

Memorandum of Understanding
Between
Center Cass District 66 School System
and
DuPage County Sheriff's Department,
Notification of Exposure to Trauma

I. PURPOSE

The Larger Project. To further implement an initiative aimed at addressing children's exposure to violence and trauma. Childhood exposure to violence and trauma, without the right supports, is often associated with increased risk of poor outcomes in emotional, behavioral and physical health over the life span. Children exposed to violence and trauma are also at a higher risk of poor school related outcomes and are more likely to enter the criminal justice system later in life, which can contribute to generational cycles of violence and system involvement. This project directly addresses the goal of mitigating these negative impacts of exposure to trauma when it does occur, by providing support and on-site, trauma focused interventions by school staff and/or mental health providers, if necessary, to children identified by local law enforcement and school personnel.

Notification of Exposure to Trauma. Acknowledging the collaborative work already underway in the community around trauma and specifically around social and emotional health within the school system, this Memorandum of Understanding ("MOU") will focus on notification to the school system by law enforcement when a child is exposed to trauma in the home or in the community to enable the child's school to handle the child with care upon his or her arrival at school the next school day following the incident. For the purpose of this MOU, the phrase "exposed to trauma" shall be construed broadly and by way of example and not by way of limitation, shall mean and include any event where a child is a victim or witness, experiences or is involved in, or is questioned relative to, any of the following: the abuse of a family member, loved one, or pet; abuse or neglect; child custody, visitation or support or other domestic relations controversy where there is law enforcement intervention; community violence; the commission of a crime; loss of a family member or friend; an overdose; the arrest of a family member; racism or any other form of discrimination; homelessness; mental illness and /or substance abuse by a parent or caregiver; hospitalization or family illness; incarceration of a parent or family member; sudden, unexpected or frequent changes in caregiver, school, program or home life; natural disasters; or similar acts or experiences. Should a law enforcement officer

be uncertain as to whether or not to give notice to the school, judgement should be exercised in favor of notification.
