Re: Construction Re-bids – Johnson Upper Elementary and Holmes Middle School

As part of the 2013 bond issue, we will renovate Johnson Upper Elementary and Holmes Middle Schools this summer. It was necessary to re-bid the steel division of work for the construction project. We would like to discuss the responses received on this trade at the next Building and Site Committee meeting on Monday, February 22, 2016.

The RFB for the renovations projects for steel was made available on January 26, 2016. The bid responses were due on February 11, 2016. Plante Moran Cresa is currently reviewing the information. The process for evaluation will be in accordance with the criteria that were established previously.

The bid responses will be available in the Business Office conference room for any Board member that would like to look at the documents provided by the various firms.

On Monday, February 22, 2016 at the Building and Site Committee meeting Plante Moran Cresa will present the results of their evaluation to the Board of Education and provide recommendations for next steps in the process of selecting the vendors to provide the steel work for the Johnson Upper Elementary and Holmes Middle Schools construction project.
