Confirmation of Existence of Hazardous Transportation Routes During 2018-2019 School Year

Under ordinary circumstances, the State will only reimburse allowable costs for transporting students who live one and one-half (1½) or more miles from their school.

Section 29-3 of the Illinois School Code provides that a school district may apply to the Illinois Department of Transportation to have an area of the school district that is less than one and one half miles from the school attendance center and connected to the school attendance center by no safe pedestrian route designated as a “Hazardous Transportation Zone.”

We recommend that you confirm hazardous conditions requiring the transportation of students, and approved by the Illinois Department of Transportation (IDOT) on January 20, 1981, July 27, 2000, August, 2001 and on July 12, 2017. These remained unchanged during the 2018-2019 school year.

IDOT Annual Location

Route 30

Route 30 for Lincoln Estates

80th Avenue

80th Avenue - Summit Hill Junior High School

80th Avenue - Walker Intermediate School

80th Avenue - Frankfort Square School

North Avenue

North Avenue at 78th Ave. - Indian Trail School

Lakeside Drive

Lakeside Drive & Thistle Lane

88th Avenue

88th Avenue and LaPorte

End of sidewalk (East side) to Dr. Julian Rogus School

Recommended Motions:

“I move that the Board of Education confirm the existence of hazardous conditions requiring the transportation of students which have been previously approved by the Illinois Department of Transportation for the 2018-2019 school year.”
