Ryan High School

2021-2022 Campus Improvement Plan

Mission Statement

Billy Ryan High School seeks to provide its diverse student population with a sense of well-being and a sense of belonging. Because of students' individual needs, Billy Ryan High School stresses individual attention to each student to allow each individual to develop to his/her fullest potential. In a safe school climate, the entire school faculty and staff work together to produce individuals who are aware, concerned, knowledgeable and responsible. Therefore, Billy Ryan High School seeks to foster citizenship, promote literacy, produce workers and cultivate personal fulfillment in its student body.

Vision

The vision of Billy Ryan High School is to produce productive citizens in the community. We pledge to prepare our students as thoroughly as possible for the needs of today and tomorrow. We will prepare them to be communicators, problem solvers, and contributors in the community after high school. Upon graduation, Ryan students will be prepared to take on their next step in life, regardless of whether they choose college, the work force, or the military.

Comprehensive Needs Assessment

Demographics

Demographics Summary

RHS currently has a very diverse student body. The makeup of the school community is a tradition-rich one, marked by years of success in all levels of the educational process. The actual student makeup is consistent in an average enrollment between 2050-2220 over the previous three years. An overall high number from over a decade ago saw RHS at 2,550 students, and a recent lower attendance number reflects a total of 1840.

The diversity of the campus includes the following: 2222 enrollment. Of that number, 57.6% are Economically Disadvantaged. 44.5% of those students are At-Risk. The makeup of the campus includes 20.03% African-American, 43.70% Hispanic, 30.38% White, 0.95% American Indian, 2.16% Asian, 0.36% Pacific Islander, and 2.43% Two or More Races.

Staff at RHS is comprised of 60.3% with Bachelor's degrees. 36.7% with Masters degrees, and 1.2% with Doctoral degrees. Experience make up is as follows: 1st year: 3.6%, 1-5 years: 24.2%, 6-10 years: 19.4%, 11-20 years: 34.3%, Over 20 years: 19%. The average years of experience for RHS staff is 12 years.

Demographics Strengths

Strengths of the demographic makeup of the RHS campus embraces attention to many areas of

academic, social-emotional, and overall growth of the student. The staff at RHS recognize that the diverse makeup of the campus allows for a variety of teaching and learning opportunities for teachers and students. Programming to meet the needs of the campus is a critical component of the RHS team. RHS will partner with Safety Net to address the social-emotional learning gaps of our students and engage in positive alternative activities to promote behavior, health, and wellness.

The ESL programs that have been increased with staffing have enabled the school to focus on many varied needs of the school. ESL classes for English Language Learners have been a focal point for the school for several years. In addition, there have been increases in many programs that introduce new curricular areas for the needs and interest levels of the student body at Ryan. CTE programming for the capturing of the CCMR and state accountability have added to the overall progress of the school as it relates to the growth of the individual student.

Problem Statements Identifying Demographics Needs

Problem Statement 1: RHS continues to work to improve and enhance the ability to meet the varied educational needs of the At-Risk student population **Root Cause:** Various social, emotional, academic, and other academic needs associated with the school population.

Student Learning

Student Learning Summary

Student learning at RHS remains the number one priority for each school year. The 2021-2022 school year will bring unique and challenging opportunities that the staff will embrace with enthusiastic energy. As has been the case in previous years, the academic progress of RHS consists of planning to address numerous focus areas. As the campus is accustomed each year, a review of academic standards from the previous year's assessment tools is utilized. Due to the varied learning formats that were implemented to start the 2020-2021 school year, normal learning expectations were altered. Therefore, the campus baseline data has been accumulated through the individual teacher record.

One of the top learning targets of the school will be the continued effort to close the gaps in both Algebra as well as English 1 and 2. The focus on Algebra 1 passing rates and the improvement in the overall writing and reading skills necessary for English classrooms remains a top priority. The effective use of tutorials, extended school days, and blended learning models is a necessary component of the efforts of the school staff to continuously improve the skill levels for both subject areas. The use of IXL diagnostic testing serves as an introductory starting point for many of the Algebra domains and creates an individualized performance path focusing on the individual student's strengths in addition to the areas of remediation and or review.

With the ELA / English 1 and 2 learning goals, the strongest emphasis remains the ability to show improvement in the areas of writing both expository essays as well as persuasive essays. Writing and paragraph development remain a target for students of RHS. Attention to the details of the well-developed essay and the skill sets required for the development of coherent writing pieces remains a top priority for teachers in this subject area.

RHS will follow HB4545 guidelines to address the day-to-day instruction in the areas of English

Language Art, Biology, Algebra, and US History. The use of a designed curriculum to meet the needs of 30 hours of accelerated study in all areas of EOC assessments for all students who have not been previously successful. This requirement will be met through tutorials, classroom one on one strategies, and opportunities to attend Saturday school.

The ability of teachers to attend workshops, share ideas in the Professional Learning Communities and explore various other resources to help struggling writers write and to help struggling readers improve is a top priority for the campus.

Student Learning Strengths

Consistency in the method in which the ELA department has approached the importance of evidenced-based writing has enabled the students to progress over their time at RHS. The ability of the students to understand that with each piece of writing that they complete, there is an expectation that if you write it, you support it with facts and elaboration. Additionally, it is important for students to continue to understand the rules of grammar in completing quality assessment-level writing.

With regard to Algebra and the DISD goal of continuing to work toward 90% mastery of Algebra 1 skills, RHS has implemented numerous supplemental areas of study for students. IXL and consistent use of Nearpod as well as various other skill-building practice materials are used on a daily basis. RHS Algebra teachers meet weekly in their PLC to review progress and plan for upcoming units of study to develop consistent methods of teaching Algebra 1 skill-building. Review of standardized testing results and district-wide benchmarks are also utilized to plan for the continued improvement of the Algebra 1 population for the year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Closing the gaps for students in both writing and mathematics in a year that was interrupted by COVID 19 created challenges. The ability to complete the yearly curriculum requirements in a face-to-face environment was missing, so the need to revisit some of those skills continues to present challenges. **Root Cause:** Absence from a face-to-face teaching platform due to COVID 19 and increasing demands of use of time in planning for skill building in both math and reading/writing skills.

School Processes & Programs

School Processes & Programs Summary

Ryan High School has a long-standing tradition of excellence in all academic and extra-curricular programs. One of the primary reasons that the success has been maintained is through the retention and recruitment of highly qualified staff. The TEA TAPR report indicates that RHS is above the state average in years of experience and is also above average in those teachers who currently hold Masters and Doctoral degrees. With regard to years of experience, the following statistics are recorded for RHS:

Over 20 years experience: 19.3%

11-20 year experience: 34.7%

6-10 years experience: 19.3%

1-5 years: 24.7%

1st year: 2%.

The average years of experience for Ryan High School is currently 12.4 years. The daily absentee rate for the campus last year was 6.8%. This has been a significant positive trend for the campus not only from the previous year but also from the previous three years. The teacher turnover rate to start the 2021-2022 year was 17%. With a new student enrollment totaling 256.

School Processes & Programs Strengths

Ryan High School continues to utilize its ability to find the strengths of its staff to best fit the needs of its student body. The added support for the English as a Second Language learning population has continued to produce positive gains. Adding staff to meet the needs of all core subject areas for the

ESL population is at an all-time high for the campus. Core areas have consistent ESL certified and content area certified teachers across all curriculum. Programming has allowed for the ability to utilize the ESL team to work collaboratively with teachers developing professional development that in turn produces strategies that have been effective in the past year's growth. Increased parent involvement has also been a priority. ESL Interventionist has continued to mold many aspects of the job, has influenced the position across the district, and made RHS one of the innovators in high school ESL programming.

Ryan High school will support the new growth of teachers new to the profession and/or new to the campus within the last 3 years, by re-establishing a sense of normalcy by developing a mentor action plan that will allow for collaboration on solutions to questions and concerns that have and will occur during daily operations of the school day.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Retention and recruitment of highly qualified staff. Through this process the ability to continue to produce high quality education, while at the same time remain innovative and creative with high at-risk student population. **Root Cause:** Increasingly difficult demands placed on all teachers with the current Pandemic and the recent closure of schools. The need to continue to close the gaps created by the loss of face-to-face time from the 19-20 and 20-21 school year.

Perceptions

Perceptions Summary

Ryan High School is a tradition-rich school. The school has long been an established pillar of the community, enabling its students to have many opportunities for their educational goals. The school participates in a number of extracurricular programs intended to extend the overall development of the total student experience. With a community of RHS graduates, the overall support system for the school and its programs is superb. The Ryan community provides numerous opportunities for work programs, donations to the school, involvement in the PTSA, and various other forms of teacher appreciation and staff awareness. The Raider Renaissance program was designed many years ago to begin a system of recognition for students and staff. The Renaissance program continues to honor students for their outstanding classroom accomplishments, leadership endeavors, and attendance. This has become a consistent tradition of the school to pay tribute to teachers and students for the work well done. Numerous community and parent volunteers blend their time and talents together to dedicate honored time and tributes to teachers and students three to four times per year.

