Re: 2025-2026 School Calendar

Recommendation:

It is the recommendation of the Superintendent to approve the 2025-2026 School Calendar.

Background Information:

This calendar represents a return to normal for our calendar after a year impacted by construction. Here are some highlights :

- 177 school days - This is our typical year, one more than the state required number. It allows us to give a snow day/professional development day for staff if weather requires before using emergency days or e-learning days
- Teacher institute days August 18 & 19
- First student day - Wednesday August 20, 2025
- October 31st will be a teacher work day. Halloween/Fall Festival activities will be on October 30th. November 3rd will be a half-student attendance day, half-professional development, and extended conferences evening.
- Winter Break - Saturday, December 20th through Monday, January 5th (which will be a Teacher Institute Day). Students return Tuesday, January 6th
- Spring Break - Saturday, March 28 through Sunday, April 5th. Students return Monday, April 6th
- Potential last day of student attendance - Tuesday, June 2nd. Emergency days are available on Wednesday, June 3rd through Tuesday, June 9th
