

Site Report – Nondalton – April 2024

To: Superintendent Kasie Luke
and LPSP School Board Members

From: Moon McCarley, Principal

Outstanding Activities and Events

- Three Nondalton students attended the Perryville Jamboree.
- Melissa Tucker hosted a family game night.
- Gwen Aaberg and Tava Kosburk will be graduating on April 26th

Personnel

- Faith Woodcock has left for the year and looks forward to returning in the fall as the elementary teacher.
- Tracey Thomas will be joining the Nondalton team as the special education teacher. Rick Rohlman will fill in for her when she is gone.
- Melissa Tucker has made a big impact in the short time she's been with us. While we wish she could return next year we're so glad she was here this semester.
- It's been a wonderful experience serving as the Nondalton principal for the past 7 years. I know the school will be in good hands with Colter Barnes as well.

Standards Based System/Curriculum Progress

- Ms. Tucker's class is having a great time learning while they fly through levels and pass end of level assessments.
- Mr. Blackwell's class is focused on finishing standards and earning credits. Most of the secondary students will be attending the April session of CTE.

Technology Progress

- Nothing to report

Facility Update

- As usual, our basement has had issues with flooding during the spring melt. Thanks to Rob Kakaruk, Darren Cartlikoff, and Shakim Blackwell, it hasn't caused any damage.

LSAC Activity

- Nothing to report.

Volunteer Report

- Nothing to report

Professional Development

- The Nondalton team uses Tuesday afternoons for team time. During this time we do collaborative planning or a structured professional development session.

Pupil Attendance

- The March attendance rate was 87%

Student and Staff Safety

- A lack of gutters has caused some serious ice build up at the entrances to several of the teacher housing units. This creates a serious safety issue. I've requested new gutters be installed over the summer.

Subsistence Calendar

- Staff and students are doing their best to address all learning needs within the shortened calendar.
