# Facts of the Day for October

Dear Williams Community,

The Facts of the Day are a routine part of our school days. They can be seen in every classroom and in the gym. Students are increasingly becoming more fluent in basic facts. Place this calendar in a prominent place. Students are excited to see who can correctly get the facts first. Please remember that the addition facts are especially good for all grades, while the multiplication facts are intended for grades 3 -5. We appreciate all of your support!

*"When the trees their summer splendor change to raiment red and gold.  
When the summer moon turns mellow and the nights are getting cold.  
When the squirrels hide their acorns, and the woodchucks disappear.  
Then we know that it is autumn, loveliest season of the year."*
