Grants and Amendments

In the Summer of 2025, District 23 was allocated \$149,674 in Title I, \$30,501 in Title II, \$38,556 in Title III, and \$10,198 in Title IV. Administrators collaborated to create an expenditure plan that would enhance the educational experience for our staff and students. Throughout the year, ISBE releases additional funds, based on the carryover of funds we did not utilize last year, as well as additional funds issued by ISBE for our district. This requires us to rewrite the grant and allocate the funds with an amendment.

A summary of the initial grants and the amendments is provided in the table below.