Perceptions Strengths

Strengths of the Ryan High School culture and climate would indicate that much community support in many forms is a consistent. The school has excelled in both academic and athletic endeavors for nearly two decades. The work that is supported by all stakeholders is indicated in the various surveys that are part of the district wide school and building evaluation. Parents, students, and staff indicate that they have a very high regard for the communication and dedication that Ryan offers to students and families. Surveys indicate that students and families have confidence in the staff and leaders of the school. For the most recent staff engagement survey, high levels of satisfaction were affirmed for the overall effectiveness of the school leadership and teachers of the campus. Another strength of the

campus has long been that students feel that they can always find a person on the campus willing to listen and help them with their concerns. This is a long-standing tradition and strength of the school, and one that has fostered solid relationships for all Ryan High School community.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Continued recognition and rewarding of students and staff for their academic and leadership accomplishments during the school year. Finding ways to be creative and proactive in the way we honor the work of teachers and students for both leadership and academics. **Root Cause:** Finding ways to be creative in honoring teachers and continuing to show support for the work being done to close gaps and work with many learning platforms.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Fred Moore High School is a comprehensive Denton ISD high school located in the center of Denton, Texas. The school has a rich and long-standing history in the community as well as in the school district, providing alternative educational opportunities for students from across all comprehensive high schools across the district.

The current enrollment of FMHS is approximately 75 students per semester, with rolling enrollments which near 100 at times during any given semester. There are currently two graduations held at the school in each calendar year, one in December and one in May. Students range in grade level from 9th grade through 12th grade, with the predominant number of students falling in the 11th and 12th classification. The school is open to all students from all situations and backgrounds, and an admission process precedes enrollment in the school. The non traditional format of the school allows for students to work on five to six classes each day and work on those at a pace that encourages acceleration as well as providing opportunities for recovering lost credit from previous attempts.

Demographics Strengths

Accelerated graduation pathway, with accelerated rigorous coursework

Individualized graduation plans

Student centered focus not only on academics but on social emotional needs

Ongoing referrals from past FM graduates and their families

High rate of success of our graduates (Acceptance and attendance to Community Colleges, Universities, and Trade Schools)

Community Partnerships:

*UNT- Career Connects

*UNT - Go Center

*Lake Cities Rotary

*Texas Academy of Mathematics and Science

Early graduates- finishing from 6months to 1 year early

Relationship building- all staff have an evident vested interest in all of our students

Created opportunities for students to take the TSI on campus during the spring semester arranged for the opportunity for our 10th and 11th grade students to take the PSAT on the Fred Moore Campus

Problem Statements Identifying Demographics Needs

Problem Statement 1: Ability to reach all district campuses to discuss the areas in which FMHS can help serve more students, but at the same time not overcrowd the current classroom environment. Finding a good balance of serving and gradually increasing key staff to help with this process. **Root Cause:** Years of serving in the format that has been afforded the school without seeking "outside the box" alternatives.

Student Learning

Student Learning Summary

At Fred Moore we are over 85% At-Risk, many of the students that are accepted have failed multiple core classes and have developed poor attendance habits. Many times, students are one to two years behind academically of where they should be. By providing accelerated learning opportunities many times students can graduate on time even when they come to us behind. With our direct teach opportunities, which are STAAR test prep, we have seen students with multiple failed attempts finally obtain a passing score. We have also gathered qualitative data from student feedback stating that if they had stayed on their traditional campus, they most likely would have dropped out. We have made steady progress in increasing our number of students in special populations, specifically the area of special education, and our At-Risk numbers have increased in the past two years. Increased efforts are also underway to visit campuses across the four comprehensive high schools. During these visits, updated guidelines for the admission process, and transcript review will be discussed with potential students as well as campus counseling teams.

Student Learning Strengths

Student mastery of content is the norm. Students must meet course passing standards before moving forward in the curriculum. The online platform makes very close monitoring possible.

Direct instruction classes are provided for all STAAR-tested subjects and required for all students needing the related test. (Please see STAAR Readiness Report in Addendums)

The teacher Professional Learning Community meets regularly to collaborate on strategies to help struggling learners.

Teachers offer students various learning platforms, including online instruction, paper-based

curriculum, videos, interactive games, etc.

Teachers work with district curriculum teams to ensure lessons are aligned vertically and horizontally within the district.

Due to Fred Moore's flexible scheduling, students receive differentiated instruction as needed within their school day. This may be in their scheduled class or in the Learning Center.

Students are offered different elective choices through EDynamic Learning. We are using this for our career and elective courses to evaluate its effectiveness.

Last year, we increased our extracurricular clubs and service organizations available for student involvement by 75 percent.

Beginning the 2019-2020 school year, we implemented CCMR coursework for all students to ensure every graduate was college, career, or military ready. This year we have expanded the opportunities we offer to allow different pathways for our students to meet the CCMR standard. Additions include: OSHA Certification, Security Certification, Floral Design, and a Microsoft Office certification (Please see CCMR chart in Addendums). Additional Fine Arts courses have been added to the curriculum with the addition of Art 1 and Art 2.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Finding ways to continue to implement additional coursework to serve an even larger population both on FMHS campus and across the district. Finding ways to increase the advanced academic course offerings through cooperative learning opportunities with the NCTC Bridge program. **Root Cause:** Non traditional format of scheduling and making contact with key persons on all four campuses to ensure that all students are informed of their choices and their options both on their current campuses and at FMHS.

School Processes & Programs

School Processes & Programs Summary

At Fred Moore, as a team, we have created a positive caring environment for students, faculty, staff, and families. The Fred Moore administration strives to get input from all staff and always informs all stakeholders about decisions made at the campus level and why those decisions were made. Staff feels comfortable coming to the administration with concerns or comments and together work to obtain solutions. Typically, there is rare teacher turnover, as teachers feel comfortable and enjoy their work environment. For the 2021-22 school year, however, there were numerous changes. The principal is in his first year on the campus. There were also changes to English, Career and Technology, and Social Studies. The administration also provides opportunities for teachers and staff to take on leadership roles within the campus and at the district level to tackle projects and support the campus. There has been consistent support for the staff to take on new responsibility as the need arises.

School Processes & Programs Strengths

- **Every teacher is Highly Qualified and certified in their teaching area**
- **Additional courses offered in Fine Arts**
- **Teachers are provided with professional learning opportunities**
- **Decision making is site based to the extent possible with teacher and staff input respected**
- **Staff feels supported and heard by the administrator**
- **Shared vision of Professional Learning consistently practiced**
- **Campus funds are utilized in support of meeting the needs of students**
- **Flexibility of scheduling promotes acceleration of credits earned**
- **Teachers, staff, and parents are active members of the Campus Leadership Team**

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Consistently being able to meet the demands of the campus staff while continuing to offer new programs, courses, and opportunities for students and teachers. Maintaining the balance of growth with continued support for culture and nurturing environment. **Root Cause:** Many staff contributing to the growth and improvement of the campus, while still trying to focus on the immediate needs of the classroom and students.

Perceptions

Perceptions Summary

At Fred Moore we offer the same high educational standards and graduate diploma options that are available at Denton ISD's traditional high schools, but in a smaller, more supportive setting. At FMHS, our entire staff is focused on the needs, success, and well-being of each individual student.

Our teachers are highly qualified in their fields of instruction and provide rigorous coursework with self-paced instruction. Teachers are specialized in the skill of teaching several grade levels with students in the same classrooms. The demands of the Fred Moore teacher requires a great skill set of being able to balance curriculum with the individual needs of the students. By focusing on the credits needed for advancement, students can progress steadily towards their graduation goal. When students graduate, they will be ready for the next step in life, whether it is a college/ university, trade school, the military, or the workforce.

The Fred Moore High School motto is Dedication, Direction, Discovery. This truly describes the Fred Moore Experience. Students must be dedicated to be able to succeed at Fred Moore. Once they are here we give them the road map, we give them the direction to accomplish their goal, and while they are at Fred Moore they are going through a journey of discovery and they learn a great deal about themselves as they get ready to enter the adult world with adult responsibilities.

Perceptions Strengths

Fred Moore High School has a number of highly-dedicated individuals who serve the school community in a variety of ways. From the teaching staff and their commitment to serving all students,

and meeting the needs of a variety of situations, to the support staff who are always willing to lend a hand and work with faculty and students each day. Fred Moore High School's overall strength is commitment. Staff and community seek many possible avenues to reach out and provide educational choices for the students. Always keeping graduation and student progress at the front of the day's goals, Fred Moore has been a success for many years. Looking at innovative ways to serve more students and provide continued support and resources for the teachers remains a top priority at all times.

What we offer to our students at Fred Moore:

- **Early graduation.** We offer two graduation ceremonies each year in the Fall and Spring. Commencement is held at The University of North Texas.
- **Recommended and distinguished diplomas.** Fred Moore students receive the same high-school diplomas offered by the district's traditional campuses. These are accepted at all accredited colleges and universities.
- **Rigorous curriculum.** Coursework is provided online, and each FMHS student is provided a device on which to work. Lessons are completed independently with teacher tutoring and support.
- **Accelerated pacing.** Students are enrolled in the next course on their graduation plan as soon as they are ready to begin, rather than at the end of the semester.
- **Mentoring program.** In collaboration with UNT's High School Career Connect Department, students are assigned a mentor who helps prepare them to navigate the world beyond high school.

College and Career Center. We provide test preparation (STAAR, ACT, SAT, TSI, ASVAB), resume writing assistance, and application support for jobs, colleges and the FAFSA. We also offer a career fair with participation from businesses and universities.

