5	86.79%

Parent Teacher Conferences

Verbal Report for %ile

Testing

Elementary testing will be April 15-17th for grades 3-5. We will test the 5th grade in science on April 22nd.

Dibels testing for reading will be the last week of April and the first week of May.

We will not have state testing results until the summer, but will have our MAP's and Dibles data to share at the next meeting.

We currently have our maturation chats schedule for the afternoons after state testing,

Events!!!

- **5th Grade Trip**-Verbal Overview
- **Glow Night**-April 22nd 5-6:30
 - Family literacy, food and fun!
- **Aleutian Ballad**- April 28th
- **Week of the Arts** May12-16th including an music concert on May 16th.
- **Field Day**-May 23rd weather permitting
- **Sea Week**
 - Last week of school May 27th - 30th

PreK Grant & Head Start

Diana and I have met several times this year to ensure we are collaborating and aligning our programs where we can. Mrs. Lindsey has been working on supporting our PreK program and is also working on revamping our grant application for PreK funding.

Hunter Safety

Even though this is taught at the middle school, I wanted to thank Joe Henry for putting a lot of time and energy into this grant and program.

Curriculum

I am still looking at options for SEL curriculum. When we get results from some of our community surveys we can follow up on what this may look like for next year.

Next year will be our year to revisit our ELA curriculum at all levels. Since the state has now adopted Social Studies standards, I would like to add this area to the curriculum cycle for next year.
