SUBJECT: Request to Purchase Second Step

The Student Services Department is requesting to renew the Second Step program for our elementary counselors. Second Step is an evidence based social skills and character education program for grades K-8 to help students build skills—like nurturing positive relationships, managing emotions, and meeting goals—so they can thrive in school and in life. The program is currently utilized in all our elementary schools as the Tier I instructional program implemented by our school counselors for all students as outlined in Elevate28.

The total purchase price is \$56,245.50. The purchase price includes all materials and annual licenses for each school. This amount also includes training for implementation and use of the online platform. Thank you for your support of our students and elementary school counselors.