- **Clubs and organizations.** Our school provides a variety of clubs and leadership organizations that allow students to support their campus and community, foster friendships, and learn new skills.
- **Field trips.** We offer outings that promote STEM enrichment, cultural awareness, and college and career readiness.
- **Leadership and Attendance incentives.** We are a rewards-based campus that recognizes student achievements both inside and outside the classroom.
- **Scholarship opportunities.** Our staff encourages and assists with scholarship opportunities and applications.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Continuing to provide professional development and teacher support to meet the growing needs of students. Seeking ways to implement increases in the number of those students being served, while maintaining the manageable classroom numbers presently in place. **Root Cause:** Need for growth without sacrificing the smaller teacher to student ratio.

Goals

Revised/Approved: December 17, 2021

Goal 1: Teaching & Learning

In pursuit of excellence, we will:

- * Develop and maintain a culture where learning remains our first priority
- * Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- * Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- * Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- * Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- * Incorporate best practices into teaching, learning, technology and leadership
- * Foster and support an advanced digital learning environment
- * Establish goals for individual campuses that incorporate both measurable and intangible factors

Performance Objective 1: Through the implementation of best teaching practices in an online learning environment, Fred Moore High School will increase the STAAR performance rate for all students in mathematics by 10%, and the STAAR performance rate for all students in the areas of Science, Language Arts, and Social Studies by 8%.

Comprehensive Needs Assessment

Demographics

Demographics Summary

LaGrone Academy is a Denton ISD school of choice that opened in August 2021 serving 11th & 12th grade students full-time and all DISD campuses part-time with a focus on career and industry. Our gender enrollment is basically split, with males slightly higher at 51.2% of our population. The majority of our students are white (49.76%) with Hispanic/Latin (33.82%) and Black/African American (12.51%) rounding out the top 3. Almost 9% of our students are served with an IEP and 11.65% are English Learners. Most of our staff members are teaching CTE courses, with all CTE instructors joining us from Industry. We added 11 new teachers to our campus this year to start LaGrone Academy. Eight teachers are responsible for our core subjects (2 each in Math, Science, Social Studies, and English), 2 of the new hires teach 90-minute electives, and one serves our Special Education population.

Demographics Strengths

Our strength lies in the fact that, as a brand new school in DISD, we are serving just over 200 students who chose to enroll, with both males and females being drawn to our campus.

Student Learning

Student Learning Summary

LaGrone Academy serves 11th and 12th grade students. so we will only be administering the US History EOC for state exams, with the exception of students who need to re-take an EOC. Along with the other DISD campuses, we will also be offering the PSAT, TSI and SAT. As a new campus, we have no historical data so progress cannot be appropriately measured at this time. We have implemented an 85 minute mid-day period where students not only eat lunch but also have access to credit recovery and tutorials. Because of our time built into the school day for tutorials and credit recovery, we anticipate a very high graduation rate. In addition, students who came to us without meeting CCMR will be able to either earn a certification through their career class or by other means including: PSAT, TSI, SAT and mid-day testing opportunities.

Student Learning Strengths

Our strength is definitely in the fact that we have an 85-minute mid-day period where students can seek additional help via tutorials, can recover credit as needed, or can utilize additional time towards earning certification.

School Processes & Programs

School Processes & Programs Summary

The primary focus of LaGrone Academy is career and industry with our core supplementing student learning. We offer several CTE Programs of Study: Architecture & Construction; Arts, A/V Technology & Communications; Education & Training; Health Science; Hospitality & Tourism; Human Services; Information Technology; Law, Public Safety, Corrections & Security, Government; Manufacturing; Science, Technology, Engineering & Mathematics; Transportation, Distribution & Logistics. While the curriculum for each program and course is vertically aligned, we strive to connect our core teachers to our career teachers to engage in cross-curricular opportunities as often as possible. Doing so enhances student engagement since students recognize the connection between their chosen career area and the core subjects.

School Processes & Programs Strengths

LaGrone Academy's strength is in the cross-curricular opportunities between CTE courses and core subjects. Students recognize the connections between the two, resulting in enhanced engagement.

Perceptions

Perceptions Summary

As a new school, we have no data to report regarding attendance, behavior, and graduation rates. We are, however, making focused efforts to engage our students in a variety of ways. Daily, we have staff members greet students as they arrive (our "first impressions" team) while upbeat music plays throughout our atrium area. On Fridays, we dance! Students and staff enthusiastically participate in group dances and encourage others to do so. We surveyed the students to gain insight into interests and have several clubs and events in the works based upon the results. We frequently welcome outside visitors as all teachers are encouraged to invite speakers/experts to share experiences and ideas. In addition and while it is informal, we daily make an effort to question students on how we're going and to ask for suggestions on how to make LaGrone Academy better.

Perceptions Strengths

While no formal school climate survey has been performed yet, we anticipate positive results based upon a multitude of comments (verbal and written) from both parents and students on their experience with LaGrone Academy.

Demographics

Demographics Summary

Demographics

Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implement strategies, initiatives, programs and services to meet their needs.

Potential Data Sources

- Enrollment
- Attendance
- Ethnicity
- Gender
- Mobility/Stability
- Special Program Participation
- At-Risk by Category
- Teacher-Student Ratios
- Graduation, Completion, Dropout, and GED Rates
- Course/Class Assignments
- College/University/Dual Credit/AP Enrollment

Data Sources Reviewed

Demographic data are very important for us to understand as they are part of our educational system over which we have no control, but from which we can observe trends and learn for purposes of prediction and planning. - Victoria Bernhardt

List the actual data sources reviewed below...

*TAPR report - attached in the addendum

eSchool - enrollment data, attendance and mobility, course enrollment data

Eduphoria -program participation data,

teacher survey via Google Forms

Findings/Analysis

“The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes.”

Look for patterns in the data that reveal trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school...

Strengths...

- A very diverse and resilient student population with a high number of students who are LEP, SPED, Economically Disadvantaged and at-risk.

This diversity creates unique learning opportunities and valuable real world training.

- An experienced staff where 83% of the faculty has worked at least 5 years in education.

- An increase in the number of teachers who are ESL certified.

Needs...

- Continue to meet the needs of a diverse student population and an increasing Hispanic Majority.

- Continue teacher summer readings regarding multicultural and economically disadvantaged populations.

- Correctly identify special group populations among ethnic groups.

- Address the discrepancy between teacher ethnicities and student ethnicities and how it affects students and parents.

Summary of Needs

Based on the findings/analysis above, summarize campus needs in this area. Include potential funds sources to be used to address the needs (i.e. Title I funds, State Compensatory

Education funds, etc.)...

- **Continue to find ways to meet the needs of a diverse student population with an increasing number of economically disadvantaged students.**
- **Be prepared for a potential spike in economically disadvantaged students and an increase in mobility due to Covid-19. Find ways to provide help to those students and families through our food pantry, connections to local organizations that provide aid, and support from Communities in Schools.**
- **During hiring, continue to search for candidates who could increase the diversity in our staff demographics to better align with our student demographics.**

Demographics Strengths

- -A very diverse and resilient student population with a high number of students who are LEP, SPED, Economically Disadvantaged and at-risk.
- This diversity creates unique learning opportunities and valuable real world training.
- -An experienced staff where 83% of the faculty has worked at least 5 years in education.
- - An increase in the number of teachers who are ESL certified.
- Several platforms used to contact parents/guardians to keep them informed of school information and activities to encourage parent involvement
- With a high number of SPED students, parent participation in ARDS increased due to the ability to attend virtually.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Continue to find ways to meet the needs of a diverse student population with an increasing number of economically disadvantaged students.

Problem Statement 2: Be prepared for a potential spike in economically disadvantaged students and an increase in mobility due to Covid-19. Find ways to provide help to those students and families through our food pantry, connections to local organizations that provide aid, and support from Communities in Schools.

Problem Statement 3: During hiring, continue to search for candidates who could increase the diversity in our staff demographics to better align with our student demographics.

Problem Statement 4: Examine ISS, OSS, and DAEP from the past 3-5 years to identify trends.

Problem Statement 5: Correctly identify special populations among ethnicities (ie-GT numbers are low especially for our Hispanic population.)

Student Learning

Student Learning Summary

Curriculum, Instruction and Assessment

The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Potential Data Sources

- Standards-Based Curriculum Resources and Materials
- Scope and Sequence; Pacing Guides; and/or Other Focus Documents
- UbD Units of Study
- Foundation Course/Class Materials
- Enrichment Course/Class Materials
- Technology
- Instructional Design/Delivery; High-Yield Strategies
- Lesson Study/Delivery Processes
- Collaborative Horizontal and Vertical Team Alignment Processes
- Student-Specific/Differentiated Strategies and Processes
- Common Benchmark Assessments and/or Other Assessments
- Class, School, and Special Program Schedules

Data Sources Reviewed

There are three kinds of curricula; they must be considered together and improved together: written curriculum, taught curriculum, and tested curriculum. - Fenwick English

Findings/Analysis

“The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes.”

Look for patterns in the data that reveal trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school...

Strengths...

- Instructional technology to enhance curriculum, instruction, and assessment
- Honors and advance course enrollment is representative of overall demographic
- Use of Aware program to analyze data and adjust instruction
- Strong focus on standards-based grading
- Horizontal planning in all core subjects
- Identifying & intervening with students who need remediation
- Use of learning targets to focus instruction
- Growth Mindset philosophy promoted throughout campus
- “Flex tutoring” offers tutoring/reassessment in the school day
- Staff book studies, professional development, and PLCs focusing on best-practice strategies and engaging qualities
- Sheltered classes for ELLs; extensive co-teach classes
- Increased support for LEP students through TELPAS tutoring
- ELAR Practice STAAR scores (7th writing & 8th reading) were similar to last year’s despite new TEKS and new curriculum

Needs...

