4121 - **CRIMINAL HISTORY RECORD CHECK AND EMPLOYEE SELF-REPORTING REQUIREMENTS**

Criminal History Record Check

To more adequately safeguard students and staff members, the Board requires an inquiry into the background of each applicant the District Administrator recommends for employment on the District's support staff. Any contracts with outsourced services, employment agencies, or temporary services must require such providers to conduct and retain a criminal history record check of individuals providing service to the District.

Such an inquiry shall also be made for substitutes who may be employed by the District ~~and for volunteers assisting District staff.~~

The District Administrator shall establish the necessary procedures for obtaining any criminal history of the applicant.

Should it be necessary to employ a person in order to maintain the continuity of the program prior to receipt of the report, the District Administrator may employ the person on a provisional basis until the report is received.

All information and records obtained from such inquiries are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications.

Employee Self-Reporting Requirement

All District employees shall notify the District Administrator as soon as possible, but no more than three (3) calendar days, after any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of the employee for any criminal or municipal offense.

The requirement to report a conviction or deferred adjudication applies to major traffic offenses (e.g., operating under the influence of an intoxicant or other drug, reckless driving, operating after suspension/revocation, failure to report an accident, refusal to take a breath test). Minor traffic offenses (e.g., non-moving violations, speeding, failure to yield, failure to obey a traffic signal, unattended vehicle, illegal parking) do not need to be reported.

However, if an employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff, other than the staff member's own family, in any vehicle they must report any traffic offense (not including parking tickets).

Failure to report under this section may result in disciplinary action, up to and including termination. All employment decisions by the District based on such information must comply with Wisconsin's arrest and conviction discrimination law.

4230 - **ETHICS AND CONFLICT OF INTEREST**

The proper performance of school business is dependent upon the maintenance of unusually high standards of honesty, integrity, impartiality, and professional conduct by Board members, and District's employees, officers, and agents is essential to the Board's commitment to earn and keep public confidence in the School District.

For these reasons, the Board adopts the following guidelines designed to avoid the occurrence or appearance of any conflicts of interest. These guidelines apply to all District employees, officers, and agents, including members of the Board. These guidelines are not intended to be all inclusive, nor to substitute for good judgment on the part of all support employees, officers, and agents. Support employees are expected to perform their duties in an ethical manner and free from an actual conflict of interest or from situations that create the appearance of a conflict of interest, in a manner consistent with 19.59, Wis. Stats. The Board's interest in enforcing this policy is to assure that the decisions and actions of public employees retain the public's trust. Therefore, even a conflict relationship that can be viewed as beneficial to the District or that was intended to be beneficial to the District, may still be a violation of this policy.

- A. No support employee, officer, or agent shall engage in or have a personal or financial or other interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with ~~his/her~~ the employee's, officer's, or agent's duties and responsibilities in the school system. Specifically, support employees must perform their duties in a manner that does not violate criminal conflict of interest laws pursuant to 946.13, Wis. Stats. by having a private pecuniary interest in an amount that exceeds \$15,000, but also lesser valued conflicts that nonetheless create the appearance of using one's public position to secure a private benefit.
- B. Support staff employees, officers, or agents shall not directly supervise a relative employed by the District or employed in a position contracted for by the District.
- C. Support employees, officers, and agents shall not engage in business, private practice of their profession, the rendering of services, anything of substantial or the sale of goods of any type where advantage is taken of any professional relationship they may have with any employee, student, client, or parents of such students or clients in the course of their employment or professional relationship with the School District.

Included, by way of illustration, rather than limitation are the following:

1. the provision of any private lessons or services for a fee, unless the provision of services is arranged outside of school and is separate from and in addition to regular support provided to students as part of the staff member's regular duties or the service is not provided to students enrolled in one or more class with a support staff member;
2. soliciting on school premises or under circumstances which are coercive for the private sale of goods or services to students or other employees;

3. ~~the use, sale, or improper divulging of any privileged information about a student or client granted in the course of the employee's, officer's or agent's employment or professional relationship with the School District through his/her access to School District records~~

the use, sale, or improper divulging of any privileged information about a student or client granted in the course of the employee's, officer's or agent's employment or professional relationship with the School District through their access to School District records;

4. the referral of any student or client for lessons or services to any private business or professional practitioner if there is any expectation of reciprocal referrals, sharing of fees, or other remuneration for such referrals;
 5. the requirement of employees, students or clients to purchase any private goods or services provided by an employee, officer or agent or any business or professional practitioner with whom any employee, officer or agent has a financial or other relationship, as a condition of receiving any grades, credits, promotions, approvals, or recommendations;
- D. Should exceptions to this policy be necessary in order to provide mandatory services to students or clients of the School District, all such exceptions will be made known to the employee's supervisor and will be disclosed to the District Administrator **before** entering into any private relationship.
- E. Support employees shall not make use of materials, equipment, or facilities of the School District for their own personal financial gain or business interest. Examples would be the use of facilities before, during, or after regular business hours for service to private practice clients, or the checking out of items from an instructional materials center for private practice.
- F. Support employees, officers, and agents shall not participate in the selection, award and administration of any contract to an entity in which they have a pecuniary interest or from which they derive a profit or in which a dependent of the employee has a pecuniary interest or from which the dependent derives a profit. "Dependent" includes the employee's spouse; unemancipated child, stepchild or adopted child under the age of eighteen (18); or individual for whom the employee provides more than one-half (1/2) of the individual's support during a year. A "pecuniary interest" means an interest in a contract or purchase that will result or is intended to result in an ascertainable increase in the income or net worth of the employee or the employee's dependent who is under the direct or indirect administrative control of the professional employee or who receives a contract or purchase order that is reviewed, approved, or directly or indirectly administered by the employee.

Support employees, officers, and agents may not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

However, pursuant to Federal rules, the School District has set standards for when an employee, officer, or agent may accept a gift of an unsolicited item of nominal value. For purposes of this section, "nominal value" means that the gift has a monetary value of \$50 or less.

- G. Support employees, officers, and agents must disclose any potential conflict of interest which may lead to a violation of this policy to the School District. Upon discovery of any potential conflict of interest, the School District will disclose, in writing, the potential conflict of interest to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

The District will also disclose, in a timely manner, all violations of Federal criminal law involving fraud, bribery, or gratuity that affect a Federal award to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

- H. Support employees, officers and agents found to be in violation of this conflict of interest policy will be subject to discipline in accordance with Policy 4139 Staff Discipline.

In the event that, within the course of administering a Federally funded grant program or service to the District, any employee that identifies a conflict of interest, a potential conflict of interest, or that the appearance of a conflict of interest may arise in the course of administering the Federal grant funds, the employee must immediately notify either the Federal agency administering the grant in a manner consistent with that particular agencies rules on conflict of interests, or the District employee directly responsible for grant compliance. Such notice shall be provided at the earliest possible time.

It is a violation of this policy to take action or to refrain from taking action, or for an employee to otherwise use his/her the employee's public position to obtain a financial gain or anything of substantial value for himself/herself oneself or his/her the employee's immediate family, as defined in 19.42(7), Wis. Stats.
