Dear Superintendent Fialkiewicz:

The Oregon Department of Education (ODE) has completed its review of data submitted by Corbett SD related to State Performance Plan (SPP) compliance indicators. These indicators include:

- **B4B:** Significant discrepancy in suspension/expulsion rates by race/ethnicity due to inappropriate policies, procedures, or practices.
- **B9:** Disproportionate representation of racial and ethnic groups in special education is the result of inappropriate identification.
- **B10:** Disproportionate representation of racial and ethnic groups in specific disability categories is the result of inappropriate identification.
- **B11:** Percent of children evaluated within 60 school days of receiving parental consent for initial evaluation.

We are pleased to inform you that based on our review, no noncompliance has been identified for Corbett SD in any of these areas.

In accordance with the Individuals with Disabilities Education Act (IDEA) and Oregon Administrative Rules (OARs), ODE conducts these reviews to ensure compliance with federal and state special education requirements. Your district's data demonstrates compliance with these important requirements.

No further action is required of Corbett SD based on the results of this review. We appreciate your continued commitment to ensuring appropriate educational services for students with disabilities in your district.

Should you have any questions regarding this letter or the review process, please contact your assigned District Compliance Specialist, Laura Petschauer.

Sincerely,