- Provide more access to Look 2 Learning walk data and discuss goals as a campus
- Continue evolving vertical alignment in science due to 8th graders being tested on 6th & 7th grade standards
- More focus on vertical planning in all subject areas (Half of teachers surveyed say they never do this.)
- Increased cross-curricular activities so that students make connections between subjects and apply learning to their own lives (Half of teachers surveyed say they never do this.)
- Remediation for students who have gaps in subjects outside of ELAR and math
- Close achievement gaps for student subpopulations (scored a 70 on “Closing the Gaps” on 18-19 TEA school report card)
- Increase focus on vertical alignment for 2021-22 school year to address gaps from school closure
- Address equity & access for student sub-pops during school closures-- technology, books, etc
- Massive number of HB4545 tutoring hours required in 6th science and all grades math and reading.

Summary of Needs

Based on the findings/analysis above, summarize campus needs in this area. Include potential funds sources to be used to address the needs (i.e. Title I funds, State Compensatory Education funds, etc.)...

In our back-to-school PD, faculty meetings, and campus inservice days, we will need increased focus on Look 2 Learning data, closing gaps in student sub-pops, and cross-curricular planning. We will also need to provide more time and resources for vertical planning to address gaps due to the "Covid Gap". Particular attention should be paid to how potential future shutdowns could affect our low SES, Sped, and LEP students to provide equity and access to technology, books, and other resources. Increased support for science and social studies (through additional tutoring, Saturday activities, etc.) is also needed to address complexity of TEKS and scope & sequence challenges.

Technology

Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

Needs...

- Professional Learning Opportunities/Planning opportunities/Training
- Digital Citizenship Support
- Teacher & Student use of the 4C's - Creating, Collaborating, Critical Thinking, & Communication
- Classroom Management Ideas for Technology Use
- Devices to replace the EOL Chromebook Devices and size of carts
- Devices to replace EOL iPads.

Summary of Needs

Based on the findings/analysis above, summarize campus needs in this area. Include potential funds sources to be used to address the needs (i.e. Title I funds, State Compensatory Education funds, etc.)...

Strickland Middle School has strong foundational technology skills, a strong belief in the benefits of using technology in the classroom, excellent access to a variety of technology tools and devices, and the support needed to implement these tools and resources. We need continued professional learning and planning opportunities for technology integration in the classroom, instruction in using technology to address the 4C's in our classrooms, and support implementing Digital Citizenship instruction in the classroom. Teachers request additional support and training in the areas of critical thinking, multimedia, and classroom management with technology. The campus will need to purchase additional Chromebooks, iPads, and carts to meet the classroom demand and to replace the devices that are at End of Life.

We have the following numbers of students in need of HB4545 tutoring(30 hours per subject):

6th grade:

math - 113 students

reading - 95

science - 134

Total 6th - 342

7th grade:

math - 93

reading - 105

Total 7th - 198

8th grade:

math - 138

reading - 103

Total 8th - 241

Total students - 781

Total hours - 23,430 hours of tutoring

Student Learning Strengths

- Instructional technology to enhance curriculum, instruction, and assessment
- Honors and advance course enrollment is representative of overall demographic
- Use of Aware program to analyze data and adjust instruction

- Strong focus on standards-based grading
 - Horizontal planning in all core subjects
 - Identifying & intervening with students who need remediation
 - Use of learning targets to focus instruction
 - Growth Mindset philosophy promoted throughout campus
 - “Flex tutoring” offers tutoring/reassessment in the school day
 - Staff book studies, professional development, and PLCs focusing on best-practice strategies and engaging qualities
 - Sheltered classes for ELLs; extensive co-teach classes
 - Increased support for LEP students through TELPAS tutoring
-
- Strong focus on interventions for struggling students.
 - Outperformed comparison campuses in almost every subgroup for 7th grade writing (despite higher student numbers).
 - Progress on closing gaps for student subgroups (especially in math).
 - More students in advanced math classes than any other middle school.
 - Over ½ of our 7th and 8th graders enrolled in Honors classes.
 - Number of students considered college and career ready based on lexile climbed 8.5%.
 - Strong teacher participation in summer professional development.
 - Summer book studies for staff focus on student achievement and SEL strategies.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Accelerated instruction/supplemental instruction needed for math and reading for more than 1/3 of our students.

Problem Statement 2: Remediation needed for students who have gaps in subjects outside of ELAR and math.

Problem Statement 3: Massive number of HB4545 tutoring hours required in 6th science and all grades math and reading. (23,430 hours)

Problem Statement 4: Continue closing gaps for student subgroups, especially LEP and SpEd and especially for reading and writing.

Problem Statement 5: More longitudinal "apples to apples" comparison data in Aware.

- Most staff members want to connect and reach out to others.

- As a staff, we are very connected.

- Teachers have students reassess at a variety of times to meet the students’ needs.

-There are members of our staff who do not feel as connected as they would like.

- Teachers continue to have difficulty getting the students they need during flex tutoring.

-Some team members don't feel as connected as they would like. We think this will continue to improve as staff members get to know their fellow co-workers as they are invited to participate in activities outside of the workday, as well as regular interactions inside the workday, such as duties and team meetings.

- Continue SEL, Social Emotional Learning, with adults, as well as students and parents.

-Teachers continue to have difficulty getting certain students for flex. We feel that establishing a shared system to claim the high needs kids would be beneficial. There would not need to be funds allocated to this issue, it would be something that can be set up during team meetings.

School Processes & Programs Strengths

- -PLC time embedded in schedule
- -Team time embedded in schedule
- -Beautiful and functional new building with separate learning and collaboration spaces for each grade level.
- -Systems in place to support academic learning and SEL
- Their teachers felt that more PreAP / Honors students were ready for next year's PreAP or Honors Classes.
- - Most staff members want to connect and reach out to others.
- - As a staff, we are very connected.
- - Teachers have students reassess at a variety of times to meet the students' needs.

- Decisions are made through the CLT committee which meets consistently to get campus input from stakeholders
- Campus leadership roles and responsibilities are clearly defined
- Opportunities for professional growth in desired area(s) is supported
- Data is evaluated to ensure that all students are showing improvement
- Communicate with parents through email, school messenger, social media and by phone
- PD is consistently led by teachers and staff regarding identified areas of need using data and staff input
- Common curriculum developed by district to support state standards (TEKS)
- Focus on growth mindset and student ownership of learning

- Increased number of students participating in advance/honors courses in core content areas
- More kids in advanced math than other middle school campuses in the district
- Dual language program
- Educating teachers on equity and opportunity for all students and how to identify ESL/special populations for honors
- High percentage of students in fine arts and providing ways for equal access
- High school programs recruit during lunches (ie: ROTC)
- Talent Search-College Readiness, Naviance-Career matches and career units/discussions in classes
- CTE courses provide real-life experiences/projects
- Technology: 1 to 1; jetpacks and chromebooks; carts; each team has a cart for students who forget; iPad cart
- Committees and systems in place to get input from stakeholders regarding safety
- SEL practices used to build relationships to support students

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Continue SEL, Social Emotional Learning, with adults, as well as students and parents.

Problem Statement 2: Work to provide events, activities, etc. that allow staff to have fun at work and relieve some of the stress. This will allow adults to get to know staff outside their grade level and department as well.

Problem Statement 3: Collaborate to ensure that Flex continues to be beneficial for all.

Problem Statement 4: Work to ensure equity across fine arts course enrollments.

Problem Statement 5: Equity pieces will continue to be monitored and matched to school demographics.

Perceptions

Perceptions Summary

School Culture and Climate

School culture refers to the organization's values, beliefs, traditions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff and students feel about the school and affects how people interact within the system.

Goals

Goal 1: Teaching & Learning

In pursuit of excellence, we will:

- * Develop and maintain a culture where learning remains our first priority
- * Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- * Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- * Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- * Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- * Incorporate best practices into teaching, learning, technology and leadership
- * Foster and support an advanced digital learning environment
- * Establish goals for individual campuses that incorporate both measurable and intangible factors

Performance Objective 1: Improve all student learning, reduce the achievement gap between subgroups to 4% or less, and reflect a minimum of one year's growth for every student.

Demographics

Demographics Summary

Ginnings Elementary was built in 1968 and is known as one of the district's "heritage schools" for its longstanding place in the community and even celebrated its 50th anniversary of serving Denton students. It is named after J.L. Ginnings, a local resident home builder whose family donated the land on which the campus stands.

The staff at Ginnings has built a strong relationship with the families and businesses in its community through various programs that assist its students in and out of the classroom. Programs like Food Drive, Angel Tree and Clothes Closet help the economically disadvantaged students, while partnerships with local businesses and universities provide outlets for all students to learn, grow and be recognized for their achievements.

Ginnings students have access to multiple forms of learning technology through computers, mobile devices and other applications as well as interactive displays in most classrooms to keep them engaged. That engagement also continues in the arts with a fifth-grade orchestra, an honors choir and award-winning art programs being popular on campus.

The staff, students and families celebrate their differences and nationalities, allowing for various multicultural themes for typical school events like book fair, PTA meetings and fundraisers, while also allowing for special events like hot dog socials and technology-free nights where everyone feels like a part of the Ginnings family.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Demographics: Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implemented strategies, initiatives, programs, and services to meet their needs.

