HHS BAND PLAYS FOR STUDENTS AT HOMEDALE ELEMENTARY: Members of the Homedale High School band came to Homedale Elementary School last week and played several numbers for our student body. Our kids loved the performance! The band teacher, Mr. Ruben Rodriguez, even took the time to introduce our students to each instrument individually and the sounds they make. It was a wonderful introduction to our music program and will hopefully encourage our students to pursue music when they move on to the middle school!

ISAT TESTING WRAPS UP: Our 3rd and 4th grade classes are completing ISAT testing this week and next. More than 95% of our students have completed both the Math and ELA ISATs, with only a few that need to finish up. The testing window closes May 24th. Testing has run smoothly for both grade levels since testing began on April 15th.

UNIVERSITY OF IDAHO MAKES BUTTER WITH KINDERGARTNERS: A team from the University of Idaho visited our kindergarten this month to make butter with our students! Each student was given the supplies to make butter and were able to take home their creations to enjoy! We value our relationship with the U of I and are excited each time they visit our school to offer fun learning activities with our students!
