- Bingo update - how many students participated
The high school is still in the process of completing Bingo. Middle school and elementary had good participation. Middle school implemented it as an assignment. It was optional in elementary and many started it but only one student finished with a Bingo. Staff played along and we had 8 people finish.
- Field trip updates - participation
8 student participated in our virtual field trip. I will add exact numbers for inperson trips after they happen.
- [EE spring update](#) for the board
The attached update was presented to the board.
- ELP updates and wrap up - I will send an outcome request form for end of year data to each person responsible for that data.
- Civic project update
Civic projects will move to J term rather than being housed in class or seminar. EE committee will prepare options for students
- Thought and changes for next year
EE meeting schedule changed to not meet on inservice days.
Work with MESS-E committee to create new goals for next year based in MESS-E projects
- End of year meeting?
I will send an update of where we are at towards the end of May and we will make a decision then about whether we should meet again in June. But not in the last few days of May because they are so busy and we need end of year data.
