- December 2024 Tremolo Issue: [Crosslake Community School Online Family Newsletter](#)

Seat Based Programming

Fastbridge testing is about halfway completed. Scores are showing good continued growth! Some have decided to participate after Christmas. This is the teachers prerogative to choose when to test within the window. We have set aside time in January during our PLC for the teachers to dissect this information.

PLC time for teachers has been defined and refined. The leadership team is doing an excellent job at making the schedule and finding balance of topics and presentations.

Club update: Boys and girls basketball has started and is very popular! Multiple kids have signed up. We are hoping to participate in tournaments in January. The Cheer Club has over 30 kids on the list and is really exciting. A huge thanks to Belinda Yurick, a few staff and parents for getting this rolling!!

Math fluency scores continue to climb! I have observed the Spring Math process in all classrooms.

Our Seat Based School Osprey Wild visit went incredibly well. Erin loved what we have going on here! She gave a few ideas for tracking specific behaviors, etc. She said our staff is top notch - TRUE STATEMENT. Overall, she was very pleased with what she was seeing.

Our cooperation with the Paul Bunyan Special Education Cooperative is remarkable. They are so helpful and truly step in and assist with anything we are in need of.

Looking forward:

Spirit Week December 16-20

Santa's workshop - a fun shopping day for kids to get gifts for people they love.

Christmas/Winter Holiday Break - Early out December 20, return to school January 2, 2025.

January 17, 2025 - End of Semester 1
