## Metro Redistricting Engagement Opportunities

Hi Michael,

I wanted to follow up on the Metro redistricting issue. First, I want to make sure my understanding of the issue is correct: Parkrose extends, generally speaking, from 82nd to 147th, but the current Metro district boundary runs along 122nd, splitting Parkrose. The proposals for new districts all generally maintain this 122nd boundary. Is that correct? The preference of the district would be to include the area north of Halsey between 122nd-147th with the rest of Parkrose in any future districts?

Second, you may have already seen these, but I wanted to share the following resources with you:

[Redistricting Criteria](#) (expressly calls out considering school districts as communities of interest)

[Proposed Scenarios](#)

There are two upcoming public hearings on November 9th 6:30-7:30pm and November 10th 6:30-7:30pm. If you can make either one, it would be good to be on the record here. Let's connect about Parkrose availability (yours or a board member's) and I can help facilitate the sign up process as makes sense (no guarantees, but sometimes we can get an agreement to let local leaders to speak early in the meeting).

We will also want to submit written comments on the record, but let me know your availability for oral testimony first and then we can think about timing of submitting written comments depending on who may or may not be able to testify orally.

Thanks,  
Stacy
