**Regular Meeting - Board of Education**

**Date:** April 25, 2019

---

**Agenda Item #10. C.**

---

**TOPIC:** Approval of the Snow-Cold Weather Day Resolution

**BACKGROUND:**

The snow day relief law allows districts to count days missed because of snow as instructional days. If districts take advantage of the new law, certain requirements must be met.

- The board of a school district or charter school that canceled school on one or more days during the 2018-2019 school year due to health and safety concerns may count those days as instructional days for purposes of calculating the number of hours and days in the school year.
- If a school district *would not* have met the required minimum number of days and hours of instruction for students, it must report to the commissioner of education the number of days and hours that the district counted to meet the required days and hours of instruction. A district is also *encouraged* to adopt an e-learning plan.
- If a school board resolves to count a day that school was canceled as an instructional day, the school district must compensate employees and contract employers or allow the day to be made up on a designated day.

**PURPOSE OF PRESENTATION:** The purpose of this presentation is to provide the School Board and community with the specific benefits and requirements of the snow day relief bill as it pertains to our district.

**ACTION RECOMMENDED:** Approval
