

### 3.9 APPROVAL OF OBSOLETE EQUIPMENT DISPOSAL

#### A. SUBJECT

The Board of Education is asked to approve the disposal of obsolete equipment owned by the District.

#### B. INFORMATION

The following is a list of obsolete and unnecessary technology equipment located throughout the District. The list of equipment was prepared by each building and compiled by the Technology Department. None of the equipment is deemed useful for educational activities. A good portion of the equipment is non-functional and beyond repair at a reasonable cost. This equipment should be recycled in compliance with EPA guidelines because it may contain materials such as lead.

As in previous years, the Technology Department has investigated options for disposal and recycling of technology equipment. We have located a recycler in the Chicagoland area that will accept the equipment and guarantee transfer of ownership and proper disposal/recycling. The vendor, Vision IT., has provided an estimate of the costs for recycling computers, monitors, printers as well as other electronic items. The cost of picking up the equipment is \$250. Vision IT will pay us 2-10 cents a pound for our recycling, this amount will offset the cost of pickup.

The list contains the following items:

Item	Count
Computers	21
Laptops	25
Monitors	9
Printers	7
iPads	49
TVs	2
Projectors	16
Misc	20
Boxes	63
Switches	6

#### C. RECOMMENDATION

The Superintendent recommends that the Board of Education approve the disposal of the listed obsolete equipment.

#### D. SUGGESTED MOTION

This item will be included as part of the Consent Agenda Motion.
