

# LAKE AND PENINSULA SCHOOL DISTRICT BOARD REPORT

Focused on bringing high-quality CTE education to the students of Bristol Bay

## Silver MAGNA Award

Every year, the National Association of School Boards recognizes district programs that demonstrate innovation in education with the National Magna Award. This year, BBRCTE was nominated and awarded the Silver Magna Award! To celebrate, BBRCTE will be hosting a reception in Anchorage on April 20th, time & location TBD.

## Growing our Own-Ed Rising

In February, 15 students traveled to Juneau for the Educators Rising State Conference. Educators Rising is a competition style program that works to inspire high school students to enter the field of education. During the conference, students participated in various workshops exploring different education and postsecondary topics with an award ceremony concluding the week. Eight of our students placed during the event and will head to the National Conference in Washington DC this summer!