Hodge is a Two Way Dual Language school that is also a Title I campus. Hodge has a large percentage of At Risk and Limited English Proficient learners that require various intensive interventions to be successful, including academic interventions, social and emotional interventions, and behavioral interventions. About 80% of the student population is economically disadvantaged. About half of the student population do not have English as their first language. The emotional demands on teachers and staff are incredibly high and we continue to need additional staff in an effort to alleviate the added demands and stress. The additional staff will provide additional services as well as allow for reduced teacher/student ratios. Hodge needs staff members who can serve bilingual special education students as well as bilingual dyslexic students. Hodge needs staff who can intervene and teach appropriate and healthy behaviors and support students and their families with social adjustment difficulties.

Established: 1987

Mascot: Hawk

Colors: Red, Black, and White

Motto: Whatever it takes, no excuses.

The overall campus demographics are:

	Group	Count	Percent
	All	682	100
	PreK	40	6
	K	92	14
	1	115	17
	2	113	17

504		64	10
	Special Education	73	11
	LEP	328	49
	Gifted & Talented	39	8
	Econ. Status	546	82

The staff demographics are:

Group	Size
African American	3%
Hispanic	28%
White	38%
Other	3%

Demographics Strengths

- We have a high percentage of Bilingual Staff, including teachers, support personnel, interventionists in comparison to other campuses with similar demographics.
- We have a high percentage of Behavior Intervention/Counseling Staff in comparison to other campuses with similar demographics.
- ACE/CIS Program

- Overall, the racial/ethnic demographics of the staff are similar to that of the students.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Hodge continues to need highly trained staff to meet the diverse needs of our student population, including bilingual certified and paraprofessional staff, counseling staff, behavior intervention staff, and special education certified and paraprofessional staff.

Student Learning

Student Learning Summary

Student Achievement - Student Achievement data refers to the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study.

Hodge students are making strides in their social emotional, behavioral, and academic learning. We have identified a strong need for improvement of "Meets" across all grade levels and subject areas on state assessments. We have systems in place to allow teachers time for planning (PLC), intervening (WIN), and monitoring student progress (MTSS) that are built in to our master schedule. We have identified a need to increase student access to books, especially in Spanish. We have identified a need for ongoing professional development in the areas of Assessment for Learning, Lucy Calkins, PLC, and Social Emotional Well Being. We need to find ways to give our staff more time for planning and learning. We need to find ways to better reach low-income, disadvantaged students with technology both via communication and their learning. We need to increase and update our available technology for students and teachers.

Data points include STAAR, Benchmarks, Common Assessments, and Report Card grades to address our students' learning gaps from previous years.

See below for specifics to the 20-21 STAAR results we are using to address strengths, challenges, and gaps.

Student Learning Strengths

Student Achievement - Based on the results from the 2020-2021 School Report Card.

* Texas School Districts did not receive Accountability Ratings in 2020 due to COVID.

* Designations were not provided in 2020 due to COVID.

Book of the Month Initiative

Use of AfL Strategies in Instruction and Assessment Practices

Lucy Calkins Reading and Writing Units of Study

PLC Extended Time for Teacher Planning

MTSS Process, including PreMTSS time provided within PLCs

Systematic Interventions

Teacher Directed Professional Development Sessions

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Because students scored lower in all areas of STAAR from 2019 to 2021, and in response to HB4545, the school is implementing a schoolwide system of targeted, accelerated learning instruction during WIN/tutorial time.

School Processes & Programs

School Processes & Programs Summary

Curriculum, Instruction and Assessment - The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Technology - Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

School Context and Organization - School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

Staff Quality, Recruitment and Retention - Staff Quality, Recruitment and Retention refers to the school organization's level of high-quality, highly-effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns.

Hodge ES has several systems and programs in place to support students and teachers.

- * STEAM clubs for all students every Friday.
- * Restorative/Relational practices in classrooms for prevention and resolution of social issues.
- * Reflection/Reset spaces for students to prepare emotionally and physically to participate successfully in class.
- * RISE! social emotional lessons are provided daily in all classrooms.
- * Focus Groups for Shared Leadership and Decision Making
- * Teacher Directed Professional Development Sessions
- * We need to increase positive visibility on social media to promote the success of our school. We will continue refreshing the building, such as replacing the carpet mural.

School Processes & Programs Strengths

Curriculum, Instruction and Assessment

- Creation of a Master Schedule that allows all grade level teachers to have the same prioed off to colloborate and have PLCs during the school day

- Use of WIN Time to address HB4545 intervention
- Common assessment data is analyzed during PLC's to guide instruction and assessment
- Classroom instruction and assessments are based on TEKS
- Teachers track data from multiple sources and collaborate within an academic team to address the whole student
- Experienced staff with a track record of successful standards-based instruction
- Opportunities for staff-led researched based, professional development
- Weekly collaboration in grade-level subject areas to review standards and create instructional strategies
- Utilization of released STAAR materials to establish sufficient rigor for instruction
- Implementation of Dufours' PLC model in our grade levels
- Effective use of technology within classrooms
- Implementation of Reading and Writing Workshop in our ELAR classrooms
- Utilizing Learning Targets and Language objectives with fidelity in all contents
- Continued PD and implementation of AFL strategies (Learning Targets, Strong and Weak Work, Descriptive Feedback, Co-Creating Success Criteria, Student Goal Setting, and Effective Questioning)

Technology

- All staff trained in Canvas to allow student access to material
- An increased use of technology for assessment and immediate feedback
- An increased use of technology to facilitate 504 and SpEd accommodations
- Willingness of staff to improve technology skills and integrate technology in lessons
- Strong support from campus technology staff
- We are a 1:1 Chromebook campus

School Context and Organization ~

- All Hodge certified staff have a leadership role on campus.
- Effective communication between staff and parents through TAC emails and school newsletters.
- Organized duty stations
- Supervision inside and outside the campus is actively monitored by staff

- Student/teacher interactions are positive.

Staff Quality, Recruitment and Retention

- Professional development hours
- Student teacher recruitment
- Staff recruitment through word-of-mouth

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Teachers need more time to work as a PLC and learn together through teacher directed activities through ongoing, job embedded professional development opportunities.

Perceptions

Perceptions Summary

Family and Community Involvement - Family and Community Involvement refers to how these stakeholders are informed, invested, and involved as partners in supporting the school community to maintain high expectations and high achievement for all students.

School Culture and Climate - School culture refers to the organization's values, beliefs, traditions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff, and students feel about the school and affects how people interact within the system.

Hodge ES has several wonderful opportunities for families to engage with the school personnel, through evening events, clubs, and other family outreach events. The staff and students take pride in the mission and motto of our school. The campus needs in this area include increased parent communication and additional staff to support students and their families, such as another full time counselor. To help meet students' needs additional training on strategies for working with students who have experienced ACEs and/or living in extreme poverty is needed. Additionally, strategies to develop school pride, appreciation for others, and finding joy in everyday work need to be intentionally employed with students and staff. The school needs to support PLC work by ensuring that it is goal driven and data fueled, continuing to emphasize support for bilingual students with special needs, and providing resources for WIN.

Perceptions Strengths

Family and Community Involvement -

- Weekly/monthly communication from staff with parents and guardians
- Social Media communication has increased
- Positive and negative communication home
- Parents are responsive to needs of teachers and staff
- Lots of opportunity for parents to be involved within the classroom, sporting events, academic events and more
- High levels of social media and email and phone blast are keeping parents in the loop
- Celebration of Learning/ Winter Wonderland Family Nights
- Ballet Folklorico Club
- Holiday Support for Families

School Culture and Climate ~

- Relationships built by staff with students
- Committed staff
- Staff is happy to be at work
- High but achievable expectations that allows students to reach goals
- Staff is helpful
- Teachers are involved
- Students living out our inclusive culture by helping peers and teachers
- Staff feels that administration is creating a positive culture
- Staff and students know, and live by, the school Mission and Motto

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Teachers need to drive their professional learning and have opportunities to shape our school through shared decision making. The school have a greater presence on a variety of social media platforms in order to more successfully communicate with the greater Hodge community.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements
- Covid-19 Factors and/or waivers

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card Data

Student Data: Assessments

- State and federally required assessment information
- (STAAR) current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and progress
- Special programs data, including number of students, academic achievement, discipline, attendance, and progress
- Economically Disadvantaged / Non-economically disadvantaged performance, progress, and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- EL/non-EL or LEP data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender, etc.
- Section 504 data
- Gifted and talented data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- TTESS data
- T-P ESS data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Teaching & Learning

In pursuit of excellence, we will:

- *Develop and maintain a culture where learning remains our first priority
- *Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- *Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- *Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- *Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- *Incorporate best practices into teaching, learning, technology and leadership
- *Foster and support an advanced digital learning environment
- *Establish goals for individual campuses that incorporate both measurable and intangible factors

Performance Objective 1: To increase student achievement as evidenced by a minimum of one year's growth in reading text level for all students through engaging teachers in shared decision making, leadership, and teacher directed professional development through the PLC process.

Goal 2: Culture & Climate

In pursuit of excellence, we will:

- * Honor the dedication and professionalism of all staff
- * Celebrate, respect and promote the value of diversity in our Denton ISD Community
- * Support a working environment ensuring open and transparent communication
- * Establish high expectations for success
- * Instill in students a love of lifelong learning
- * Foster a positive, welcoming environment encouraging parent and community partnerships
- * Promote health, wellness and emotional well-being
- * Effectively communicate achievements and recognitions to the Denton ISD community

Performance Objective 1: To improve the culture and climate for teaching and learning as evidenced by improved Culture and Climate Survey results through engaging teachers in shared decision making, leadership, and teacher directed professional development through the PLC process.

