

**Exemption from Physical Education Activity**

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. **An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.**

Special activities in physical education will be provided for students whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents their participation in the physical education courses. State law prohibits the board from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee. A student requiring adapted physical education must receive that service in accordance with his or her Individualized Educational Program/Plan (IEP). **The Superintendent or designee shall maintain records that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.**
