

CALENDAR RECOMMENDATIONS

Due to inclement weather we need to adjust the school calendar.

The basics are that we always schedule 178 student contact (face-to-face) days but we are only required 175. We can have up to 3 non made up contact days if our total hours per year exceed the minimum instructional hours required. We do have enough hours even after deducting 3 days.

The specific days & recommendations are as follows:

Date Closed	Makeup date	Status
Dec. 20	April 17	Face-to-face made up .5 students & .5 Inservice
Jan. 6	April 22	Face-to-face made up
Jan. 7	Inservice	#1 Not Face-face
Jan. 27	Proposed Inservice 6-9-14	#2 Not Face-face
Jan. 28	Proposed Inservice 6-10-14	#3 Not Face-face

IF no additional snow/cold days!

The scenario would be:

June 6 - The last day for student remains the same as scheduled.

June 9 & 10 - become Inservice days for staff.

June 11 – Becomes the last day for staff.

If we have any more snow days... we need to rethink the last day for students and staff. Therefore I only want to post makeup days for April 17 & 22 for now since anything else only affects teachers and they will be notified.

The board could choose to waive the 2 days but I feel that we need the inservice time.