Demographics

Demographics Summary

Woodrow Wilson Elementary is a Title 1 neighborhood school located inside the city of Denton. We have one regular education bus and two special education buses that serve our students. The remainder of our students either walk, are car riders, or ride day care buses. Our campus is a dual language two-way campus for one cohort of students in each grade level. The majority of our ELLs are served in the bilingual classrooms. We have two Adaptive and Functional Skills classrooms that serve special education students across the district. Our teachers are veteran teachers with a high campus teacher retention level with the majority of our teachers having over 10 years of experience. Our parents and school community are actively involved with our campus.

Demographics Strengths

The campus staff has several members that have 20+ years of teaching experience with the majority having more than 10 years with a high staff retention rate. The campus

leadership teams makes decisions that are based on data which leads to staff development that focuses on the campus needs. The administration actively recruits highly qualified teachers and attends recruitment events. New teachers are supported through a robust mentor program.

The campus supports student learning through staff development and instructional coaches and interventionist. Our campus has a Math, Literacy, and Bilingual/ESL instructional coach/interventionist as well as dyslexia, reading recovery to support struggling learners. Our gifted and talented teachers provide learning opportunities for students to help build background knowledge and provide equity.

The campus leadership team uses data to determine the best use of the Title 1 funds that support the students through supplemental learning opportunities, resources, and real world learning experiences through field trips.

Supplemental resources are provided for all students to support learning in Math, Reading, Writing, Science, and Social Studies. Through the campus Multi-Tiered System of Supports team decisions are made to provide the appropriate intervention and resources for student learning and behavior.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Students struggling with their social and emotional behavior. **Root Cause:** Students are struggling more with mental health and need opportunities to connect with others on campus.

Problem Statement 2 (Prioritized): Special Education Students need strong support in all content areas identified in IEP. **Root Cause:** Special Education Teachers need more training in content specific areas.

Problem Statement 3 (Prioritized): Additional intervention time needs to be provided to students in Kinder-2nd Grade. **Root Cause:** The campus interventionist must serve 3rd-5th graders first. This takes the majority of their time and they are unable to have time to serve the lower grades.

Problem Statement 4: Bilingual Special Education students do not always understand their special education teacher. **Root Cause:** Inclusion teachers and paraprofessionals are not bilingual.

Problem Statement 5 (Prioritized): New to Wilson families do not always connect with established families. **Root Cause:** Opportunities need to be provided for all families to connect and be part of the community.

Problem Statement 6 (Prioritized): Students lack background knowledge and real world experience to relate to new content. **Root Cause:** Students have not experienced real world learning and need more opportunities.

Student Learning

Student Learning Summary

State Data from 2018-2019 is being used due to COVID-19. For 2018-2019 Woodrow Wilson Elementary earned a B (80-89) for recognized performance by serving many students well and encouraging high academic achievement and/or appropriate academic growth for most students.

Accountability Rating Domain	Percentage
Overall	85 (B)
Student Achievement	88 (B)
School Progress	82 (B)
Closing the Gaps	79 (C)

Our campus received TEA Distinction Designations in the areas of ELA/Reading, Science, and Postsecondary Readiness.

We use a robust Multi Tiered Systematic System of supports to review every student. All students not performing on grade level receive supplemental support either in the classroom for Math, Reading, and Bilingual literacy. We review student progress and adjust instruction as needed based on data. Programs such as Reading Counts and Study Island are used and need to be available quickly for student access as soon as they start school. To help support student learning, teachers work collaboratively through their Professional Learning Community. Time is provided for them to work together and serve small groups of students by using substitutes to cover their classrooms. Saturday school is also provided as an additional time for student learning.

Data gathered throughout the 2019-2020 school year shows our campus continues have high academic expectaitons. Middle of the year Data was used due to COVID-19, Based on this data, we were on track to perform at or above where we performed the previous year.

Student Learning Strengths

Students have access to on-line learning platforms as soon as possible when school starts. The supplemental learning platforms are provided in English and Spanish to serve the needs of the majority of our students.

The MTSS committee provides input and makes recommendations for student supplemental support for academics and social/emotional learning. Through the teams recommendations, students may receive supplement support from the classroom teacher, counselor, specialist, reading interventionist, math interventionist, and/or bilingual interventionist. Teachers also may receive instructional support from the Math, Reading, or Bilingual literacy coach.

Campus funds are used based student learning needs. Tutors are provided to support small group instruction to allow for more supplemental learning for the students. The professional development matches the needs of the campus and student learning. Supplemental resources are provided for instruction and behavioral support. Additional learning opportunities are provided for students such as Saturday School for Bilingual and ESL students.

Student success is celebrated and promoted through assemblies and award programs.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Classrooms do not have adequate resources to provide supplemental learning opportunities for all students and in multiple languages. **Root Cause:** Classrooms need to have more vocabulary resources, Spanish resources, and supplemental resources for Math, Language Arts, Science, and Social Studies.

Problem Statement 2 (Prioritized): Special education students under perform their peers on State Assessments. **Root Cause:** Special education teachers need content specific training and co-teaching strategies.

Problem Statement 3 (Prioritized): Teachers need to have adequate time to collaborate and plan engaging lessons. **Root Cause:** The majority of our teachers have to plan for all content areas. New resources have been provided to the teachers that require more time to understand and plan.

Problem Statement 4 (Prioritized): Students have several identified gaps that are below level in Math and Language Arts **Root Cause:** Migrant students, students moving, learning disabilities, student attendance, background knowledge.

Problem Statement 5 (Prioritized): Students in grades Kindergarten through 2nd grade do not have as many supplemental support opportunities as students in 3rd-5th grade. **Root Cause:** The campus does not have a full time supplemental support teacher for grades Kinder-2nd.

School Processes & Programs

School Processes & Programs Summary

Our campus uses data gathered from a variety of resources such as campus and zone based assessments for all grade levels, report card assessments, teacher developed assessments, on-line inventories, STAAR, and other resources to determine student needs based on state standards. Teachers collaborate together during their Professional Learning Community time where they discuss what do we expect our students to learn, how will we know they are learning, how will we respond when they don't learn, and how will we respond when they learn it? Every student is discussed in our Multi-Tiered System of Supports. Their strengths and weaknesses that are based on data is reviewed. For struggling students, supplemental support is given and progress is reviewed as needed.

The campus leadership team collaborates to provide guidance on using funds and to review campus procedures. Funds are used to increase student learning support in areas of need based on data. The master schedule, developed in collaboration with the CLT, is designed to maximize instructional time and minimize classroom interruptions.

Woodrow Wilson Elementary has a high teacher retention rate. Consistently throughout the past 15 years, the majority of teachers that leave the campus is due to retirement and not school to school transfers. The majority of our staff has 10 or more years of teaching experience. The administrative staff recruits teachers by attending job fairs and advertising on the district recruitment website.

School Processes & Programs Strengths

The campus PLC and MTSS process is revised as needed to meet the needs of the students and teachers. Data that is used from assessments such as campus and zone based assessments for all grade levels, report card assessments, teacher developed assessments, on-line inventories, STAAR, and other resources is used to identify student strengths and weaknesses. This data is used to help create small groups for targeted intervention and provide direct services for qualified students. Supplemental services start early in the fall semester and continue throughout the school year.

Supplemental resources are provided for STEM (Science, Technology, Engineering, and Math) as well as Reading, Writing, Social Studies, and emotional/behavioral learning. Technology is used as a teaching tool with additional use of a 3-D printer and daily use of computer labs. Supplemental on-line learning opportunities are provided such as Reading Counts and Study Island. Professional Development opportunities are provided to meet the curriculum needs.

Our campus has a part-time technology instructional specialist that provides professional development for the teachers. Students gain additional learning through the STEAM club as well as having access to our Maker Space Classroom.

We have a veteran teaching staff with high retention rates. The administrative staff recruits highly qualified teachers by attending job fairs and advertising through the district recruitment website.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Students have to share devices. **Root Cause:** Each classroom has enough computers so that every two students has access to one computer.

Problem Statement 2: New technology resources are available but students and teachers require more training. **Root Cause:** Technology resources are developed so quicker than staff development has been provided. Training is needed for teachers and students for relevant programs.

Problem Statement 3: Special education students are not performing the same as their peers. **Root Cause:** Special education teacher schedules need to be efficient and support the area of need at the appropriate time.

Problem Statement 4 (Prioritized): New to the campus and new to teaching teachers need additional support. **Root Cause:** Several teachers retired this past year. New to campus and new to teaching teachers need to have additional support.

- Actively recognize and celebrate effort, achievement, and success of all members of our school community.
- Cultivate a climate of caring, acceptance, and respect.
- Find patterns in data and use them to improve instruction.
- Build relationships so that students trust teachers and so that parents, teachers, and administrators trust each other.

Our Values

- Perseverance
- CommUNITY
- Innovation
- Integrity
- Responsibility

Woodrow Wilson Elementary has an established culture of respect for the staff and students. Our climate is focused on student learning with high expectation for the staff and students.

Learning is communicated through report cards, student portfolios, student portfolio showcases, and evidence of work sent home. We have a strong partnership with our families and community.

