

Special to the Tribune:

Browning, Nov. It is reported that Browning High School is making a drive for books for their Library. From the seventh grade up, the school has been divided into two groups, the 'Red' and the 'Black'. At the close of the drive this week, the winning side which has been able to gather the most books will be given a party by the losers. It is anticipated that a good number of books will be gotten in this way for the Library.

This is an annual affair in the Browning High School and has resulted each year in bringing a large number of good books to the school for public use.
