A PO is required to secure an order. Remit PO to rushbus@rushenterprises.com. Fees associated with any purchasing co-op are not included in pricing. Applicable co-op fees must be applied as a separate line item on the PO. Delivery terms are estimated 180-250 days ARO. Transportation Code Sec. 2251.021 Subchapter B.a. - Payment terms NET 30.

In light of ongoing supply chain issues related, in part, to the ongoing COVID 19 pandemic OEM build schedules and delivery time frames cannot be guaranteed at this time. Rush will make every effort to deliver a turnkey product as soon as possible from time of receipt of an order but any dates given are estimates only, not guarantees, and are subject to change at any time. Pricing is subject to adjustment at any time to offset Rush's increases in the cost of supplies or freight, or as a result of other charges imposed on Rush by its suppliers ("Price Adjustment"). At the District's request, Rush will provide documentation supporting such Price Adjustment. Price Adjustments will be passed through to the District by Rush at Rush's cost with no increase.

CARB Disclosure – State and Local Government

Purchaser understands and acknowledges that the vehicle(s) being offered for sale by Rush (“Vehicle(s)”) have been/will be built by the manufacturer to meet applicable environmental or health requirements, including but not limited to, regulations of the California Air Resources Board (“CARB Regulations”) and EPA, based on the state of registration or state of primary use as of the Vehicle’s build date (“Environmental Standards”).

For state and local governments, the state of registration and state of primary use is deemed to be, and Rush will sell vehicles to purchaser based on, the state where the purchaser is located. **Unless purchaser is located in California, Rush is offering Vehicles for sale to Purchaser that do NOT have a CARB-compliant engine.**

Vehicles that do not have a CARB-compliant engine do not currently meet standards for registration or resale to a purchaser located in the state of California and use of the Vehicle in California may not comply with the Environmental Standards in California, including CARB Regulations and the requirements of the California Health and Safety Code. Further, a vehicle operated in California may be subject to the CARB Advanced Clean Fleets (“ACF”) regulations. Therefore, a purchaser operating a vehicle in California could be subject to requirements to reduce emissions of air pollutants. For more information, please visit the CARB ACF webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.

If purchaser desires to register and/or primarily operate a Vehicle in California, purchaser must purchase a CARB-compliant engine (e.g. mitigated legacy engine or hardware compliant engine). Examples of “primary use” of a vehicle in a state include garaging or maintaining of a vehicle in a state, the assignment of a vehicle to a state, domiciling, controlling or dispatching a vehicle from within a state and/or significant use within a state. Purchaser acknowledges that the forgoing does not constitute an exhaustive list of uses of a vehicle that may constitute “primary use.” Purchase of vehicles with CARB-compliant engines are subject to availability.

Purchaser acknowledges and agrees that it will be solely responsible and liable for any alleged violations of any Environmental Standards arising out of its purchase, possession, registration, operation, reporting, resale or other use or disposition of the Vehicle(s).

(1) Includes subscription period for # of specified months. (2) Customer's use of RushCare Service is governed by the RushCare User Agreement located at <https://www.rushtruckcenters.com/rushcare-user-agreement>. (3) Customer's use of Telematics Services is governed by separate 3rd party license terms and Rush is not liable for the Telematics Service. (4) Gap Coverage is provided and administered by an independent 3rd party provider under a separate contract directly between Customer and the 3rd party provider.

Option 4	BBCV2311 43 Passenger seated for 42 Passengers	(\$2,439.00)

A PO is required to secure an order. Remit PO to rushbus@rushenterprises.com. Fees associated with any purchasing co-op are not included in pricing. Applicable co-op fees must be applied as a separate line item on the PO. Delivery terms are estimated 180-250 days ARO. Transportation Code Sec. 2251.021 Subchapter B.a. - Payment terms NET 30.

In light of ongoing supply chain issues related, in part, to the ongoing COVID 19 pandemic OEM build schedules and delivery time frames cannot be guaranteed at this time. Rush will make every effort to deliver a turnkey product as soon as possible from time of receipt of an order but any dates given are estimates only, not guarantees, and are subject to change at any time. Pricing is subject to adjustment at any time to offset Rush’s increases in the cost of supplies or freight, or as a result of other charges imposed on Rush by its suppliers (“Price Adjustment”). At the District’s request, Rush will provide documentation supporting such Price Adjustment. Price Adjustments will be passed through to the District by Rush at Rush’s cost with no increase.

CARB Disclosure – State and Local Government

Purchaser understands and acknowledges that the vehicle(s) being offered for sale by Rush (“Vehicle(s)”) have been/will be built by the manufacturer to meet applicable environmental or health requirements, including but not limited to, regulations of the California Air Resources Board (“CARB Regulations”) and EPA, based on the state of registration or state of primary use as of the Vehicle’s build date (“Environmental Standards”).

For state and local governments, the state of registration and state of primary use is deemed to be, and Rush will sell vehicles to purchaser based on, the state where the purchaser is located. **Unless purchaser is located in California, Rush is offering Vehicles for sale to Purchaser that do NOT have a CARB-compliant engine.**

Vehicles that do not have a CARB-compliant engine do not currently meet standards for registration or resale to a purchaser located in the state of California and use of the Vehicle in California may not comply with the Environmental Standards in California, including CARB Regulations and the requirements of the California Health and Safety Code. Further, a vehicle operated in California may be subject to the CARB Advanced Clean Fleets (“ACF”) regulations. Therefore, a purchaser operating a vehicle in California could be subject to requirements to reduce emissions of air pollutants. For more information, please visit the CARB ACF webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.

If purchaser desires to register and/or primarily operate a Vehicle in California, purchaser must purchase a CARB-compliant engine (e.g. mitigated legacy engine or hardware compliant engine). Examples of “primary use” of a vehicle in a state include garaging or maintaining of a vehicle in a state, the assignment of a vehicle to a state, domiciling, controlling or dispatching a vehicle from within a state and/or significant use within a state. Purchaser acknowledges that the forgoing does not constitute an exhaustive list of uses of a vehicle that may constitute “primary use.” Purchase of vehicles with CARB-compliant engines are subject to availability.

Purchaser acknowledges and agrees that it will be solely responsible and liable for any alleged violations of any Environmental Standards arising out of its purchase, possession, registration, operation, reporting, resale or other use or disposition of the Vehicle(s).