Perceptions Strengths

Woodrow Wilson Elementary has a strong connection with the community and provides multiple events throughout the year to increase parental engagement and showcase student learning. Some of the programs include literacy nights, math and science night, dual language events, science fair, fine arts night, STEAM nights, and ballet folklorico. We have a plethora of volunteers for Chess Club, and STEAM club. Our PTA events such as book fairs, the fall festival, dances, and other events are highly attended.

Community volunteers and partners help support student learning, teacher support, and mentor students. Community wide events on campus include the family and friends picnics. Teachers communicate through email, newsletters, phone calls, and parent conferences. Teachers are provided with substitutes during the spring semester so they can

have conferences with their students' parents to discuss student progress. For school wide information, a newsletter is sent home to keep families involved.

Student success is celebrated in the classroom and school wide through announcement and assemblies. Student social and emotional needs are being met during social skills training, lunch bunch, and guidance lessons. 4th grade students take a strength assessment to identify their top three strengths.

Health and fitness is encouraged for students and staff. All are encouraged to participate in the mustang marathon and all the health and wellness checks.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Spanish speaking families are less involved than others. **Root Cause:** Not all events are in English and Spanish.

Problem Statement 2 (Prioritized): Families indicate that they would like the school to provide family support and training in regards to social media. **Root Cause:** Social media safety is a concern our families and teachers have.

Problem Statement 3 (Prioritized): Social and emotional needs of our students has increased. **Root Cause:** Students behavioral support need has increased. More students have higher emotional needs. Students being out of the school building for 6 months.

Problem Statement 4 (Prioritized): Students need extracurricular activities to increase activity level and be more engaged learners. **Root Cause:** Students have been out of school for over 6 months. Students will work harder and more effective if they are able to exercise.

Priority Problem Statements

Problem Statement 1: Students struggling with their social and emotional behavior.

Root Cause 1: Students are struggling more with mental health and need opportunities to connect with others on campus.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Special Education Students need strong support in all content areas identified in IEP.

Root Cause 2: Special Education Teachers need more training in content specific areas.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Additional intervention time needs to be provided to students in Kinder-2nd Grade.

Root Cause 3: The campus interventionist must serve 3rd-5th graders first. This takes the majority of their time and they are unable to have time to serve the lower grades.

Problem Statement 3 Areas: Demographics

Problem Statement 4: New to Wilson families do not always connect with established families.

Root Cause 4: Opportunities need to be provided for all families to connect and be part of the community.

Problem Statement 4 Areas: Demographics

Goals

Goal 1: Teaching & Learning

In pursuit of excellence, we will:

- * Develop and maintain a culture where learning remains our first priority
- * Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- * Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- * Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- * Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- * Incorporate best practices into teaching, learning, technology and leadership
- * Foster and support an advanced digital learning environment
- * Establish goals for individual campuses that incorporate both measurable and intangible factors

Performance Objective 1: By May 2022, we will increase the percentage of students performing at the approaches/progressing, meets, and masters/above expectations levels by 5% using these measures:

- 1) 3rd-5th grade STAAR results,
- 2) K-5th grade reading independent reading levels, and
- 3) Primary Numeracy Assessment (PNA) levels in K-2nd grade.

In addition, 80% of K-5th grade students will make at minimum a full year's worth of growth using these measures.

Evaluation Data Sources: K-5th grade reading levels will be assessed using the Fountas & Pinnell BAS and SEL systems. Our goals are to see a 5% increase in the percentage of students reading independently on grade level from September 2021 to May 2022, and a 5% reduction in the percentage of students at risk in their independent reading level during the same period. Progress on K-5th grade independent reading levels will be monitored monthly throughout the school year.

K-2nd math fluency levels will be assessed using the Primary Numeracy Assessment (PNA). Our goals are to see a 5% increase in the percentage of students performing on grade level from September 2021 to May 2022, and a 5% reduction in the percentage of students at risk in their math fluency during the same period. Progress on K-2nd grade math fluency levels will be monitored throughout the school year.

3rd-5th grade students' STAAR performance will be measured in language arts, math, and science. Our goals are to see a 5% increase in the percentage of students performing at the approaches, meets, and masters levels when the same group of students' results in spring 2022 are compared to their results in spring 2021 in the previous grade level. Progress on 3rd-5th grade performance on vertical zone common assessments will be monitored throughout the school year.

Student Learning

Student Learning Summary

Questions given to the staff in May 2021 for Student Learning:

- What does PLC mean to you?
- What would make PLC time more worth it for you?
- Assessments, Data Analysis, and planning are crucial to moving this campus forward in PLC, DMTSS and student excellence. Make a plan w your team that would be most ideal for the assessment, data review, and planning cycle. As a team, discuss the value of assessment and how it should drive everything you do.

Areas to Grow:

- Need more time in PLCs & EVERYONE'S involvement
- PLCs after assessments
- Specific plans for data- more structure rather than open-ended

Student Learning Strengths

- * Data-driven instructions
- * Learn and grow as a team
- * Collaboration

Demographics

Demographics Summary

Rivera Elementary was built in 1994 and received two additions since it opened, most recently in 2009. The driving force behind Rivera Elementary is an inherent, heartfelt belief that all children can succeed and the dedicated teacher is the catalyst. This belief is mirrored in the enthusiasm and positive learning attitude displayed by our students. Tomas Rivera Elementary School in Denton ISD is a Title I campus with 88.3% of the students participating in free or reduce lunch. Tomas Rivera has a one-way dual language program. The campus serves students in grades PK-5. Rivera has 624 students enrolled in 2021-2022 school year. In 2021-2022 there are 36 students enrolled in Pre-K, 119 students in kindergarten, 105 students in first Grade, 75 students in second grade, 102 students In third grade, 98 students In fourth grade, 71 students In fifth grade . Of the total enrollment at Rivera, 30 percent of Rivera students are Black/African-American. 45.6 % are hispanic, 20.1% are White. In comparison with our district, Rivera is a more diverse campus. Denton ISD had a enrollment of 16.5% African American, 31.1% Hispanic, and 46.7% White. Rivera had a mobility rate of 20% in year 2020-2021. 36% of RIVERA students are identified as a student with a disability. Our community consists of parents living in apartment buildings and mobile homes.

Demographics Strengths

Tomas Rivera Elementary School has a multitude of demographic strengths including:

1. Rivera Elementary is one of Denton ISD's most culturally diverse schools and builds on that with a welcoming and nurturing environment for students and their families.
2. Rivera Elementary is a one way dual language campus.
2. Rivera has a diverse demographic that allows for the celebration of diversity with the mutli-cultuiral prgrams.
3. Rivera staff aligns with the student demographics.
4. Prior to COVID year, Rivera was making significant growth. Despite 88.7% of the student on free or reduced lunch, pre-covid in the last 3 years prior to COVID-19, Rivera students continue to grow as evidenced by the TEA Accounability

Distinctions in Top 25% Academic Growth, Top 25% Closing the Achievement Gap.

5. Rivera staff participate in high quality staff development aligned to targeted campus needs in order to increase teacher knowledge and student achievement.

6. Rivera staff is collaborative in their teaching approach.

Problem Statements Identifying Demographics Needs

Problem Statement 1: History of teacher turnover dictates improvement in teacher retention should be a focus at Rivera **Root Cause:** Increased need of intentional support for new staff

Student Learning

Student Learning Summary

In the 2019-2020, school year our performance on STAAR decreased in all subjects across the board. Students suffered learning loss from COVID-19 school closures.

Math: Comparing the December percentage scores from 2018 and the STAAR scores from 2019 over all percentages went up from December to the end of year STAAR. 2019 combined grades 3-5 STAAR Math approximate percentages: 80% approaches, 50% meets, and 22% masters. 2018 December Zone percentages in order from 3rd to 5th grades. 69%, 78%, and 73% approaches; 41%, 44%, and 48% meets; 18%, 25% and 19% masters. Looking at the 2019 December Zone assessment some percentages compared to where we ended the year last year we were higher or very close to the 2019 STAAR percentages.

Reading: Comparing the December percentage scores from 2018 and the STAAR scores from 2019 over all percentages increase dramatically. 2019 combined grades 3-5 STAAR Reading approximate percentages: 72% approaches, 41% meets, and 20% masters. 2018 December Zone percentages in order from 3rd to 5th grades. 52%, 53%, and 66% approaches; 23%, 15%, and 24% meets; 17%, 7% and 7% masters. Similar to math, the 2019 December zone assessment scores were significantly higher than the 2018 December Zone or about the same as the 2019 STAAR results. Using the campus trends with the state, the data in the document indicates math, reading, and science have increased each year with occasional dips in progress from 2013 to 2019. This progress is not only for students who met approaching, but also meets and masters.

By looking at the Closing the Gap document, all subgroups are making progress because Rivera met target in areas, academic achievement, growth status, and student success status except just a couple. Caucasian students did not meet the target for academic achievement in reading, Special Education did not meet the target for student success status and the non-continuously enrolled group did not meet the targets for academic achievement in reading or math or the student success status.

---	--------------------------------------

For the 2018-2019 school year Rivera got a B in overall performance. From the year before we increased from 82 out of 100 to 86 out of 100. In student achievement we scored a C, 76 out of 100, school progress we scored a B, 85 out of 100, and in closing the gaps we scored a B, 88 out of 100.

Distinctions received: academic achievement in science, top 25%: comparative academic growth, post-secondary readiness, and top 25%: comparative closing the gaps.

