

BUILDINGS/GROUNDS & TRANSPORTATION REPORT

Date: January 28, 2019
To: Board of Education
From: Jeff Stauder

BUILDINGS/GROUNDS

Facilities Committee

The committee met January 16th. Minutes from the meeting are attached to this month's board report. The next meeting is scheduled for Wednesday, April 10, 2019 at 5:30 p.m. at the High School.

Hand Rails High School

Hand rails on the high school bleachers are in bad shape and needing replaced before there is an accident. I presented a quote to the Facilities Committee for \$8,000 which includes 40 hand rails. It was agreed upon to go with the quote from Carroll Seating to replace them.

Extra cameras High School

Mrs. Adam has asked to look into additional cameras for blind spot areas in the hallways and in front of the building above the circle drive. I have initial plans and pricing and I plan to discuss this further with Scott Savage before the board meeting to have a better understanding of equipment and placement of cameras.

Jr. High Upgrades

Jr. High upgrades were discussed at the January facilities Meeting. I presented tentative numbers at that time due to GRP not having all the information back from the contractors. I did receive new figures on January 23rd and I hope to have the scope of work and solid figures before the Monday board meeting and we can discuss this in more detail. I have attached all documents regarding this project.

Transportation Report

Bus Lease

We will be having one of our wheel chair buses coming off of a two year lease in July. I would like to start looking at options to replace this bus as well as looking to the future. In 2020 we will have three more coming off of a lease that we will need to be looking at. I hope to have something to bring to the board in February.
