## Make A Wish Foundation

We got a call on Nov 15 about an 18 year old Make A Wish Foundation patient, Patrick, from rural Alabama. His wish was to visit rural Alaska. Wright Air agreed to fly him to Anaktuvuk Pass for free. So we spontaneously got some Nunamiut T-shirts, etc. and he was greeted at the airport by a delegation from our school. He and his family weren't exactly dressed for the weather. But they deplaned and we greeted them with posters and gifts. They got back on their plane after a few minutes. A big thanks to Casey and Matt for pulling it all together.

Wish granted.