Student Learning Strengths

2020-2021 Student Learning Strengths:

Although there were decreases across subjects due to COVID-19 closures, there was growth in 4th grade writing.

Comparing the 2019 and 2020 4th grade writing STAAR

43.75% Approaches to 52.94% Approaches

10.94 % Approaches to 15.69% Approaches

0% Masters to 3.92% Masters

Comparing the 4th Grade Reading STAAR

27.42% Meets to 34.62% Meests

Students scored lower in almost all areas of STAAR from 2019 to 2020.

Prior to COVID-19 closures, looking at the campus trends with the State we have slowly increased or stayed about the same from 2017 to 2019 in both math and reading approaches, meets, and masters overall percentages. The largest jump for each subject was between 2018 and 2019. Science increased except for a slight drop in the number of students who received masters in 2018 but went back up in 2019. Writing went up from 2017 to 2018 but went down from 2018 to 2019.

Rivera met almost all targets due to an increase of tier 1 instruction in the classroom. Teachers also used “success” time in their day to really focus on tier 2 instruction as well as the interventionist with our tier 3 students.

Overall the data show Rivera is increasing the number of students who approach, meet, and master the STAAR test in math, reading, and science the last few years

For the 2018-2019 school year Rivera got a B in overall performance. From the year before we increased from 82 out of 100 to 86 out of 100. In student achievement we scored a C, 76 out of 100, school progress we scored a B, 85 out of 100, and in closing the gaps we scored a B, 88 out of 100.

Distinctions received: academic achievement in science, top 25%: comparative academic growth, post-secondary readiness, and top 25%: comparative closing the gaps.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Students scored lower in all areas of STAAR from 2019 to 2020 Need to create of Family Time to address HB4545 intervention (implemented Aug 2021)

Root Cause: Learning loss due to COVID-19 school closure

School Processes & Programs

School Processes & Programs Summary

The curriculum, instruction, and assessment focus at Rivera is guided by the TEKS and Denton ISD scope and sequence expectations. Assessment is a critical component when it comes to decision making. Rivera uses the concept of balanced assessment and instruction to ensure we are adequately addressing student needs and measuring student outcomes. Weekly planning meetings are held to target lesson planning, data review, strategic planning and professional learning. Rivera uses the DMTSS system to support all learners. Paraprofessionals are included in staff development activities. Grade levels are provided with a daily common planning time and provided with a collaborative, extended planning time (Professional Learning Community) address long range goals and assessment development. In the PLC, Rivera focuses on the DuFour 4 questions of

- What do we expect our students to learn? (Goals/Expectations)
- How will we know they are learning? (Assessment)
- How will we respond when they don't learn? – (Intervention)
- How will we respond if they already know it? (Enrichment)

Rivera implements 45 minutes of built-in intervention, "SUCCESS time" in the master schedule to provide interventions for all students and in order to support support early intervention.

School Processes & Programs Strengths

- Creation of a Master Schedule that allows all core teachers to have the same prioed off to colloborate and have PLCs during the school day
- Creation of Family Time to address HB4545 intervention
- Ryan Zone Common assessment data is analyzed during PLC's to guide instruction and assessment
- Classroom instruction and assessments are based on TEKS Teachers track data from multiple sources and collaborate within an academic team to address the whole student
- Experienced staff with a track record of successful standards-based instruction Opportunities for staff-lead researched based, professional development
- Weekly collaboration in grade-level subject areas to review standards and create instructional strategies
- Utilization of released STAAR materials to establish sufficient rigor for instruction
- Implementation of Dufours' PLC model in our department PD provided for Creation of True PLC practices (PLC Summit and Foundation of PLCs)
- Effective use of technology within classrooms Implementation of Reading and Writing Workshop in our ELAR classrooms

- Utilizing Learning Targets and Language objectives with fidelity in all contents
- Continued PD and implementation of AFL strategies (Learning Targets, Strong and Weak Work, Descriptive Feedback, Co-Creating Success Criteria, Student Goal Setting, and Effective Questioning)

Rivera's process and program strengths include:

1. Collaborative planning processes ensure equity in instruction.
2. Relationship building between students and staff enhances our school community and instructional integrity.
3. Premium focus on parent engagement and collaboration
4. Staff is growing in their ability to interpret and use common assessment data to drive instruction.
5. Innovative practices are welcomed among students, staff, and parents.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: The Need for more PLC PD opportunities (PLC Summit and Foundation of PLCs are in the works for fall of 2021) **Root Cause:** Teachers use DMTSS to primarily focus on students at risk of not passing the STAAR. We need to target the "Meets" level and not just "Approaches"

Perceptions

Perceptions Summary

At Rivera we believe in the pursuit of excellence for all students. Rivera Elementary works to ensure our school has a family environment. Family involvement is a key component of student success and it is imperative to us that we support parents by creating a climate that is responsive and communicative in nature while allowing the school and family to work as partners in the educational process. Parent/community nights such as meet the teacher, parent info nights, multi-cultural events, curriculum nights, and the fall festival all serve to help bring parents and school staff together toward a common purpose. Rivera utilizes and implements CHAMPS, PBIS, restorative practices. Campus discipline data reflects an improvement in disciplinary infractions since the implementation of PBIS.

Continue to rebuild momentum that was affected by COVID-19 School Closure

Perceptions Strengths

Rivera has a multitude of family and community involvement opportunities:

Mentoring programs (Grand parent volunteers, PALS, CIS, ACE) to help address the social and emotional needs of at-risk students.

Student Assistance Counselor to help address the social and emotional needs of at-risk students.

Maintaining and expanding relationships with business partners Use of the Watch DOGS program to encourage volunteerism of fathers Campus Improvement Team Continuation of PBIS to help with student behavior and making good decision making.

Goals

Goal 1: Teaching & Learning

In pursuit of excellence, we will:

- * Develop and maintain a culture where learning remains our first priority
- * Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- * Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- * Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- * Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- * Incorporate best practices into teaching, learning, technology and leadership
- * Foster and support an advanced digital learning environment
- * Establish goals for individual campuses that incorporate both measurable and intangible factors

Performance Objective 1: Increase the number of students that are at the meets and masters level by 10% grades 3-5 and ensure at least one years growth grades K-2 on all state tests, common assessments, reading and math inventories by improving Tier 1 instruction, interventions and preventative programs by June 2022.

Comprehensive Needs Assessment

Revised/Approved: May 4, 2021

Demographics

Demographics Summary

The Stephens Elementary campus serves students PK through Grade 5. There are roughly 425 students enrolled for this year, which is 60 students higher than last year. The campus does receive Title 1 Funding, with just over 60% of the student population qualifying for free or reduced meal service. The demographic make-up of the campus is as follows:

Caucasian Students - 41%

African American Students - 30%

Hispanic Students - 20%

Asian Students - 5%

Two or More Races - 2%

American Indian - 1%

Pacific Islander - 1%

Demographics Strengths

No significant drops in enrollment

Less office referrals due to Campus House System and various PD for staff on SEL

DNQ rate for Special Programs is not significantly high, so student data being collected is playing a role in good student referrals

Community outreach programs for various needs of our student populations

Problem Statements Identifying Demographics Needs

Problem Statement 1: Student needs continue to grow in the earlier grades, as our youngest learners are enrolling without foundation skills in literacy. This is creating more at-risk students to serve in grades PK - 1.

Student Learning

Student Learning Summary

Student achievement data points for review include campus, district, and state assessments.

Campus-based data points include running records, formative assessments, early childhood data booklets based on essential learning standards, I-Station, and Imagine Math.

District-based data points include CLI, TxKEA, TPRI, PNA, Zone Common Assessments, STAAR Simulation Assessments, Report Card Assessments, and STAAR Interim Assessments.

State Assessments include STAAR and TELPAS

Based on the last School Report Card in 2018-2019, Stephens was awarded all six distinctions from the state and received an "A" rating as a campus for STAAR performance.

86% of All Students were at the "Approaches" Level on Reading STAAR

87% of All Students were at the "Approaches" Level on Math STAAR

Based on the 2020-2021 state data, student performance was the following:

78% of All Students were at the "Approaches" Level on Reading STAAR

78% of All Students were at the "Approaches" Level on Math STAAR

Student Learning Strengths

Data collection is more targeted for student intervention

Protected campus time for student intervention to occur

Protected time for teachers to collaborate during PLC huddles

Implementation of pacing guides to determine essential learning standards for each grade level

Documentation for MTSS meetings

Vertical alignment for upper level content

Continuing to refine Assessment for Learning Practices within the learning environments

Problem Statements Identifying Student Learning Needs

Problem Statement 1: All student groups scored lower on 2020-2021 STAAR than 2018-2019 STAAR in the areas of Math and Reading. The decrease for "All Students" was an average of 10% in both content areas.

Goals

Revised/Approved: September 7, 2021

Goal 1: Teaching & Learning

In pursuit of excellence, we will:

- * Develop and maintain a culture where learning remains our first priority
- * Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- * Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- * Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- * Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- * Incorporate best practices into teaching, learning, technology and leadership
- * Foster and support an advanced digital learning environment
- * Establish goals for individual campuses that incorporate both measurable and intangible factors

Performance Objective 1: Increase the number of all student groups who achieve "Meets" and "Masters" levels on the Reading STAAR by 15% through the implementation, improvement, and progress monitoring of effective Tier I and Tier II instructional strategies by June 2022.
