phones may not be visible during instructional time, must be turned off (not on vibrate), and operation of these devices is prohibited in bathroom and locker room areas. Teachers may allow students the use of phone's during instructional time for instructional purposes only. If students choose to bring a phone to school, the school is not responsible for loss, damage, or theft. If technology misuse is an issue, the student's parent may be required to pick the item up at school and the student may lose the privilege of bringing their device to school.
